Spencer Police Hallowe'en Party Gala Success

SPENCER — Aided by almost perfect weather the annual police hallowe'en parade in Spencer was one of the most successful ever held. It is estimated that well over a thousand children entered into the festivities which included a line of march through the business section of town and a stage show at the town hall. This annual event is made possible through the work of our police department and the generosity of Spencer merchants and residents. It is a real old fashioned community affair and is proving to be successful in confining the youthful energy to other than destructive channels.

Armistice Sunday At St. Mary's Church

SPENCER — Sunday, November 5th, is Armistice Sunday and will be celebrated with church services at the St. Mary's Church. All members of the American Legion are urged to meet at the Legion home at 9:00 A. M. to form for the church services. Members of the VFW will meet at their quarters in the Sugden Block at 9:00 A. M. It is not necessary to wear uniforms in order to attend the mass with members of the veterans organizations. All veterans should make an effort to attend the services.

Suffers Fall in W. Brookfield Home

WEST BROOKFIELD — Lewis Gilbert was the victim of a bad fall in his home recently. Fortunately no bones were broken but he was badly bruised and shaken up. He will leave West Brookfield next Wednesday morning by motor, with his daughters, Miss Jessie Gilbert and Mrs. Edith Richardson, for their winter home in Tampa Florida. Mr. Gilbert is 90 years of age and will vote on Tuesday for the sixty-ninth year having cast his first vote for President Garfield in 1881.

West P.T.A. Presents School Footballs

WEST BROOKFIELD — Last Thursday evening at the P.T.A. meeting the posters made by the children on the Halloween theme were on display. A football was presented by the organization to both the School st. and the Milk st. schools. Because of the Thanksgiving holiday the next meeting will be pushed ahead to November 30th at eight o'clock, in the Congregational chapel.

Lions Club Show At North Friday, Brookfield, Sat.

"Lions arrayed in the attire of lambs" will highlight the dual benefit showing of "Aunt Silly" in the Town Halls of North Brookfield Friday night and Brookfield Saturday night. The feature of the evening of hilarity will present local club members in a "Business men's review in which Lions will show what happens if men dressed as women do."

In addition to the 3-act farce comedy, results of the baby show will be announced and several specialty numbers will be presented. Included in the cast are Edward Young, Joseph Stackpole, Elwin Ploof, Dick Allen, Raymond Haire, Mrs. Frances Haire, Betty Haire, Mrs. Rufus Streeter and Joan Barrows.

Specialty numbers will be presented by Gail Johnson, Jane Cournoyer, Paul Gadaire and Robin Love. High School girls from both North and Brookfield will have parts in the production which is under the direction of Miss Libby Cheshire.

The play has enjoyed a successful career of benefit performances throughout the United States, Canada and Mexico. Proceeds will go into the Lions club Civic Project fund from which scholarships and charitable work throughout the Brookfields is carried on. William Boleshaw and Edward Young are in charge of the event.

Brookfield Lions To Hear Staves

BROOKFIELD — Senator Edward W. Staves, Southbridge, will be guest speaker at the meeting of the Lions club tonight (Thurs.) at the Crossroads. Following a talk on state government and the activity of the Legislature, an open forum will provide opportunity for members to inquire into some of the little-known work and responsibilities of the Senator.

The main feature will be preceded by a short address on Question No. 5 to appear on the election ballot for Nov. 7th.

President Stanley F. Kelley will preside at the brief business meeting during the dinner. Club members will be asked to act on recommendations made by the board of directors.

West Musician To Direct Concert In Leominster

WEST BROOKFIELD — Kenneth Simmons of West Main st. organist at Old South Church in Worcester, will direct the second annual concert of sacred music to be given this coming Sunday evening in the Methodist Church in Leominster. He will also preside at the organ.

The combined chorus number-

ing about 80 voices from Fitchburg, Westminister, Worcester and Leominster will sing four numbers: "Praise My Soul to King of Heaven" by Andrews; "God Be in My Head" by Davies; "Thou Shalt Bless My Soul" by Williams and "A Blessing" by Shaw. Mr. Simmons will give a half hour's organ recital. The service will start at seven o'clock and the public is invited.

BABSON DISCUSSES

ELECTIONS AND WHERE MONEY IS SAFEST

BABSON PARK, MASS. — In the even-number years, such as this, the spotlight — even locally to some extent — is thrust upon candidates for the U. S. Senate and the House of Representatives. Yet, the ballroom of congressional campaigns should never divert our attention from our local state elections.

IMPORTANCE OF THE STATES

While the results of contests for places in our national congress will virtually affect all of us, we cannot afford to ignore our state elections if we expect to preserve the Federal System which our forefathers carefully planned and for which they sacrificed so much. We should be intensely interested in seeking men of the highest ability, integrity and foresight as our representatives at the capital of each individual state. The legislation enacted in the States and administered by the governors surely determines the stability of our Federal System.

The times are now so serious and the adjustments we must make in our economy are so many and so delicate that every mediocre state government impairs the welfare of the whole country. Recent trends from democratic forms of government to dictatorship have occurred only in those nations where mediocrity and sometimes downright stupidity have prevailed in local and national government circles. In all such cases, this mediocrity and the stupidity of the government officials can be traced to indifference and sheer laziness on the part of the people as a whole.

NEED FOR ABLE GOVERNORS

When I was a young man, the office of governor of a state was a highly honored one. In those days, even the governors of our sparsely settled mountain states, which had so many money problems, had too much good American pride and common sense to go to the Great Father in Washington with hand outstretched, seeking financial aid. In those days, the state were independent and proud of their independence, and well run.

This year 32 of our states will elect governors and 11 of these governors will serve four-year terms. I am a statistician, not a politician. I have no political axes to grind. However I strongly urge upon businessmen and investors the importance of voting for good men in the selection of governors and other state officials. Capable men are much needed in these state offices as in the national government in Washington. Sometime, in the not too distant future, the present business boom will be over. When that time comes, we shall have need of strength in government at the state, as well as the national level.

OUR STATE LEGISLATURES

Congress now overshadows our state legislatures, particularly in troublous times like these when so much of our attention is focused on foreign affairs. Yet, this is no reason why we should neglect our state legislatures as we do. We ought carefully to select worthy men to represent us at our State Capitals. When we do elect them, we should see to it that they do our bidding. It is shocking to observe people failing to vote and even ignoring the work of the state legislature after voting. Yet, in states where the legislature meets in a large city, a mere handful of citizens will attend public hearings on very important pending measures. This is a crime against democracy.

Perhaps, we could arouse more interest in our state governments and actually achieve better government if legislative hearing were held at more convenient times. Such hearing are now held on weekdays in nearly all states. Only eighteen states regularly hold public legislative hearings during the early evening hours. Twelve other states hold evening sessions for very important hearings. Does your state hold night hearings at a time when working and business people would be free to attend? Saturday is the one day in the week when farmers could pay special attention to the problems of state government, yet only eight states regularly hold legislative hearings on Saturdays. A more intelligent policy in this regard would make for better business, safer investments and hence better wages. I recently decided to deposit money in the safest sections of the U. S. I selected banks in the capital cities of twenty interior forward looking States.

Tribute To Baseball's Grand Old Man

After 49 Years with "A's" Connie Mack Steps Down

By Henry Grabert

NORTH BROOKFIELD — It is only fitting and proper that we reserve a portion of this week's edition to one of the most beloved figures in America, the one and only "Connie Mack", known as the "Grand Old Man of Baseball". Recently the great manager of the Philadelphia Athletics, retired after forty-nine years of service. From the youngest child to the oldest, "Connie Mack" is first, last and always as far as the diamond sport is concerned. Especially here in the Brookfields the future big-league adopted his name in the league that has flourished in the past few years.

As we turn the pages of history back a few years we find this six feet and two inches of true American manhood in his boyhood home in East Brookfield located near the railroad tracks, where today a brakeman still flags the motor-cars at the railroad crossing. Mr. Mack's father was fighting with the Union Army when Connie was born during the Civil War. After the war Cornelius joined him in the mill when he was nine years of age. When he was fifteen, he went to work in the Old Batcheller shoe factory. In 1882 he was the regular catcher on East Brookfield semi-pro club. Two years later when Connie and his baseball warriors walked to North Brookfield to play on the local common.

One of the notable games played in these parts took place between the two towns at Oakland Gardens in Brookfield before a record crowd, and baited clean-up and secured one of the four hits. Such stars as Danieles, Doyle, Lamour, and Pat Carter played for the North for the "Silver Bat". In Fay's hall in East Brookfield a big party took place celebrating the victorious event with the presentation of the prize bat. From the local common and the sand lot diamond at Meriden, Conn. and made his first reputation as a professional star. Later he went to Hartford and the Washington Nationals for he was in those days considered one of the best receivers in big league history. Later with Pittsburgh he finished his career as a political axeman. He bought the franchise of the Milwaukee team of the Northwestern League and became a full fledged owner and manager. From that point on his rise was rapid and spectacular and when the American League came into being he was ready for the opportunity that offered, and acquired the ownership of the Philadelphia team and was its manager.

Although his tactics have been daring they have been sound and he has built championship teams. Through the years he has been a great manager and made the Athletics a colorful team. A familiar sight it was to see this tall and erect manager sit in the dugout and direct his players with a score card. His boys respected him and always held a genuine affection for him, because at heart he was as young as they were. Like a magician he changed his players for the good of the team and

HAPPY HUNTING and FINE FISHING
By Lee Matthews

MASSACHUSETTS FISH AND GAME ASSOCIATION

This Association stages the annual grouse dog field trial between shooting dogs and field trial dogs as a conservation measure. It keeps abreast of marine developments, especially those affecting sports fishing, and informs interested members of these developments. Instigates programs designed to increase or better manage our saltwater resources, keeps members informed on the status of freshwater fishing, on developments affecting our freshwater fishing such as dam improvement, pond management, etc.

BIG BEAR HUNT?
I don't know how many readers saw the pictures on pages 26 and 27 of LIFE, issue of October 30th. But I hope you did see it had the same feeling that came over me. How men with at least four dogs roped a bear cub in a tree took it out on the prairie, let the dogs harass it for a time until, according to the article, "it was no longer much fun to do it, a physician using a rifle with telescopic sights advanced to within 12 feet of the bear cub, which was by a noose and boldly shot it dead."

All I can add to this is that they were definitely not sportsmen. What a lesson for juniors!

POOR HUNTING — IT'S THE WOMEN'S FAULT
So claims Lee M. Schoen in the Farm Journal for November.

"No sir, bird hunting isn't what it used to be. Do you know who's to blame? The women folks, that's who! Remember when a woman just had to have a red fox scarf? When the little woman turned her back on fox fur, buyers quit buying, trappers stopped trapping, foxes took to raising bigger families, and foxes have to eat, birds, rabbits etc."

Some states offer bounties. But let me tell you, they won't even make a dent in foxes that way. But some day you may hear, "Darling, could we maybe afford one of those gorgeous red fox scarfs? Man, that's the day you can get down your gun and start cleaning it up. We'll have good hunting again."

For the benefit of my many fox hunting friends I refer to an item from old Erin: Farmers in Ireland who turned enthusiastic huntsmen 10 years ago and virtually wiped out foxes in many areas, now think they made a mistake. Reason, foxes eat rabbits and today Ireland is threatened with a bunny plague.

Massachusetts had 2,032 forest fires, which caused estimated damage of \$93,578 and burned over 9,381 acres of land during the last fiscal year. It cost \$55,231 to extinguish the fires. 354 of these fires were laid to careless smokers. Keep your state green. PREVENT FOREST FIRES!

SOUTH BARRE ROD AND GUN CLUB

The South Barre Rod and Gun Club at the November meeting voted to hold their annual dinner on Tuesday, Dec. 12th. The supper will be in home cooked style and will be served by the Men's Club of New Braintree.

An entertainment will follow the dinner and as the demand for tickets is expected to be heavy, it would be well to obtain yours early. Tickets may be secured from the committee: Bob Phipps, Chairman; Marty King; Harry Hindley; Earl Sample, or Tommy Ingie. The affair will be held in Florence Hall, So. Barre.

Sew your own fashions
BY NANCY COOK
ANS Features

Like the red and gold of autumn leaves, it is accessories that turn the sturdier fabrics and fashions of fall into glowing costumes. We find the fall accessory picture emphasizes the increasing importance of velvet-textured corduroy in jewel colors of coral, gold, turquoise, or ruby. These accessories, designed to team specifically with this season's newest silhouette, are as easy on the budget as they are on the eyes.

Whether it's a clever pillbox hat and bag of corduroy—or a belt and bright scarf—your costume needs, you'll find a wonderful color selection of corduroy fabrics at your local Singer Sewing Center. There, experts will be happy to advise you on color and pattern selection, and give you lots of help, too, on the sewing shortcuts and stitching that give a professional-like finish to your handiwork.

For this hat and bag, for instance, vivid green corduroy was selected to spark a monotone two-tone suit. So, even if you're just a beginner seamstress, you too can brighten your fall wardrobe with a variety of smart new accessories.

Turkey Whist at Podunk Chapel
EAST BROOKFIELD — The annual turkey whist party given by the Podunk Community Club will be held in the Podunk Chapel at Saturday evening, November 18th at 8 p.m. This party is an annual event as a means of raising money for the Christmas party for the children in the Podunk area. The chairman of the committee is George McCallis, assisted by George Payne, Mr. and Mrs. Richard Middle of Sturbridge, Mr. and Mrs. Herbert Batchelder, Marion Thomas and Mr. and Mrs. John Thomas. A door prize will be given, also prizes for best score for gentlemen and ladies. Refreshments will be served.

West Brookfield
 Mrs. C. N. PROUTY
 Word has been received from the Lewis Gilbert family that they arrived at their winter home in Tampa, Florida last Saturday. Extremely hot weather greeted them.

The Wesleyan Guild of the Methodist Church met last Tuesday evening at the home of Mrs. Warren Greist of West Main street.

On Wednesday at 5:30 the Junior Youth Fellowship Group met with their leader, Rev. Robert Mat. Congregational Church as their guests. At 6:30 the intermediate group held their meeting with Mr. Matthews.

Mr. and Mrs. James DeNorman and daughter Alice, of Lincoln, Mass., spent the weekend with the Newton Proulx, of West Main st.

Mrs. Roy Cunningham of Westminster will direct the senior sewing group of the girls 4-H Club this coming year.

The selectmen held last Tuesday, a special town meeting at eight o'clock in the town hall and voted to appropriate \$3300 from the road machinery fund to purchase a new truck for the highway department. The vote was then taken to authorize the selectmen to buy a truck, the cost not to exceed \$3,200.

Lions International Vice-President To Speak At Leicester Conference

Lion Harold Nutter of Camden, New Jersey will address a gathering of the Leicester Lions Club members at Hillcrest Country Club, Leicester, November 26. He is first Vice-president of the world-wide service organization, having been elected at the Lions International convention held in Chicago in July, 1950.

His background in Lionism is brilliant as is the performance of his present duties. He previously served as second and third Vice-president and as International Director from 1943 to 1945 and 1946 to 1948. Prior to that, he was Chairman of the Board of Governors, having been elected to that office at the Toronto convention in 1942.

Vice-president Nutter is a master key member of the Camden club and since becoming a member in 1931 has served his group as vice-president, president and director. In the district organization he served as Deputy and District Governor and as District Governor of the entire state of New Jersey. He holds a 19-year perfect attendance record.

Top-Notchers On North Hoop Squad

Listed on the roster will be big John Mahoney, 6'8" star from Worcester and George O'Connor, 6'4" star of last year's A.L.C. team of Springfield. We have local stars namely, Albert Surprenant, Edward Lynde, Robert McCarthy, Phil Klimovich, Arnold Flammard, Teeny Morrison, Robert Cone and Edward Harding. Anyone around these parts who would like to try out for the club can do so by contacting the manager by telephone.

Prune Pie Makes Economical Holiday Dessert

Prunes, we know, are good for us, and make particularly fitting fare for small fry. Besides, they're plentiful and economical. And even this elegant chiffon pie is economical, for it's one of the delicacies so easy to concoct with the new gel-cookery methods utilizing unflavored gelatin.

A good and glamorous selection for an autumn dinner dessert, it's one that will tax neither your time nor funds.

Prune Chiffon Pie

1 envelope unflavored gelatin 1 tablespoon flour
1/2 cup water 1/2 cup cooked prune liquid
1/4 cup sugar 2 tablespoons lemon juice
1/4 teaspoon salt 1/2 cup chopped, peeled prunes

Soften gelatin in water. Mix together sugar, salt and flour in saucepan; add prune liquid. Cook, stirring constantly until mixture thickens. Remove from heat; add gelatin, stir until dissolved. Add lemon juice. Chill until slightly thicker than unbeaten egg white. Beat egg whites until stiff. Stir in chopped prunes. Whip evaporated milk. Fold gelatin into whipped milk. Turn into 9-inch baked pie shell. If desired garnish with whipped cream and pieces of prune. YIELD: 4-6 inch pie.

HAPPY HUNTING and FINE FISHING

By Lee Matthews

POOR LAND — POOR HUNTING

(Note) — An American novelist turned farmer, Louis Bromfield has been arousing all who will listen in his fight for conservation. In his vigorous speeches from coast to coast, and most of all by the yields he has produced with modern methods on his own Ohio farm, he has shown that run-down, eroded acres can be transformed into fertile productive fields. In the Ohio Wildlife Council, and this chapter (condensed version) is one from his new book, "Out of the Earth."

Soil Conservation Chief Hugh H. Bennett is responsible for the saying that "poor land makes poor people." He might well have added that "poor land makes poor hunting and fishing" for one will not find good fishing where the streams are filled with silt, nor in sandy country where lake bottoms contain little vegetation and the water little or no plankton or the minuscule animal life which provides the major part of the diet of many varieties of fish. All kinds of game from the humble cottontail to the noble deer abhor worn-out land where the soil has been depleted, or the level of agriculture has become so low that the mineral fertility is no longer available to the vegetation. Science has countless examples of the power of animals to discern and avoid mineral deficiencies and to correct those mineral deficiencies by the most desperate means. Professor William Albrecht, University of Missouri, in his five year study and the experiment of the blind mule at Ohio State Agricultural College both proved and demonstrated the power of animals to discern and avoid mineral deficiencies and to correct those mineral deficiencies by the most desperate means. The Ohio State Division of Wildlife, which is concerned mainly with fish and wildlife propagation and habitat, has long been studying the relation of game and fish to their habitat in the state. The cottontail provides a problem with which the game commission struggled for years. He leaves the poor farmer for the nearest good farm, he leaves the depleted areas for the easy, rich living of the suburbs where the gardeners are fond of and given abundant compost and other organic material. Experimenters have shown beyond dispute the evil effects of mineral deficiencies, and in particular lack of calcium, upon the breeding capacity of rabbits. Dr. Albrecht found that rabbits fed on forage grown upon calcium-deficient land failed to breed, but that when with sufficient calcium content they bred easily and rapidly. When fertile rabbits were changed to forage deficient in minerals and calcium they ceased to breed. It is probable that 50 percent of the rabbit population are living in the garden areas of suburbs and small towns. This is true of many other states. A great extent deer have also taken to suburban living. In Ohio the largest deer population will be found in Northeast Ohio, an area of good farms, truck gardens, and nurseries, rather than in the half wild hilly country. Apparently deer, like the cottontail, know where the good forage grows and are willing to risk the menace of dogs and feral farmers in order to obtain really nutritious food. A peculiar situation arises in the case of the deer. The city limits a small deer herd took to living off the well-cared-for plants and shrubs of a large cemetery. The climax came when they developed a taste for the floral offerings freshly placed on new graves. They finally perfected the tactic of watching the funeral from a distance and waiting until the mourners drove away. Then they devoured the flowers. Complaints from bereaved relatives and friends forced the Division to take action.

BUFFALO BILL'S RIFLE

A model 73 rifle (Winchester) made in 1893 and used by William F. Cody (Buffalo Bill) is now the property of two sisters in Springfield, Mass. The rifle was presented by Buffalo Bill to Bobbie Campbell Adams, when he was five years of age, following a performance of a wild west show at Madison Square Garden. Bobbie must have experienced a thrill from the gift comparable to the same gift today from Roy Rogers, Gene Autry or Hop-a-long Cassidy. Officials of the Winchester Co. say it is in as fine a condition as any gun its age they have ever examined. It has silver-plated barrel and magazine, and a stock and forearm of choice American walnut.

BARSON DISCUSSES DRUG STOCKS

BARSON PARK, MASS. — In view of a report in the Commercial and Financial Chronicle, America's leading business weekly, that I have recently been putting my hard-earned pennies in a certain drug stock, many inquiries have come to me asking the reasons. Hence, this week let me give ten reasons therefor.

(1) Drug stocks fare well both in times of peace and war. In these uncertain days, when our country is "hot" and "between", the wise investor will not gamble on either peace or war. He will invest his savings in an industry which will be safe in either case.

(2) Some great new discoveries which may protect our families against arthritis, and perhaps cancer are "on the way". As these come along drug stocks should boom as television and electronic stocks boomed last year.

(3) The chemists and pharmacists of drug companies are given special consideration in connection with labor laws and perhaps the draft itself. They are recognized as important workers and entitled to such exemptions from rules and regulations as are possible to give.

(4) Drug stores are permitted by law to be open any number of hours per day and seven days a week including Sundays and holidays. As the modern stores have lunch counters, this long opening period is a public convenience as well as necessity.

(5) Drug stores usually have the choicest locations in a city at corners, or adjoining bus stations or at otherwise frequented localities. Instead of owning the property, they rent so as to be able to move as the trading areas of the city change.

(6) Drug companies are constantly increasing their lines of merchandise which is no longer limited to sick-room needs. From electric heating pads and gadgets for warming baby's milk, modern drug stores now carry most all home electric appliances and, in addition, an unlimited variety of household supplies.

(7) The public likes to buy at drug stores whatever these stores carry, both on account of the higher quality of the merchandise and intelligence of the sales clerks. For several reasons the drug industry insists upon higher standards for their employees than any other group.

(8) Earnings of drug stocks are now temporarily depressed due to the industry's overexpansion during the past five years and the need of new capital to pay therefor. This fact should now make such stocks more attractive to the wise investor than other stocks which are, at the moment, very popular.

(9) Drug companies, like other good merchandising corporations are especially good hedge against inflation. The capital of such companies is almost wholly invested in commodities which rise in price as the purchasing power of the dollar increases.

(10) There is also another personal reason for my investing in drug stocks. I have been most successful when investing in stocks of companies which are saving life or property and thus performing a national service. Certainly, the drug industry is both saving lives and improving the health and happiness of every community.

I even look forward to the time when humanely-minded persons who now seek positions in social service, or in educational fields, or even in church work will see the great opportunity for helping others by serving in a high grade drug laboratory or store. When this time comes it should give the industry a very high standing which could result in a much greater volume of sales at a larger margin of profit.

Just a word regarding merchandise stocks in general. I believe that most "store stocks" are preferable to "manufacturing stocks". I hope to see the Dow-Jones Industrial Averages divided between these two groups. Investors will be greatly surprised when this is done. Finally, for several reasons - I prefer the "Chains" to the large Department Stores - whether they are drug chains or variety chains or shoe chains. Moreover, chains which sell to women have better records than chains which sell only to men.

North Brookfield Plans 11-Year Sewer Program - Details Completed

Contest at Leicester Town Hall

LEICESTER — A baton Twirl competition sponsored by the Leicester Schools All-Girl Drum and Bugle Corps, will be held in the Leicester Auditorium Sunday afternoon, December 3rd, starting at 2 o'clock.

This contest will be run under the rules and regulations of the Massachusetts Fife, Drum and Bugle Association. Decision of the judges will be final. Any twirler, whether affiliated with any musical organization or not, may enter. Those having their own records or wire recordings may use them if they so desire. Entries should be mailed to Robert F. Newell, 131 Main St., Leicester, Mass.

Prizes will be awarded for first, second and third in the juvenile, senior and senior classes for both boys and girls.

Brookfield Buys New Truck

BROOKFIELD — The new truck which was ordered last week, arrived Saturday, November 26th, and demonstration was held Sunday afternoon last at 2 o'clock.

The truck has a five hundred gallon pump, carries five hundred feet of two and one half inch hose, and five hundred feet of one and one half inch hose. Also is equipped with a wet water injector. Fire Joseph Lowkes, under whose direction the test was made reports the new truck is an excellent piece of fire fighting equipment.

The truck was purchased from Max Motor Company of Middleboro, Mass., who furnished the pump and assembled the job. The test is made by the Ford Motor Company. It passed the Fire writer's test before arriving in East Brookfield. The purchase of this truck was authorized at the town meeting held last week.

Lions Club Paper Drive Sunday, Dec. 10

The Lions Club of the Brookfields will conduct a paper drive Sunday, December 10 at 8 a. m. It was announced by Sterling Adams, chairman of the club activities committee. The drive for newspapers and magazines will be conducted throughout the four Brookfields and all donations are gratefully accepted. To facilitate handling of the waste paper, it is urged wherever possible, to have the tied bundles near the sidewalk in front of the homes. Trucks with crews of volunteer workers will cover all streets in populated sections of each community.

Proceeds from the drive are the backbone of the Lions charity and community service programs. Scholarships, Pro-Merito pins, eye glasses for needy pupils, life-saving equipment are but a few of the projects carried on continually by the service group.

BARBON DISCUSSES PRICES AND PROFITS

Q Q

BARBON PARK, MASS. — The uneasy international situation plus a continuing rise in the cost of most goods and services has quite naturally focused attention on profits. Unfortunately, it has also revived the dangerous and widespread belief that business, big and little, is profiting excessively at the expense of wage earners.

LOOSE TALK IS CONFUSING
It is perfectly true that there are firms which do profit unduly at the expense of the employees and the general public, just as there are some individuals ever ready to lie, cheat and steal. But the recent record of American business generally in this regard is an honorable one worthy of defense. Yet, when costs go up, our first impulse is to blame the greedy manufacturer because we believe he is taking advantage of us. Labor unions then take up the cry of "excess profits" as they agitate for higher wages. Meanwhile, an ever growing share of the really substantial profits of American business is being drained off by government in the form of federal, state and local tax levies. If even one half of the time, money and energy which government, management and labor spend in foolishly antagonizing each other were to be spent in a united effort to curb waste and increase production, we would soon have a far higher standard of living than we now enjoy.

STOCKHOLDERS ARE HUMAN
The truth is Uncle Sam has now become so adept at piling tax upon tax — and squandering so much of the money which he takes in — that the average corporation stockholder is really just another "laboring man." Those who invest their money in common stocks enable companies to produce more efficiently and reduce prices. This further enables these companies to pay fair wages while at the same time to make substantial federal and local tax contributions.

There are times when labor unions have some legitimate complaints, but I know that labor unions are barking up the wrong tree when they attack stockholders as a class. They forget that the ownership of stocks in now pretty well spread over all the elements of our populations. In fact, I am certain that the percentage of wage workers who are actually stockholders is very large. It is no longer rare to find even labor unions investing in industrial stocks. They know that now an additional investment of close to \$10,000 is needed to give a new man a job.

WHY BLAME MANUFACTURERS?
When costs go up, there is a widespread tendency to make manufacturers and storekeepers the scapegoats, just as there is a false notion that the latter receive a disproportionate share of the retail price. Doubtless our distribution system is wasteful in some respects, but it has gone a long way in the creation of the mass markets which make possible mass production. I do wish that more people knew how this distribution system ticks and how much it costs. For example: Bread and a number of other food products cost much more to market than the part of the total retail price to consumers which the farmer, the miller and the baker receive. Everyone should realize that a good slice of the cost of every item consists of taxes, transportation, rent, and salesmen's wages. These expenses are not subject to daily or weekly changes as are raw materials.

A SUGGESTED REMEDY
No single group is entirely to blame for high costs and high prices. The chief culprit is government, but we all share in the blame for government's mistakes. Year by year, larger and larger sums of money are being taken away from distributing organizations through taxes. Far too much of this money has been and is even now being spent in functions which increase the cost of living.

This can lead to the kind of socialism which has put once powerful England in the sorry plight where she is today. This same policy is killing our incentive and will demoralize our whole employment structure if we do not force our political bureaucrats to abandon it. We became a great nation because we were willing to continually invest money in productive purposes. We were eager to risk our savings because there was hope of profit, for that would lead to the destruction of the nation itself.

SMALL BUSINESS

Small businessmen seeking de-
tails of the new Federal Reserve
Act are saying that they are confused.
"But," they report, "no con-
fusion as we go, it is making
sense to the confusion we
find in business."

Here is an example of how this
feeling of confusion is created.
The Federal Reserve Act of
1935 is quite clear. The Act pro-
vides explicitly what agencies
should have the power to set up
priorities and allocations.

Yet, an agency not given that
authority, the Rubber Reserve
Section of the Reconstruction Fi-
nance Corporation, has through
some unknown means, taken over
the allocation of "Camelback,"
used by small business engaged
in repairing and recapping tires.

Justification for this move of
questionable legality by which a
bureau seizes new powers is
based on alleged "know-how" on
handling allocation of this material
without inconveniencing the
public or industry.

But the rule for allocation of
this material set up by the Rub-
ber Reserve Section of the R.F.C.
is held to be quite elastic, indeed.
For example, for anyone to get
an R.F.C. loan, it is necessary for
the applicant to establish credit
responsibility.

But the reverse is true to secure
an allocation of tire servicing
material from the R.F.C. The
applicant to qualify for an alloca-
tion must first prove irrespon-
sibility and show that his finan-
cial position is precarious, or even
insolvent, and so on.

This has led observers to com-
ment that the R.F.C. is writing
new social doctrine.

©National Federation of Independent Business

Other examples of bureaucratic
fantasy are creating extensive
comment; may result in a full
scale investigation after elec-
tions.

A contract for 100,000 steel lock-
ers has been awarded to a large
tire manufacturer with no qual-
ifications for the work. Through-
out the nation there are thousands
of small steel fabricating firms
who could have handled the or-
der as a routine matter.

Other evidence shows that the
time-honored American practice
on all public purchasing from lo-
cal school boards to national bu-
reaus, has been thrown out the
window. That practice is the well
established one of advertising
contracts for the lowest bids.

But Robert E. Howard, Chair-
man of the Munitions Board, has
already gone on record with a
statement that 90% of this year's
munitions buying will be done
by negotiated contracts. He said
there is no need to pamper small
business.

This statement, observers say,
is very significant. The involved
mental processes of bureau policy
makers have arrived at the con-
clusion that securing the lowest
possible prices is really, after
all, merely "making" small
business.

But at the same time, wide
publicity is being given to the fact
that the cost of increased costs,
the recent defense appropriations will
not buy as much as they were in-
creased by. In World War II the
G.I.'s had a word for it: SNAFU.

Sewer Program

(Continued from Page 1)

The town can assess an annual charge for use of the sewer to every person who enters his sewer therein. This charge is established by the selectmen and the money can be used for maintenance, repair, or any debt contracted for sewer purposes such as a sewer extension. The town can assess the abutters along a street by frontage or area, to pay a portion of the cost of new sewer lines. The sewer in that street, provided the entire town pays not less than one-fourth nor more than two-thirds of the cost of such a sewer. The town can charge the owner or occupant of a building for the connection from the pipe to the street pipe. Several meetings have been held relative to this section of the construction charge and it was agreed that it be eliminated, in fairness to all concerned.

There are at the present time 210 now connected to the system with 1125 that can be connected. By next July 1, all will receive sewer assessments. The town is only required according to the laws pertaining to the above, and notices sent out to connect to the system. These 125 houses now empty their sewage into septic tanks or directly into about 1.6 miles of covered surface drains which discharge into Moore Brook. This past year a sewer line was constructed along Forest street, with these additions to be included for assessment.

The existing sanitary sewer system has no catch basins draining to it, but roof leaders have been constructed. In 1948 plans were prepared under Federal Appropriation for about 2 miles of gravity sanitary sewers to care for the unsewered built-up area of Town Brook. No construction has taken place on this project, so the existing sanitary sewers still drain through about 0.6 miles of covered surface drains into open ditches leading to Coy's brook. Test borings

were made near Ward street where the planned sewer would be fairly deep to eliminate a pumping station and these borings showed no appreciable amount of ledge.

The only other built-up area of Town Brook is covered by a sewer drain or open ditch, but not by sanitary sewers, is the Walnut, Arch, Mill and Elm street section. It would take about 1 mile of interceptor and lateral sewers to care for this section of town. It is also recommended that the town use all money from assessments for use of sewer construction extending the present system.

The order is as follows: Forest, St. John and Bennett streets, 1948 plans, North Main at extension and Walnut, Arch, Mill and Elm streets. This order of construction has been selected on a basis of the sewer system problem in the town. The estimated construction cost will fluctuate through the years. The town appropriate a sum annually, approx. \$3,000 for sewer construction. The town will use its own forces to do the construction work under this program, since it is in small pieces and the hiring of an outside contractor would not be as economical or as advisable. Such a program will completely eliminate the sewer system problem in about eleven years. The estimated construction cost will fluctuate through the years.

It is hoped that on and after the 12th year, the annual charge for use of the sewer be maintained approx. 50% of the originally planned charge. The program will not be too great a financial burden on those served by the sewers, or the taxpayers residing outside the sewer area. The Diagonal Plant recently constructed was planned, approved by the State Dept. of Public Health and constructed with Federal Appropriation when the sewers were extended.

Turkey Award Takes Wing at North

NORTH BROOKFIELD — One of the books "Joe" Poulin of Forest street who by the way is a World War I veteran was one of the lucky winners at the turkey awards held by the Sportsmen's Club last week. It so happened the prize was a live bird and he proceeded to take it home in a large bag. Along the route, the turkey got loose and started for an undisciplined destination with Joe in pursuit. At different intervals the bird was about to be captured only to side step his pursuer and head for cover. No trace of the turkey has been found and an award is now posted for the return.

Lane's Hoopsters

Open North Season

NORTH BROOKFIELD — The curtain goes up for another season of basketball as the strong Hart's Cafe team under the management of Charles Lane takes the floor this coming Sunday in the town hall against the Webster Colonial Five. The visiting line-up will be composed of former Holy Cross, Brown and Nichols players, some of whom were in the Webster team of last year's squad and Lynde, Surprenant and McCarthy. Outside stars include John Mahoney, George O'Connor and Charlie Fitzpatrick. The preliminary gets underway at 2 p.m. between the Indians and the Webster Lakers.

Doris Rittenhouse

Weds in Colorful West Ceremony

WEST BROOKFIELD — At a candle-light ceremony Saturday night, the Congregational Church Doris Rittenhouse, daughter of Ernest R. Rittenhouse of North Main street, became the bride of Robert Leal Mallory, Jr., son of Mr. and Mrs. Robert Mallory of Glen Falls, N. Y. Rev. A. Robert Harrison was the officiating clergyman and the Charlotte Pales provided the organ playing several selections as the guests were being seated.

The order is as follows: Forest, St. John and Bennett streets, 1948 plans, North Main at extension and Walnut, Arch, Mill and Elm streets. This order of construction has been selected on a basis of the sewer system problem in the town. The estimated construction cost will fluctuate through the years. The town appropriate a sum annually, approx. \$3,000 for sewer construction. The town will use its own forces to do the construction work under this program, since it is in small pieces and the hiring of an outside contractor would not be as economical or as advisable. Such a program will completely eliminate the sewer system problem in about eleven years. The estimated construction cost will fluctuate through the years.

Mr. and Mrs. Mallory left for a trip to Williamsburg and will return to their future home in Manchester, Conn. He is connected with the Conn. General Life Insurance Co. of Hartford.

Beyllyn Drazek Becomes Bride of North Contractor

WARREN — Miss Beyllyn Drazek, daughter of Mr. and Mrs. Stanley Drazek, West street, became the bride of Raymond A. Blake, son of Mr. and Mrs. Levi P. Blake, Sr., of South Main street, on Saturday, Dec. 7, at the Congregational Church, West Warren, Rev. Julius Jaworek, pastor performed the ceremony using the double ring service.

Miss Barbara Blake, sister of the groom, was maid of honor, and Miss Rose Waskiewicz, Marion Letourneau and Lorraine Rondeau were bridesmaids. Marie Rondeau were flower girls. Bernard Drazek, brother of the bride, served as best man, and the ushers were Edward Midura, Levi Blake, Jr., and Alfred Blake. A white satin mandarin collar gown with rhinestones and pearl design on a fitted bodice with a full skirt was worn by the bride. Her long veil with inserts of lace fell from a crown of rhinestones and pearls. She carried a heart-shaped bouquet of gardenias and stephanotis. The maid of honor and flower girls were gowned in light blue satin while the bridesmaids wore shirring white. The altar in the church were decorated with white gladioli.

BROOKFIELD

The High School Assembly was held at 11 o'clock Wednesday morning in the Town Hall, and was open to the public. Rev. James J. Clifford, assistant pastor of St. Mary's Church, was guest speaker. Fred Corbett presided, and included on the program was a recitation by Barbara May, Bible reading by Agnes Peterson, vocal selections by Sylvia Cossar, and reading of the proclamation of Gov. Deering by Marion Gadair.

North Brookfield

Henry Gadbois of North Common street, employed at the Quabog Rubber Co., is a patient in General Hospital in Framingham.

A meeting of the Pilgrim Fellowship took place in the Church parish of the Congregational Church last Sunday evening at 8:15 p.m. with Marcia Swornbourne and James Buckmaster as leaders. At 9:30 p.m. a singing meeting took place which included a discussion on church improvements and old fashioned hymn singing.

Celebrations are being received by Mr. and Mrs. John Cole of Littleton, New Hampshire on the birth of a daughter, Anne Elizabeth, this past week. Mrs. Cole is the former Alice Pullman who is well known in the community. Maternal grandparents are Mr. and Mrs. F. Arthur Pullman of South Main street.

The devastating storm last Saturday was one of the worst in years. Branches of trees were blown down, windows broken and galvanized winds that at times reached 60 m.p.h. Throughout the town citizens had water pails and buckets lined here and there as the rain pelted into many homes with extensive damage reported. Windows were blown down and power interrupted in several instances with the Police Department and Highway Department on call.

Edward Robinson of Belchertown on Bell street this past weekend were Mrs. Estella Narrow of Tupper Lake, New York and Bernard Margary of Buffalo, New York.

The following students were home for the holidays: Miss Margaret O'Boyle, a senior at the College of New Rochelle; Miss Ann Lyons, a senior at St. Joseph's college in Hartford, Conn.; Miss Jean Lyons, a senior at St. Mary's college in Brookline, New Hampshire; John Krussell Colby College, William Krussell of Amherst College; and Nelson Brown, a senior at Dartmouth College.

Mrs. J. Wallace of the University of New Hampshire, Miss Margaret Wallace of Boston and Charles Wallace of New York City were at their home on North Main street for the holidays. Also, Miss Anna T. Doyle, a teacher in the Meriden High School and her sister, Miss Mary Doyle, a member of the Junior High Faculty in Brooklyn.

BABSON DISCUSSES BUILDING A HOME NOW

NEW BOSTON, N. H. — Although I have written about housing more than once recently, a number of readers are asking me to tell them specifically what I think about building new homes NOW in view of the recent Federal Reserve cut back of credit privileges.

DON'T LET HIGH PRICES SCARE YOU
Readers are writing me that they would like to build a home, but they are very nervous. These who decide to postpone building their new home until prices readjust themselves to something like pre-war values, will be obliged to wait a long time. This is a growing country whose population and economy have expanded mightily in the last ten years. So long as it continues to grow and so long as our living standards advance, we cannot expect a return to the lower price level of years gone by. Let us look ahead rather than backward and not be afraid to invest in the future of America.

PRICES OF LABOR AND MOST MATERIALS, however, are not going to come down very soon. Those who decide to postpone building their new home until prices readjust themselves to something like pre-war values, will be obliged to wait a long time. This is a growing country whose population and economy have expanded mightily in the last ten years. So long as it continues to grow and so long as our living standards advance, we cannot expect a return to the lower price level of years gone by. Let us look ahead rather than backward and not be afraid to invest in the future of America.

THIS IS NO TIME TO BUILD RENTAL UNITS
Note that I advise building homes now only if you want a home to live in. I do not believe it is wise to build homes to rent at this time. Even if we avert another global war, the change-over to an economy providing for increased defense planning and spending will have a considerable effect upon construction and real estate. Thus, it appears that rent controls are here to stay for awhile longer and may even be tightened in some strategic areas. Certainly, events since June 25th clearly indicate that substantial relaxation of these rent controls is now unlikely, and sharper restrictions may be invoked if the war should spread.

BE REALISTIC IN CHOOSING LOCATION
Those who plan to build new homes should select the land as carefully as the materials. If possible, have enough good land for a "kitchen garden". Do not build in or near the big cities mentioned in the new book "Effects of Atomic Weapons", reviewed in the August 21 issue of TIME MAGAZINE. The book itself can be secured for \$1.25 from the Superintendent of Documents, Washington 25, D. C. For three years I have warned of the danger of living in these cities.

As this danger becomes more acute, more and more people will try to move their residences from these bomb-vulnerable cities, thus adversely affecting real estate values in those cities as locations for new homes. Best bets for new homes today are cities under 50,000 population with preference to the smaller towns and rural areas. The smaller the community, the better your chance for clean, healthy living in the American tradition.

BUILD A PRACTICAL HOME
I advise readers who have never built before to do some careful planning before spending their hard-earned cash. Do not be carried away by impatient contractors, but insist upon a fixed contract price, avoiding "cost plus". Know what you want and make sure you will get it before you commit yourself. Aim for a home that will be structurally sound as well as pleasing in appearance. Think of the future before you build. A four-room cottage with doll-sized rooms may look like a dream house now, but it will turn out to be an awful headache if you try to raise a family in it. Nor will it have anywhere near as high a resale value as a more orthodox unit with adequate living space.

HENRY F. GRABERT

A birthday party was held in the home of Mr. and Mrs. Robert Varum on Sunday street last Tuesday evening in honor of their son Stephen who celebrated his sixteenth birthday. Fifteen little folk attended where they enjoyed a program of games and the serving of tasty refreshments.

Tony's barber shop on Central street has felt the call of this emergency with John, only son of Mr. and Mrs. Anthony Ingemi now in training, with the result, a sign posted, "No Shaves Today."

Chief of Police Leo Delude has announced the date for the annual Christmas Party, Tuesday, Dec. 21, to take place in the Star Theater in the afternoon. The pupils of St. Joseph's and the pupils of St. Francis will receive an invitation from the police department to attend where a suitable program will be presented and refreshments distributed by Santa Claus himself.

Mrs. Edward B. Conroy entertained members of the Wednesday Contract Club in her home on Bell street this past week.

Mrs. Charles Fullam of the Conference of Social Workers in Boston this past week. She is a former chairman of the Red Cross in town and is still active in several committees.

Large numbers attended the annual Christmas Sale sponsored by the Women's Union of the Congregational church held in the Recreation room of the church last Friday afternoon starting at four o'clock. The evening program featured an old-time auction with Colby Johnson as auctioneer. The committee in charge of arrangements included: Mrs. Caroline Lane, Miss Helen Prouty, Mrs. Mary Smith, Mrs. Dorothy Ingram, Mrs. Lena Leupold, Mrs. Alice Cavanaugh and Mrs. Jessie King.

Miss Rosemary Hurley is also a patient in St. Vincent in Worcester.

East Brookfield

GEORGE A. PUTNEY

The regular monthly meeting of the Ladies Benevolent Society of the East Brookfield Baptist Church, was held on Wednesday evening, December 6th in the home of Mrs. Bertha Woodward, Main street at 8 o'clock. After the business meeting a Christmas party was held, each member donating a 25c gift. Refreshments were served by the hostess, assisted by Mrs. Edie Denning and Mrs. Myrtle Putney.

Word has been received in this town of the birth of a daughter, Anne Elizabeth, to Mr. and Mrs. John Cole of Littleton, N. H. The paternal grandmother is Mrs. Leah Cole of this town.

A public meeting has been scheduled for December 11th, to be held in the basement of the Hodgkin's School by the Civilian Defense chairman, James Herbert. This meeting has been called for the purpose of discussing ways and means to properly protect the town and its inhabitants from air raids, which might be caused by enemies to our country. It is the desire of the Chairman that all interested parties attend.

The regular monthly meeting of St. Ann's Sodality of St. John's Church was held, Tuesday, December 5th. Plans were discussed for a Christmas party for the children to be held at a later date in Red Men's Hall.

Donald Terry who has been confined in Hahnemann Hospital for several weeks as a result of a fractured ankle, has returned and with his wife is staying at the home of Mr. and Mrs. Richard Magwood, Sturbridge road. Mr. Terry is much improved, but not yet able to return to work, his ankle still being in a cast.

BABSON DISCUSSES WINTER BUSINESS OUTLOOK

BABSON PARK, MASS. — The prospect of higher taxes and credit restrictions is casting a shadow over the Business Outlook for the coming winter. These apply to automobiles, refrigerators and television sets; but not as to most consumer items.

HASTY FORECASTING NOW DANGEROUS
During recent months we know that the output of industry has exceeded consumption. Automobiles and trucks have been produced at the unprecedented rate of ten million per year; over 20% of all units now on the road. The recent rate of home construction has exceeded any previously recorded output by over 50%. Scare buying lifted the sale of Household Appliances to unprecedented heights during the summer.

However, we find already that reaction has set in, with lumber prices breaking during the last few weeks. The sales of many consumer items are back to pre-June levels. New construction is currently off sharply. We know that the easy credit policies of the Federal Government Agencies have artificially stimulated home building. With the tightening up of credit controls further cut-backs will continue. Recent increases in bank loans outstanding have been largely attributed to consumer credit expansion. This caused a tremendous boom in the purchase of consumer goods during recent months. Much stricter credit regulations will certainly have a depressing effect on the inflationary spiral. Now, is no time to buy everything in sight.

OUTLOOK FOR DEFENSE SPENDING
Defense orders in 1951 will undoubtedly maintain high employment, at least during the coming winter. Due to the allocation of certain materials in short being funneled into defense activities, business profits will not be uniformly good. Dislocations will take place. This will create shortages of materials throughout the nation which can have an adverse effect on the normal flow of business and profits. Government bureaucrats do queer things.

Investors who search for an inflation hedge in common stocks should watch their step. The Dow-Jones Industrial Stock Average is higher than it has been for the last 20 years. More burdensome taxes during 1951 will have an adverse effect on earnings. Many companies fully converted from civilian to military production will have their manufacturing margins cut. War stocks are certainly at their peak. Don't forget what happened during the renegotiation period of 1946-1947.

DIVERSIFY YOUR INVESTMENTS

Government policy makers are now pouring water over the inflationary fire on which they were dumping gasoline only a short time ago. This vacillating policy requires careful diversification of investment funds during the coming winter. Have less than half of the total funds in common stocks. For this half buy only securities of companies that make some money both during good times and bad times; and where the management is of high character. Buy no bonds except Convertible Bonds. Have the other half of your investment fund in Cash, Savings Accounts, Government Bonds, etc. awaiting more favorable opportunities later.

4-H Clubs Meet At North Grange

NORTH BROOKFIELD — A meeting of 4-H Clubs took place in the Grange Hall last Wednesday evening starting at seven o'clock with Miss Marguerite Ruggles, assistant county club agent present to distribute pins and certificates to those who successfully completed projects this past season. The social program was in charge of Miss Ruth Converse, Mrs. Milly Stelmokas, and Miss Rose, Janara. On Friday evening local members attended the square dance in the Spencer Town Hall for the benefit of the friendship fund to help defray the expenses of "Red" Vartkus and Chester Kulisa, who were seriously injured in an automobile accident while returning from a conference in Virginia. The promoter was Lawrence Lloyd of Mass. State.

Small businesses are reporting signs of a business slump. While mounting prices are a contributing factor there is a greater primary cause.

"We are being jaw-boned into a depression," observers say. They point to the great number of businesses, from cabinet makers on down, who must be opportunistic to cry "Woe!"

An example of this is the statement by heavier taxes, serious shortages, and business controls can be expected for many years to come.

Observers say Sawyer may or may not be a competent Commerce Secretary. But all agree he is ill-equipped to assume the role of a prophet; even less qualified in international relations.

It is pointed out that bureaucrats were almost openly scornful when Gen. MacArthur in July said the turn in Korea had been reached.

Yes, MacArthur with inspired American fighting men scored a success. But since the end of World War II in 1945 no single bureau plan for the promotion of peace has succeeded.

According to all reports, there is now a concerted drive to keep war scares and rumors flying so that the people will not get curious about domestic affairs.

Responsible military men are saying nothing. Some did explain how peace could be secured; were immediately cracked down on by bureaucracy.

The facts are that socialistic planners have been unceremonious (National Federation of Independent Business)

Firemen's 'Pay Nite' At North Saturday

NORTH BROOKFIELD — The big event of the week is the annual "Pay Nite" supper of the Fire Department scheduled for Saturday evening in the Recreation room of the Congregational church at six-thirty. Members of the Local Project will serve the supper with Mrs. James Buckmaster of School street as chairman. All firemen will appear in dress uniform with the guests present to include the Selectmen, Finance Committee, Town Treasurer, Chief of Police, and former members of the department. Following the supper a meeting will take place in the fire house with Chief John Lane presiding. Pay checks for the year will be distributed and the speakers for the evening will include: Chief Herbert Travers of the Worcester Fire Department, Supt. Leonard Waldo of the Worcester Fire Patrol, Chief George Mullen of Shrewsbury Fire Department and Dave Dean of the Maxim Fire Co. of Middleboro. Arrangements are in charge of Capt. James Buckmaster and Lieut. Richard Fullam and William C. Smith.

Master Joseph Pushinsky, aged 7, celebrated on Monday the 11th birthday in the home of his parents, Mr. and Mrs. Joseph Pushinsky, Podunk road, East Brookfield. Games were played and refreshments served by his little friends. Games were played and refreshments served by his parents assisted by Mrs. Ann

On Monday evening, December 11th, Miss Peggy Elder, daughter of Mr. and Mrs. Charles Elder, Main street, celebrated her thirteenth birthday with a party given by her parents in Red Men's Hall. About thirty friends and school mates attended. Dancing was enjoyed, games were played and refreshments were served. Miss Peggy received several gifts from her many friends.

A service of divine worship will be held in the Podunk Chapel, on Sunday afternoon, December 17th at 3 p. m. Speaker is yet to be announced.

Mr. Peavlar was carried to the Boynton home, and the many local residents who are graduate nurses were called.

Drs. Millman Pease of town and Thomas O'Boyle of North Brookfield attended the injured man, as State and local police, and the fire department tried to extricate the truck driver pinned in the cab. He remained conscious throughout the hour and fifteen minutes it took to free him, and was able to crawl from the cab. He complained of shoulder injuries.

Rev. James Hopkins and Rev. James Clifford of St. Mary's with some passing priests attended the trio in their need.

The truck helper was asleep when the accident happened. The driver failed to make the dangerous curve, and crashed into the sedan, crumpling it like a toy. The trailer tipped completely over on its side, and its mixed cargo was scattered over the highway.

Traffic was tied up more than an hour, and was in no way aided by curious motorists and pedestrians, who crowded to see the accident, until dispersed by police.

Troopers Hall and Baker investigated, with Chief Victor Guerin. It took several hours to clear debris, and transfer the truck cargo to another truck sent to the scene.

WARREN
Mr. and Mrs. Ralph Smith and family have moved into their new home at 15 West Street.

Mr. and Mrs. Thomas McDonald of Maple street have purchased the Frank E. Allen home at the corner of Maple and High streets. Mr. Allen will make his home in West Brookfield.

The employees of the Warren Street Pump Co., Inc. will be entertained by the Company Friday night, Dec. 15th at a Christmas Party in the Town Hall.

In the terrible accident in Monday early Saturday morning that snuffed out the lives of seven persons, three were former residents of the town. Mrs. Sybil (Brown) Heck who was killed and her mother Mrs. Elizabeth Brown, and sister Patricia Brown both of whom were seriously injured. They are both on the danger list at Wing Memorial Hospital in Palmer. The family left Warren about a year ago.

West Brookfield
Supt. Allen, Fred Dickinson and Charles Forrant have completed their work on Gipsy moths nests for the year, covering about 75 miles of State, County and Town roads.

Accident
(Continued from Page 1)

Going to the sedan he found Mr. Mathews sitting calmly at the wheel. He was conscious, but in a dazed condition. Mr. Young got help from neighbors, and this man was carried to the home of Grover Boynton nearby. A call for doctors, clergymen, and the fire department was put in, and the State Police notified.

Mr. Peavlar was carried to the Boynton home, and the many local residents who are graduate nurses were called.

Drs. Millman Pease of town and Thomas O'Boyle of North Brookfield attended the injured man, as State and local police, and the fire department tried to extricate the truck driver pinned in the cab. HENRY F. GRABERT

Chief of Police Del DeLude is seeking cooperation of motorists who leave their automobiles parked on the streets during the winter months. They are requested to have them off the streets in the event of a snowstorm which hinders the work of the highway department. Cars interfering with snow removal will be towed to the garage and the expense paid by the owner. Efficiency is the best policy.

In the K of C hall last Saturday from 3 to 5 p.m., one hundred children enjoyed a real Christmas party sponsored by the Daughters of the Holy Cross. Santa Claus was present to shake the hands of all and present the little tots with presents. A program was presented in which included the playing of games and the serving of refreshments. Mrs. Helen Ryan of Arch street was chairman of the committee in charge of arrangements and was assisted by Mrs. Cecile St. Jacques, Mrs. Emma Charron, Mrs. May Sandman, Mrs. Emma Sandman and Mrs. Margaret Cone.

Donald Ford of Ward street was co-chairman of the committee in charge of the Christmas party held at White Eagle Hall last Saturday evening for the employees of the Ware and Brookfield plants of McLaughlin Jones Co. Miss Myrtle Dilling was in charge of the meeting of Girl Scout troop held in K. of C. hall last Monday evening.

Miss Julia Cuddy of Willow street was removed to St. Vincent Hospital in Worcester this week for treatment when she fell in her home.

Gladys Cox, Tax Collector John F. Lyons out and around, well on the road to recovery following his recent illness that necessitated treatment at St. Vincent Hospital.

A meeting of the North Brookfield Guild of the Holy Family League of Charity took place in the Firehouse hall last Tuesday evening with President Mrs. Martin D. Leach presiding. A Christmas party followed in charge of Mrs. Beatrice Conroy, Mrs. Delina Scott, Mrs. Pamela Delude, Misses Mildred and Anna Lachapelle.

Cypress Rebekah Lodge conducted a Christmas party in Masonic hall on Wednesday of last week preceded by the regular monthly meeting.

Approved forms, one for prospective male jurors, another for prospective female jurors, and extracts of the law which provide for the drawing of women to serve upon juries in the Commonwealth have been received in town. These forms will be reproduced by printing and sent out to the jurors to be drawn by the Selectmen for 1951. Those found to be eligible for jury service will realize it is a civic duty to serve. The jury of the law may be carried out and the high standards of jurors from this town may be maintained.

The following Cub Scouts were awarded badges in appropriate exercises held in the Legion Hall by Cubmaster Russell Parker and are as follows: Bear Badge, Ronel Skorka, John Chatter, 1 gold arrow, John LaVallee, Bear Badge, 1 gold arrow and 2 silver arrows; Robert Varnum, 3 silver arrows; Daniel Dacwa, 1 gold arrow, 1 silver arrow; Bob Cat Pines, Michael Hastings, Rodey Wilbur and Bobby Potvin. The following Den Mothers also came in for awards: Mrs. Janet Varnum, Mrs. Gladys Hirbur, Mrs. Alice Green, Mrs. Doris Charron and Mrs. Marion Hubacz.

Servicemen home for the Christmas holidays are John Fitzgibbons, a sailor stationed at Newport, Rhode Island; Cpl. Matthew Benvenuti, Cpl. Henry Lehouneau and

WILLIAM ZUKAS
SPENCER—William Zukas, 63, of Smithville road, died Tuesday after a short illness. He was born in Lithuania, and was employed at the Thompson Wire Co., Worcester. He was a member of the Lithuanian Club of Worcester.

He leaves two sons, Walter and William, and two daughters, Sally and Ruth, all of Spencer. The funeral was held at the Morin Funeral Home, 23 Maple street, Wednesday at 8 a.m., and was followed by a high mass in Our Lady of the Rosary Church at 9 a.m. Burial was in the Holy Rosary and St. Mary's Cemetery.

WEST BROOKFIELD—William Campion, 80, Church st., a life-long resident of this town, died in St. Vincent Hospital, Worcester, last Tuesday. He was employed for many years at the J. F. Wood Shoe Co. of Ware and for many years was superintendent of Pine Grove Cemetery. He is survived by two sisters, Mary and Nellie, both at home. Two brothers, Daniel and Andrew, reside in Ware. His funeral was held last Friday morning at nine o'clock with a high mass of requiem in Sacred Heart church. Burial was in the parish cemetery.

JOSEPH J. SIMONIS
SPENCER—Joseph J. Simonis, 81, of Donnelly road, died last Saturday in Memorial Hospital, Worcester, where he had been a patient for the past five weeks. His wife was the late Agatha (Kalinowski) Simonis.

He was a native of Lithuania and had resided in Spencer 61 years. He was a member of St. George's Society of St. Casimir's church in Worcester. Mr. Simonis was survived by three sons, Joseph of Spencer, John of Leicester, and William of Worcester; seven daughters, Mrs. Anna Girardis, Mrs. Mary Kimball, Mrs. Ellen Steilman and Miss Agnes, all of Worcester; Mrs. Nellie Listavich, Mrs. Matilda Morari and Mrs. Veronica Kling, all of Long Beach, California; a sister, Mrs. Anna Navas, of Worcester and ten grandchildren.

The funeral was held on Tuesday morning at nine in the Holy Rosary church with a solemn high mass, and burial was in the parish cemetery.

McDonnell Funeral Parlors were in charge.

SMALL BUSINESS

L. C. WILSON HARVEY

President Truman asks the "Lame Duck" Congress for an "excess profits tax" retroactive to July 1, 1952.

Many small businessmen hope Congress will not act without getting an honest expression of opinion. They have asked the National Federation of Independent Business to make a nationwide poll on the question. This is now being taken. As usual, the poll has gone directly to Congressmen. The results will be published in this column.

Since Korea, huge corporations have received phenomenal earnings. Therefore, an excess profits tax has great emotional appeal. But small business is not engaged in a blind "hoity" war against big business. Small business, recipient of certain big business practices, is not rushing pell-mell into supporting a measure that could wreck all business.

The method by which a profit will be determined as excess is the key to the entire question.

Any small business can have experienced bad luck during the past period for a normal profit. For example, a series of jurisdictional strikes promoted by big labor, or a freeze-out price war, or a boom in the price of raw materials, can make that base period one of abnormal profit for an independent concern. Thus, a normal year's profits can, as was done in the past, be based on a normal year's profits.

In order to compete, small business must continually improve equipment. This is done out of profits.

However, under tax laws, money spent on production facilities is not tax deductible. During

"Dignified Service for the Occasion"

BUSINESS and FINANCIAL OUTLOOK FOR 1951

By ROGER W. BARSON

SPECIAL EXCLUSIVE: The United Nations will withdraw from Korea during 1951. The United States in 1951 will have the largest National Income of its History.

1. Excluding defense orders, the total business volume in 1951 will be the highest ever recorded, as war orders take the place of mass production and high prices prevail.

2. The outstanding feature of 1951 will be the ever-increasing interference of the government in the lives of businessmen and consumers.

3. The Administration and its economic advisors are firmly convinced that radical inflation is about to break out next year. The "main trust" are overlooking the fact that the boom is already old and that it is creating badly when the Korean War breaks out.

4. Rushing to catch up on its neglected defense program, the Administration is anxious to shrink business volume to an unnecessary degree. Efforts at first will be along the line of tighter credit curbs, such as restrictions on mortgage and installment loans and increased bank reserve requirements.

5. As 1951 wears on, the effect of credit controls will cause a decline in legitimate business. Civilian production will decline more rapidly than military production will increase. The public may then cry, "This is a government-made slump; let's get rid of the controls!"

6. If in 1951 it becomes evident that business is declining too fast as a result of government curbs, the planners at Washington may rush their patient into an oxygen tent.

7. Most labor groups will not be successful in getting a sixth round of wage increases in 1951. Although there may be more strikes in the first part of 1951 there will be fewer for the whole year as compared with 1950.

8. Tightness in the labor supply will be continued as the year wears on, particularly of highly-skilled workers.

9. The Taft-Hartley Law will not be repealed during 1951 but may be amended. The Administrators of the law will continue to wink at some of its clauses.

10. Wholesale prices of many commodities will be marked by a mild decline in 1951 when compared with the price level for December 31, 1950. In some lines the drop may be quite steep from the high levels of late 1950. Retail prices for 1951, I do not now forecast.

11. The year 1951 proves an excellent time to keep a tight grip on inventories. Commodity speculation for the rise will not pay in 1951. Furthermore, our expanding stockpiles of strategic materials present a real price threat in the event of a peace scare. Such stockpiles could then act strongly as a depressant on prices.

12. The cost of living will remain high during 1951. The prediction recognizes that living costs next year may be above the lower levels that existed during the first half of the year now closing.

13. Farmers' income for 1951 will be the highest ever recorded, as war orders take the place of mass production and high prices prevail.

WARREN

Plans are being made for another paper drive sponsored by Warren. The date will be announced later. This drive will be conducted in West Warren only. The Club is raising funds to donate to the Fire Department Rescue Squad.

REGIONAL SCHOOL IDEAS WILL BE ACTIVE

Although some think that the North Brookfield vote of Nov. 17 was the present generation of the "No" vote, it is a large portion of those who voted "No" who want to do nothing.

Basically two factors defeated the North Brookfield vote. One making up 15 to 20%, was that group that is to be found in any community who always oppose changes and increase in taxes regardless of benefits that may result from the change. This group usually vote 100% strong, thereby exercising their full weight.

These people are encouraged by the fact that although New Britain and North Brookfield voted "No", the majority of the people in the proposed Regional District "Yes" by a margin of 1007 to 850.

HAPPY HUNTING and FINE FISHING

By Leo Matthews

This is a hunting and fishing column and the following story, perhaps doesn't belong here, but one of my daughters reading it on Sunday morning right after breakfast had the rest of the family roaring over it and being the holiday season perhaps you will forgive my digression. I hope you enjoy it.

WOW! DANTHER, WOW! PRANTHER by Paul T. Sturges Farm Journal for December.

I've often bid into trouble at farm auctions, but the worst I ever got into was when I found myself the owner of a string of sleigh bells. Didn't need sleigh bells any more than a polar bear needs a straw hat, and when I got home I hid 'em in the tool shed, but a string of sleigh bells is a hard to hide as a watermelon patch. When Christmas time came I was asked to be the Santa Claus at the church Sunday School. As I did not have the tummy, the acting ability, or the disposition to make a good Santa Claus, I figured it must be my sleigh bells.

The only reason I took the job was that the former one was the auctioneer who sold me the bells in the first place. Mrs. Lind told me, "You'll find the Santa Claus suit in a box in the little cubby hole in the organ loft." The cubby hole was dusty and feeling around in the dark I found some glass vases, pottery urns and the box. Knocking the box on its corner to dislodge the dust, some of it got in my nose and I sneezed. That was bad. My upper plate shot out of my mouth like a buzz rocket, and I heard a clatter when it hit a pottery urn. My worst fears were confirmed. There was a crack in the roof of the plate. The only way I could keep it in place was to keep my teeth clenched. Mrs. Lind knocked on the door. "With Lind," I said from behind the door, "you got any thewvin gum?" "Any WHAT she exclaimed. "Thewvin gum?" "Any WHAT she exclaimed. "Thewvin gum?" "Any WHAT she exclaimed. "Thewvin gum?"

"Whoa Danther... Whoa Pranthor!" I limped in on two reindeer. I knew if I said "Blitz!" I would blow a gasket. The folk were sitting there bug-eyed. "Did you write letters to Thantay Claud?" That Claud was my own invention. My upper plate was fluttering like a butterfly. I could clamp down on Claud. "Did you bring my tricycle?" a piping voice inquired. "Thewvin gum?" I began, "and my skates." I tried to try skates by this time I had learned to stay with words I could chop down on. One older lad sang out, "Mister, that's a false face you got on, isn't it?" "Fawth faith?" And that raised the dust in my mask. I sneezed again, and this sneeze was of such force that it bulged the cheesecloth cheeks of my false face and propelled my upper right tooth into Santa Claus' mouth.

Some of the audience told me afterward it sounded like I snarled and bared my teeth. So I thought it was a good time to go, which I did, running back around the church ringing my bells in a fade-out effect. And fade they did. I dropped them in that cubby hole in the choir loft, and they are there yet, unless that auctioneer has fished them out and hung them on the hayrack at another farm sale.

WILDLIFE CONSERVATION INCORPORATED

No, this is not a new organization. It is the new name of the Mass. Fish and Game Association. At a recent meeting it was unanimously voted for the change in name to Wildlife Conservation Incorporated. The reasons for the change include the fact that many members are included from other states in New England and the thought is that bigger results can be accomplished by making the associations work New England wide instead of confining it to Massachusetts alone. Their work in the past has been notable and I am sure will be even greater as time goes on. The name should make conservation history in New England.

GOOD SAMARITANS — Holden, Mass.

Lee Merlin, 15, a high school student recently suffered a badly shattered right leg in a gun accident. The leg had to be amputated and his fellow students started a fund raising campaign to help with Lee's hospital expenses. The last news received was that the fund had reached \$850. Great work Holden High Students! They have hearts.

One tree may make a million matches. But remember one match may destroy a million trees. Please prevent forest fires.

Setting off a blasting cap which has been lost, strayed or stolen from a mine or construction job has always been a dangerous "sport" for children. Accidents can take place almost anywhere, as blasting caps are used not only in mining areas but wherever road building and other construction requiring the use of dynamite occurs. Blasting caps are smaller than a lead pencil and from one to two inches in length. They are most dangerous in the hands of persons inexperienced in use of explosives, according to Olin Industries, Inc.

One type of blasting cap, "Big Inch" explodes by flames from a burning fuse and the other is electrically fused. Surprisingly the explosive charge of the electrical cap is a thin wire which becomes heated and explodes the charge when an electric current is passed through the lead in wires.

OUTDOORS UNLIMITED

Outdoors Unlimited is a monthly publication, and the official organ of the Outdoor Writers of America. Your columnist was indeed surprised in looking through the last issue to find an entire page devoted to one of his columns. It was the one in which I used a beautiful piece of writing sent to me by Mabel Inez O'Neil of Amherst, namely "An Autumn Prayer." I give you the editor's comment, "Your old editor admits to being sentimental at times, so when we caught the following bit of poetry in prose in the column of Leo Matthews, outdoor columnist in New England, we just could not resist using it from OWAA headquarters. The excerpt is in the form of a prayer. Just before the trout season opened this year she was stricken with rheumatic fever and missed her sport on the stream. A token that her love of the outdoors is still firm she sent the following poem to Leo. We do not know Miss O'Neil but we wish her better luck when next year's trout season arrives. We are sure you are going to enjoy this beautiful bit of writing and then followed the Prayer. I am sure that most of you read it in this paper about a month ago. I feel greatly honored to have my column recognized by the OWAA editor.

CONSERVATION ASSEMBLY AT BARRE HIGH

The Barre Gazette sponsored this program and this grey headed writer carried it out. The main speaker was Paul A. White, secretary of the Massachusetts Fish and Game Association. He presented the story of conservation in a brief but interesting manner, and then Conservation Officer Franklin Graves gave an interesting talk on gun safety. A splendid movie was enjoyed by all and Leroy Dawson, has requested a similar program at a later date.

NORTH BROOKFIELD SPORTSMAN'S CLUB

The North Brookfield Sportsman's Club has requested me to arrange a conservation program for the meeting on Monday, December 11th. Plans are not yet completed but they will be announced in the next column. It is hoped to have Paul A. White, secretary of the Massachusetts Fish and Game Association as the speaker. Suitable movies will also be shown.

Some of the audience told me afterward it sounded like I snarled and bared my teeth. So I thought it was a good time to go, which I did, running back around the church ringing my bells in a fade-out effect. And fade they did. I dropped them in that cubby hole in the choir loft, and they are there yet, unless that auctioneer has fished them out and hung them on the hayrack at another farm sale.

WILDLIFE CONSERVATION INCORPORATED

No, this is not a new organization. It is the new name of the Mass. Fish and Game Association. At a recent meeting it was unanimously voted for the change in name to Wildlife Conservation Incorporated. The reasons for the change include the fact that many members are included from other states in New England and the thought is that bigger results can be accomplished by making the associations work New England wide instead of confining it to Massachusetts alone. Their work in the past has been notable and I am sure will be even greater as time goes on. The name should make conservation history in New England.

GOOD SAMARITANS — Holden, Mass.

Lee Merlin, 15, a high school student recently suffered a badly shattered right leg in a gun accident. The leg had to be amputated and his fellow students started a fund raising campaign to help with Lee's hospital expenses. The last news received was that the fund had reached \$850. Great work Holden High Students! They have hearts.

One tree may make a million matches. But remember one match may destroy a million trees. Please prevent forest fires.

Setting off a blasting cap which has been lost, strayed or stolen from a mine or construction job has always been a dangerous "sport" for children. Accidents can take place almost anywhere, as blasting caps are used not only in mining areas but wherever road building and other construction requiring the use of dynamite occurs. Blasting caps are smaller than a lead pencil and from one to two inches in length. They are most dangerous in the hands of persons inexperienced in use of explosives, according to Olin Industries, Inc.

One type of blasting cap, "Big Inch" explodes by flames from a burning fuse and the other is electrically fused. Surprisingly the explosive charge of the electrical cap is a thin wire which becomes heated and explodes the charge when an electric current is passed through the lead in wires.

OUTDOORS UNLIMITED

Outdoors Unlimited is a monthly publication, and the official organ of the Outdoor Writers of America. Your columnist was indeed surprised in looking through the last issue to find an entire page devoted to one of his columns. It was the one in which I used a beautiful piece of writing sent to me by Mabel Inez O'Neil of Amherst, namely "An Autumn Prayer." I give you the editor's comment, "Your old editor admits to being sentimental at times, so when we caught the following bit of poetry in prose in the column of Leo Matthews, outdoor columnist in New England, we just could not resist using it from OWAA headquarters. The excerpt is in the form of a prayer. Just before the trout season opened this year she was stricken with rheumatic fever and missed her sport on the stream. A token that her love of the outdoors is still firm she sent the following poem to Leo. We do not know Miss O'Neil but we wish her better luck when next year's trout season arrives. We are sure you are going to enjoy this beautiful bit of writing and then followed the Prayer. I am sure that most of you read it in this paper about a month ago. I feel greatly honored to have my column recognized by the OWAA editor.

CONSERVATION ASSEMBLY AT BARRE HIGH

The Barre Gazette sponsored this program and this grey headed writer carried it out. The main speaker was Paul A. White, secretary of the Massachusetts Fish and Game Association. He presented the story of conservation in a brief but interesting manner, and then Conservation Officer Franklin Graves gave an interesting talk on gun safety. A splendid movie was enjoyed by all and Leroy Dawson, has requested a similar program at a later date.

NORTH BROOKFIELD SPORTSMAN'S CLUB

The North Brookfield Sportsman's Club has requested me to arrange a conservation program for the meeting on Monday, December 11th. Plans are not yet completed but they will be announced in the next column. It is hoped to have Paul A. White, secretary of the Massachusetts Fish and Game Association as the speaker. Suitable movies will also be shown.

COMMERCIAL SHELL DEVELOPMENT NOT ALLOWED

Secretary of the Interior Oscar L. Chapman has ruled that the proposed commercial development of the oyster shell deposits found on the East Cove Unit of the Sabine National Wildlife Refuge on the Gulf Coast of Louisiana, the largest and most important waterfowl refuge in southern United States, should not be permitted because "such development will not be in the public interest."

In commenting on Secretary Chapman's statement, Albert M. Day, Director of the Fish and Wildlife Service, said, "The Service is indeed happy over this wise decision. The Sabine Refuge, of 142,749 acres is the largest and most important waterfowl refuge that we operate in the southern United States. Thousands of waterfowl frequent the place daily in season." Your writer has seen at the East Cove unit at one time more Canada geese than could possibly be counted. Every letter received will be given our careful consideration and we will publish every one we can possibly find space for. Keep them coming!

December 26, 1950

The Brookfield Union West Brookfield, Mass.
Letter to the Editor:

The Brookfields need new schools, everyone knows it, and most everyone wants to do something about it. We're making a lot of noise but...

There are too many factions within each town that have their own little schemes as to how it should be done, and until these people put aside their war clubs and realize that essentially they are all after the same thing, we will have no new schools of any description in the Brookfields. Not until we bury the hatchet and go forward to gether on common ground are we going to collectively defeat, and soundly, the ill-motivated minorities who are presently in the saddle. It would be obviously impractical for the political party to back more than one candidate for the same office, so why can't we benefit from this elementary fact and go after our new school, or even schools, but this time together.

How are we going to resolve the many factions now at war with each other over common interests? Regional School Board presented a very sound case and failed, but only in the vote, since a sound workable plan is still within our reach. West Brookfield is torn over issues other than the primary one, and can't decide when to start the game. North Brookfield has three teams on the floor all shooting for the same goal. Brookfield, after returning a Yes vote for the Regional School, doesn't know where the basket is any more and apparently "ain't gonna play till you guy make up your minds." East Brookfield is just sitting on the sidelines nail-chewing while their host is considering taking the ball home.

Now isn't that a lovely mess? What hurts most of all is that it is you and I and the fellow down the street who are really at fault. We can damn, and write letters, and argue, and form boards and committees till the cows come home, but till we stand up and push our PTA's, our Citizens Committees for Better Schools, and even our Canasta, Bridge and gossip circles in one direction or the other, we will assuredly be sitting discontentedly in the same

We don't need any more pressure from the top; what we need is a damn good explosion from the inside. That's where you sit and spot tomorrow and the next day, here's your dynamite. What are we waiting for?

This area is considered ripe for a Regional School District by the Massachusetts School Building Assistance Commission and there is every indication that aid from that source would not be too difficult to obtain. In fact, Mr. John E. Marshall, head of that agency, takes a dim view of other than Regional plans in one of our towns as recorded in Sunday's Telegram, the reason being the obvious fact that, for towns of our size, the cost of building and maintaining a Regional School is far less than it would be for each of us to go our separate ways.

What better way could we find out of our difficulties than to get together and solve our problems collectively, and to our mutual advantage. We all need High Schools, and our Elementary Schools are nothing that we should take any pride in either. Why don't we get together on this thing and give our children what they need. NOW!

This is no time for sectional differences, for petty rivalries and age-old feuds! We are faced with a problem as communities are all over the nation. Others are acting. Are we to sit back and let this thing go out of sight by default? I think not. Opportunity is knocking on the door, but while the rap is getting weaker, the storm inside is brewing. Come on! Light that fuse!

BROMLEY PALAMOUNTAIN

West Brookfield, 12-27-50

Dear Mr. Editor:

The experiences West Brookfield is having, in regard to a new school, are similar to those experienced by most small towns where the school buildings have been allowed to stand long after they should have been replaced to meet changing conditions. The longer this condition is allowed to continue the more painful in every way is the operation to get reasonably up to date in our schools. It is interesting to note that many of those who may have been responsible for the delay, here in West Brookfield, have representatives to carry on even today. They have on a two-thirds vote been able to override the majority, who have on every vote been in favor of the plans of the committee for the new school. Every month delay means a higher cost and naturally a less efficient building as our borrowing limit is fixed.

Very truly,

"Observer"

Selectmen's School Resolution Amended

Brookfield

NORTH BROOKFIELD — At the special town meeting held last December 21 in North Brookfield Town Hall a lively discussion followed Selectman Henry Grabert's article that the Board of Selectmen be authorized to appoint a committee to investigate the feasibility of a new school, a new gymnasium-auditorium or both and to report at a later date. This motion was amended by John Anderson, secretary of the recently formed Citizens Committee for Better Schools. Anderson's motion read that the committee be appointed by the Moderator and that the report be in a balance sheet form showing comparative cost and curricula of a North Brookfield school, a gymnasium-auditorium added to the present school, and a regional school, and that this report be submitted at a town meeting not later than February 15.

The debate brought out the fear of further unnecessary delay and a one-sided report if the Selectmen's motion was allowed to stand. Since the selectmen objected most to having the Moderator appoint his original motion so as to allow the Selectmen to appoint the committee. The amended motion passed by a large majority. Mr. Grabert promised to name the committee December 28, which is to consist of 5 to 7 people.

It was brought out in the debate that North Brookfield has had separate reports on the three schools that all that is needed now is to condense these reports all in to one comparative report which should not require a lengthy period of time. The statement was made in the debate that every year's delay means that one more class graduates without the benefit of proper school facilities.

Fred Grabert, chairman of No. Brookfield school board, raised the question of how much state aid North Brookfield can get for a school of their own. This figure, he determined for every town in the state by a certain formula and North Brookfield is entitled to 36.7% of the cost of building an approved school. This would leave well over \$300,000 for North Brookfield tax payers to make up and require a 2/3 vote. This is to be compared with the \$172,000, North Brookfield's share of the cost of a Regional school that requires a majority vote. There is also considerable question as to whether the State School Board Assistance Commission will even approve state funds for a North Brookfield school, since the Regional school is substantially less expensive and stands to offer better school facilities.

Leicester Town Meeting Votes Many Changes

Consider Regional School With Spencer Police Situation to be Investigated

LEICESTER—At a special town meeting held in the Town Auditorium, it was voted to have the town authorize its Selectmen to enter into contract with the Hillcrest Water District, for the rental of 15 hydrants for a term of 14 years, ending December 31, 1964, at an annual rental of \$50, said rental payable semi-annually on the first day of March and the first day of September each year. It was further agreed that the rental of these hydrants shall cease at the end of the term of the contract, as specified, also that these hydrants shall be free of rental for the Fire Department.

It was voted to have a committee of five to investigate the police situation in town and report their recommendation at the usual town meeting. It was voted to pass over an article for the town to have the Leicester Schools All Girl Drum and Bugle Corps as a permanent part of the schools activities as the School Committee has had jurisdiction of the corps for a least three years and it was not necessary for the town to vote what activities for the School Committee should sponsor.

An amendment of Article 3 in regard to accepting Elmwood avenue as a public street was made that the town will accept upon receipt of a deed and recording of the area of the street from the owners. The street was then accepted through the original motion. The town voted to accept the bathhouse erected by the Lions Club in Rochdale.

The article to authorize the Planning Board to make a survey and report approximate cost for the renovation of Towdall Park was passed over.

Reports were accepted from the bylaws committee as progressing and the school building committee report, who were to consider regional school with Spencer. It was voted to transfer from road machinery rental account to road machinery maintenance account, the sum of \$7,932.20.

The following transfers were made to operate the balance of 1950; From School Department, \$150.02 to Forrester Fire Department; \$500 to vocational training department; \$350 to Law Department to settle Carlson vs. town suit; from garage agreement, \$400 to law department to settle Carlson vs. town suit; from Board of Health \$181 to law department; from Board of Health Department, \$100 to Tax Collector's account; from garage agreement, \$56 to street lights; from sidewalk construction, \$134.92 for fire department; from interest on temporary loans, \$177.08 to fire department and \$47.50 to elections and registrations; from street light installations, \$19.20 to town account, \$20.40 to bonding and insurance; from veterans' benefits \$115 to High School and Town Auditorium account; from aid to dependent children, \$1700 to welfare given to Leicester residents living in other cities and towns and \$800 to welfare account.

Wendell Wing was moderator and there were 80 voters present.

Showboat Revue
Services at Brookfield
The Musical Revue, sponsored by the Youth groups of St. John's Church, Brookfield, played to a capacity house Monday night. It was necessary to add seats to accommodate the gathering from the Brookfields, Spencer, Ware, West Springfield, Holyoke, and Rockdale. The revue was well received for their interests, as practically every number proved outstanding in some way.

The stage setting was a huge boat called the S. S. Hopkins, arranged by Mrs. Olive George. The show was directed by the popular F. Theodore Hopkins of North Brookfield, noted for adding pep to his every entertainment. He outdid himself, and was given a vote of thanks by parishioners who followed the rehearsals and production.

This is the first public entertainment attempted by the group under the direction of their pastor, Rev. James W. Hopkins, and the Youth Club director, Rev. James J. Clifford. They have already been asked to make a yearly event.

Space would not allow the reviewing the many highlights that added to the party, and each individual deserved credit for a most worthwhile performance. The group was a bit discouraged in the last two rehearsals. One youngster from East Brookfield, came through for a pal by taking song "Old Plane Roll Blues" for Catherine Gilroy, confined to her home by illness. This youngster, Mr. MacKinnon took over with one rehearsal and did well.

Diane Byrne pleased with her Hawaiian dance, and the audience was particularly interested, as the little girl was taught the dance by a native dancer while living on the island, before coming to Brookfield. She was in native costume.

Camera Club Views Pictures of France
WARREN — A joint meeting of the Quabbin Camera Club and the Worcester Camera Club was held at the home of Mrs. Robert F. Fellows of Brookfield, N. Y., who for the past three years has been official photographer for the French Legation of New York, showed color slides of France taken during his tours of the country.

Accompanied by Mrs. Desmae, he went in a tiny Renault car from one end of the country to the other, and was thus able to reach regions otherwise inaccessible. Particularly effective were close-up photographs of the Alpine glaciers showing geological formations in the making.

His slides also covered the reconstruction of a small village after the war, rivers, mountains, local customs, and intimate shots of the Mont Saint Michel, Paris, and Luxembourg.

Mr. Desmae, born in Paris, is now head of the French department of the Brookline Polytechnic Preparatory School, is an associate of the American Photographic Society and of the Royal Photographic Society of Great Britain, and also is a well-known instructor in photography and an exhibitor.

A large audience of Odd Fellows in their annual Winter night, and members and friends of the Camera Club attended.

Questions, Answers

Q—My nephew was discharged from the army because of a wound that he received in Korea. Is he entitled to VA hospitalization to have his service-connected disability treated, even though he is not a World War II veteran?

A—Yes, all veterans are entitled to hospitalization by VA for treatment of service-connected disabilities. Q—I obtained National Service Life Insurance when I went into service eight years ago. I believe the policy's term period has expired, but I haven't been notified of the fact. I am still in service. What should I do to renew my term policy?

A—Because you are in service, VA will automatically renew your term policy at the higher rate for your age, and your branch of service will deduct the higher premium from your pay. Your service will attempt to notify you in advance of this action. If you do not want the new policy, tell them then. Meanwhile, if you want to know the status of your policy, write to the Insurance Accounts Service, Veterans Administration, Washington 25, D. C., giving your full name, address, service number and insurance policy number.

Q—I filed a claim for a non-service-connected pension, and I have a question about the \$2,500 per year income limitation which applies to me as I have dependents. I received a check on December 26, 1950, for selling real estate, but I won't cash it until 1951. Is the check considered income for 1950 or 1951?

A—The check must be applied to your 1950 income. The general rule is that acceptance of a check results in income in the year it is received, even though it is cashed later.

Veterans and their dependents who desire information concerning their benefits and entitlements are invited to send inquiries to:

Mulches reduce erosion, evaporation, and weeds; useful in orchards, small fruits, and vegetable crops. Use litter, old hay, straw.

CAN YOUR HOUSE TAKE IT?

Winter weather can be hard on a house. It is only logical at this time to keep your home in good shape. If a repair loan will help, we'll gladly discuss your needs.

Lock was with the Farham's this past week as Mr. Farham and his 13 year old son, William returned from a hunting trip in the state of New Hampshire, with a 100 pound buck, 10 pointers, which the young boy brought down with an eagle eye. Mr. Farham is State Supervisor, Fire Warden in this district who with his family lives on Pine Craft Avenue, off Woodland Avenue in the Lake district.

The Citizens Committee for Better Schools held a meeting in the C. hall last Thursday evening with President Allen C. Chase presiding. The executive committee gave a report and a film, "The Fight For Better Schools" was shown.

Mrs. William I. Boyd of Old West Brookfield read a paper on the New Year's party held in Orange Hall last Thursday evening for members of the Grange. A business meeting preceded the social program.

Miss Gertrude Howe, a teacher in the Public Schools of Boston returned to her home in No. 10 Main street following treatment at Mary Lane Hospital in Ware.

We are happy to report that Augustine Judicki, who has been ill in his home on Warren street for the past two years is improving. He was formerly employed at the Quabog Rubber Co.

The annual Every Member Canvass of Christ Memorial Episcopal church was conducted last week under the direction of Rev. Betty Poland assisted by members of the Vestry. The annual parish meeting will be held later in the month where organizations will make their reports. Services are being conducted in the church following repairs made to the boiler as the result of a fire that necessitated the use of Grange Hall for Sunday Services.

Congratulations are being received by Mr. and Mrs. John Hammond from South Main street on the birth of a daughter, Patricia, in Mary Lane Hospital in Ware. Mrs. Hammond is the former Betty Banks, an officer in the Veterans of Foreign Wars Auxiliary. Mr. Hammond, a veteran of World War I, is a member of the State Police.

Edward B. Conroy of Bell street has been reappointed a deputy sheriff by Sheriff William Bennett. Mr. Conroy is also Town Moderator.

Town Clerk, Mrs. Vera Matthews has prepared the pre-election calendar for the annual town election on March 5th. The last day for filing nomination papers with the Board of Registrars is Jan. 28th. Nomination papers may be procured at the town clerk's office. Dates for registration of voters will be Tuesday, Jan. 30 from 7 to 9 p.m., and Tuesday, Feb. 13 from 12 noon to 10 p.m.

It is expected that Bishop John J. Wright of the Catholic Diocese of Worcester County will be the guest of honor along with national and state officers of the Daughters of Isabella at the 25th anniversary of the local order with a banquet in the hall on January 28th. Country members of St. Joseph's church will be invited to attend.

A meeting of the Women's Club took place in the Recreation room at the Congregational church last Monday afternoon at three o'clock with Mrs. Betsy Lincoln presiding. The afternoon social program consisted of a quiz on the topic "Forum for Living" with Muriel S. Barnes as announcer, with the members taking an active part. Mrs. Lincoln was moderator and Mrs. William I. Boyd, secretary.

Sgt. and Mrs. H. G. Brooks of Yorktown, Virginia and Mr. and Mrs. Robert David of Springfield have returned to their respective homes following a visit with Miss Ruth Young on South Main street. Mr. and Mrs. Leo Lavallee entertained in their home on St. John street last Wednesday night a group of friends at a party in honor of their son, John, who observed his ninth birthday. Games were played and refreshments served. The honored guest is a pupil in St. Joseph's school and one of the live wires of the Cub Pack Troop III.

The Town Homers will present an entertainment of modern and old time tunes along with instrumental selections in the Town Hall, Thursday, Jan. 18th at eight o'clock under the auspices of the local Daughters of Isabella. The committee in charge of arrangements include: Mrs. Amelia Hart, Mrs. Ellen Leach, Miss Frances Stebbins, Miss Pauline Kiminski, Mrs. Cecelia Kiminski, Mrs. Kathryn Seamon and Mrs. Helen Ryan.

HAPPY HUNTING and FINE FISHING

By Lee Matthews

HOW THE DUCK CAN HELP TO RESTORE THE DUCK POPULATION

by F. H. Hortright

In the first place, hold your fire until the ducks are well within range. Don't shoot at birds over 40 yards away. For every duck brought down at 60 yards or more, there are 10 that fly off, seemingly unhurt, but carrying one or two pellets which later cause death. By holding your fire until the ducks are within sure killing range you bag more ducks, and by wounding less you save your share of the 15 million that are wasted. Don't be one of those trigger-happy fools who spoil the sport for others, and only succeed in making countless birds. Again get that cripple! On no account let it escape! and don't let that dead bird float off to be picked up later and be lost in the reeds when darkness falls. Those lost birds are part of the 15 millions which you can help to conserve. Finally, take your trained retriever when you go shooting or arrange that someone in your party has one with him. And make sure that your dog is well trained and proficient. A poorly trained retriever is only a degree better than no dog at all. The 15 million ducks, plus upland game birds that are lost annually, are largely lost by gunners who do not use retrievers. The gunner who employs a retriever loses practically no birds at all.

It is too much to hope for, but if every gunner were to practice the above three simple rules, instead of 15 million wasted birds this year there might well be 30 million additional live birds next season. The use of trained retrievers in wildfowling and upland game shooting is so vital a conservation measure that it is to be hoped the practice will some day become mandatory in North America, or at least generally practiced as it is by the more conservation-minded Europeans. Everything that can be done to train more retrievers and to interest more gunners in their use should train his own retriever would do well to attend a Retriever Field Trial to obtain an understanding of the hows and whys of the work of well trained retrievers. Mr. Kortright also advises the amateur to train his own dog to first train himself to be a fit and suitable teacher by the purchase of a good book on the subject and follow the advice of the expert. Keep organizations will make their reports. Services are being conducted in the church following repairs made to the boiler as the result of a fire that necessitated the use of Grange Hall for Sunday Services.

The New Year has started, but why not now make a resolution that you will do your share in increasing both the waterfowl and upland bird populations by the use of a good retriever and save these cripples. Make this a 1951 resolution.

GREETINGS FROM SCOTLAND

In a magazine recently received from a friend, Fred Brown, of Clydebank, Scotland "Scottish Field" was an experience worth passing on. A few days ago I was walking across a hayfield with rucks still standing and the herbage green and lush with young clover. A questioning greyhound came into that field, a lean brindie with the right kind of action to give any mare a run; it did raise a hare from beside a ruck. The hare came towards me, and I was astonished at her speed. She couldn't have been slower if she had a snare entangled in her hind legs. The dog ate up the distance, and was only two yards from the hare when she was twenty from me. She headed straight for me, for I meant less to her than the dog, which was keyed up for the snatch and the kill. As the hare jinked past, and round me I noticed she was plump as a football, with her retained and quilled. She dodged into a clatter of stones behind a crumbling dry stone dyke, and did not go on from there. And I guessed her predicament; she had been in the middle of giving birth to a family when she bolted from the dog. So I yelled at the dog and rushed at it as it drew level. It swerved aside, then butted back, but having lost sight of the hare, it lost interest in the chase, and went bounding back the man who had just climbed through the far fence. I didn't betray the harassed puss, and what happened afterwards has no place in a respectable journal. Not that I think that killing a hare with a hound is worse than shooting one; it isn't. But I don't like greyhounds chasing hares in this manner. I like hares anyway.

I believe all true sportsmen will agree with the writer that a hare in the dilemma that particular one found itself was deserving of protection.

TED WILLIAMS—FISHING EXPERT?

Ted Williams, Boston Red Sox slugger has announced that he has signed with the Horton Bristol Manufacturing Company of Bristol, Conn., and may become a fishing "professional" when he leaves baseball. Until he leaves the field where he will act as consultant in the design of Bristol equipment. According to his statement "Ted holds a position of eminence in fishing nearly parallel to his standing in baseball." This writer saw his fly casting at the sportsman's show in Boston last year and commented on his performance at that time, writing to the effect that he gave a splendid performance, but that several professional tackle men were lost better. As to his bookkeeping at the show, the promoters figure on the name as the drawing card and not the brand of his performance. Ted is good, but there are lots better. He further states that next to baseball, fishing has always been his major interest. That is a direct reversal of the statement he made last summer, as at that time he said, "I wish to represent some ammunition company when my career in baseball is over. I wonder why the change of plans? It is my idea that Ted is interested in whatever pays him the most cash."

THINGS YOU MAY NOT KNOW

A bird's feet are so constructed that the foot is forcibly closed when the leg is bent. Hence birds maintain a steady grip on limbs even when asleep.

The eagle never makes use of his beak in killing his prey. Larger birds are dispatched by the stroke of the dive, smaller ones are killed by the grip of its talons.

Grow Your Own CHAPEAU

Economy minded women could take a tip from Mother Nature when it comes to hats. According to Allyn Wayne, stylist for the Florists' Telegraph Delivery Association, the "makings" for an exquisite chapeau are to be found in your own flower garden or on a nearby hillside.

With a flick of the wrist "foramilliner" Wayne combines flowers of the season with a few strands of wire and bits of ribbon to create hats that hold their own with the latest from Fifth Avenue. You, he says, may do the same with a bit of practice under the tutelage of your florist.

Working with needle and thread Allyn Wayne blends daisy mums and African daisies to make a decorative headpiece for a sunny winter afternoon. Bright hues of yellow and orange are found in the waxlike anthurium. Molded into a sweeping line around the head and neck, these unusual orchids will provide a conversation piece for any lagging cocktail party.

North Brookfield

Congratulations of the week go to Mr. and Mrs. Chester Judicki of Warren street who this past week observed their 50th wedding anniversary. The honored couple were tendered a surprise party and presented a purse of money. Mrs. Judicki is employed in the Inspection Dept. at the Quabog Rubber Co., while her husband, a World War II veteran employed in the Mill Room.

The Town of North Brookfield has a mother's interest in the welfare and happiness of all her citizens, her children, their friends or the stranger within her gates and this applies to the well known Mrs. Susie Desmond, formerly of Main street who now makes her home with her daughter and son-in-law in Buffalo, New York. The reason she has been elected secretary of the Golden Age Club of that city which is composed of men and women in that age category.

Staff Sergeant William Doyle, his wife and children were Christened guests of Mr. and Mrs. Merrill of North Brookfield last year to Fort Massachusetts in New Jersey, but now "Bill" has been sent to Seattle, Washington to await orders. Mrs. Merrill is a nurse and will remain with Shirley until definite plans can be made.

Choir rehearsal of the Methodist church will be held on Thursday night this week.

West Brookfield

The Federated Youth Fellowship of the Methodist and Congregational churches will meet this Thursday at 8:30 p.m. The young people's night of the Christian Endeavor of the First Congregational church is being planned but no date has been set. Invitations are being sent to Surinamese and Brimfield to join the get-together. Amherst College will send a delegation to the meeting.

Mrs. Jolene Gilboy, daughter of Postmaster and Mrs. J. Harold Gilboy, North Brookfield road, had misfortune on December 30th of breaking her arm in two places. Mrs. Gilboy was skating on Mud Pond when the accident occurred and was removed to Mary Lane Hospital in Ware, where the fracture was set. She was scheduled to appear in the musical show and dance, sponsored by the children of St. Mary's Church in Brookfield, but owing to her injury was unable to take part.

The musical show and dance sponsored by the children of St. Mary's of Brookfield, and St. John's of East Brookfield, parishes was largely attended by the people of East Brookfield. The entertainment was presented in the Brookfield Town Hall, Monday evening, January 8th. The following children from East Brookfield participated in the show: Gary Stevens, June Sahagan, Stanton O'Callahan, Agnes McCormick, Theresa Manning, Ursula McCormack, Lucille Giguere, Louise Wagner, Martha Frizio, Joan Houlahan and Betty Prizzio. Catherine and Jolene Gilboy were unable to take part as planned on account of sickness.

Witness, JOHN P. HIGGINS, Esquire, Chief Justice of said Court, this fifth day of January 1951.

BABSON CHAMPIONS SMALL STOCKHOLDERS

BABSON PARK, MASS. — Various organizations have been formed to protect the small stockholders. The two most active are the B. C. Forbes Group and Independent Investors, Inc., of New York City. The basic difficulty with them all is that the members are so widely scattered geographically that it is very difficult to get them together for action.

ALL COMBINED AGAINST YOU
Your best help should come from your local bank. It has your money and exists upon the deposits of local merchants, nearby farmers and small stock holders. Most banks will do what they can for you and make no charge. Naturally, you don't dare go to a lawyer for fear he will charge for saying, "Howdy," while your poor minister never saw a stock or bond. As a result of this condition, there are many companies, whose stock was bought by readers like you, which have gone completely bust.

You can cuss Franklin Roosevelt for many things, but he certainly tried to protect small stockholders. His difficulty was that he left the solution to theoretical bureaucrats who made the "Prospectuses" so long and complicated that very few investors can make "head or tail" out of them. Yet, if you have been "stuck" by a stock salesman, you should write the Securities and Exchange Commission, Washington, D. C. It will cost you nothing; you will get a reply; and they may help you get your money back.

IMPORTANCE OF RECORDS
Another suggestion is that you write the New York Stock Exchange, Broad Street, New York City. This is an honest organization which is now very anxious to have friends. If you can prove that one of its member firms or any employee thereof has definitely wronged you, a committee of the Exchange will call the member firm before it and force the firm to make up your loss. You will not need to employ any lawyer or go to New York if you have followed these three rules.

(1) Insist that all your dealings in stocks be in writing. Before giving a salesman an order, make him write you all he has said. Never listen to a slick salesman on the telephone.
(2) When buying any stock, have the salesman give you a receipt stating of whom he bought the stock, and what he paid for it, and what his commission is for making the sale.
(3) Save all these papers and put them in the envelope with the stock certificate, which envelope you—of course—will keep in your safe deposit box. The very fact that you take such precautions, after telling the salesman that you are to do so, will surely cause him to be honest with you and perhaps withdraw the offering.

The above is no criticism of stock salesmen as a class. Most of them represent good firms and are honest. But with your small funds you cannot afford to lose everything.

EVERYONE SHOULD BE A STOCKHOLDER
The fact that I urge the above three rules, should not keep you from buying stocks. Your bank checking accounts now pay no interest; while savings accounts pay very little. Yet, you can buy safe stocks paying over 6%. Your local banker should be able to supply you a list of stocks which have paid some dividend for over 50 years. Rich people buy such stocks; they don't leave money in savings banks. Yet, the small investor needs 6% much more than do rich people. Diversify very widely by distributing your money over a very large number of stocks—or else employ honest and long-established Investment Advisors.

Another thing, all investors—large and small—should sit down tonight and write their Congressman how excessive corporate taxes are hurting everybody. Certainly, the present double taxation on dividends is absolutely unfair. The idea of "paying as we go" for war does not seem logical, because if World War III comes it will be fought for our grandchildren and their children, as well as for us. As for inflation, we, of course, should avoid it in times of peace, but the nation has already had it as the result of war and we still survive. A great need of the U. S. today is the encouragement of thrift and small investors.

Arrangements are in progress for a New England boiled dinner supper to be held in the vestry of the Baptist Church, 27th Street, on January 27th. The committee in charge is Franklin C. Drake, Roy L. Meader, George A. Putney, C. E. Miller, H. C. Francis Miller and Rev. A. Arthur Wild.

The P. T. A. whist was held Tuesday, January 16th in the Hodgekin's School. The committee in charge was Mrs. Lynn Lepley, Mrs. Robt. Lane and Mrs. Edmund Snay. Prizes were awarded and refreshments served.

The Worcester County Extension Service, under the direction of Mrs. Robert Lane, local town director, held a special meeting in the Hodgekin's School, January 24th at 2 p.m. Mrs. May Larson, Extension Specialist, spoke to the members on child development and family life. Her subject for the afternoon was "The School Child and His Problems."

Polio: A Rising Tide

The 1951 March of Dimes reached its peak this week as efforts continued to raise the nation for the job of fighting polio in the coming year.

Since problems face the National Foundation for Infantile Paralysis. These arise from the fact that some 54,000 men, women and children stricken by polio last year and earlier required help of some kind from the National Foundation in 1950. This help, alone, cost at least \$20,000,000 in the form of cash, food, and other necessities. The fact that the organization is now operating its patient-care program at a deficit, volunteers have redoubled their efforts to raise more money than ever before in response to this need.

Basil O'Connor, National Foundation president, says that the March of Dimes organization must be prepared to face a fourth successive year of high incidence in 1951. He points out there is no assurance from public health authorities of a "light" polio year ahead. The large number of patients already receiving assistance from National Foundation chapters, plus the lower purchasing power of today's dollar, increase the organization's problem, he reports.

"Today," Mr. O'Connor declares, "we are coping with a rising tide of polio and a receding tide of funds. The tide is a hard fight ahead."

The National Foundation during its 15 year existence has spent \$34,000,000 for patient care, and \$1,752,736 has been appropriated for research and \$12,076,816 for professional education. In addition, thousands of dollars' worth of polio therapy equipment, such as respirators and hot-pack machines are kept in readiness at strategically located supply depots throughout the country.

Lime, fertilizer, and manure improve hay fields and pastures. Correction of mineral deficiencies increase forage production.

East Brookfield

Rev. Edward Catlos, field representative of the Baptist Home Mission Society, will preach the sermon in the East Brookfield church, Sunday morning, January 21st at 10:45 a. m.

Rev. Catlos, a former pastor of the Millard Avenue Baptist Church, formerly (First Czechoslovak) in Chicago has worked especially among the bilingual churches of the American Baptist Convention.

GAME LAW VIOLATORS LOSE LICENSES

A short time ago I informed you of a case of deer hunting hogs, similar to the case of a year ago. Well, in this case eight men were fined in the Orange (Mass.) court 10 dollars each for deer law violations. That wasn't much you say? Well, no as far as cash goes, but brothers, where it does hurt is the fact that the same men lost their licenses for an entire year. And how that must hurt. Conservation Officer Franklin Graves informs me that he found far fewer cases of loaded guns in cars this year, and that is a good sign that hunters must be learning this law is for their own protection. I hope that this is true in the entire state.

"THE ONE THAT DIDN'T GET AWAY CLUB"

An all-time high was established during the 1950 season on membership in Maine's "The One That Didn't Get Away Club," sixty-six new members were added in 1950. Heaviest fish in each species were as follows: Rainbow trout, 9 lbs. 8 1/2 ounces; Brook trout, 14 lbs. 5 1/2 ounces; Atlantic salmon, 18 lbs.; Largemouth bass, 7 lbs. 4 oz.; Smallmouth black bass, 5 lbs. 12 oz. The largest rainbow trout was taken by Ralph D. Suriner, 28 Revell Ave., Northampton, Mass.

Recently over a national radio hookup in the U. S. A. the late Jack Miner, by a vote of four to one, was voted the greatest naturalist who ever lived. Just who is Jack Miner, some of you may ask?

More than fifty years ago Jack Miner, pioneer wild life conservationist, saw the ducks and geese being depleted from the skies and marshes because of excessive killing. Unable to interest others in doing anything about it, he finally resolved to do what he could himself. He dredged out a number of ponds two or three hundred yards back of his house, and put a dozen decoys there in an effort to induce the wild fellows to stop awhile. That was in 1904, but it was not until four years later that the first goose party was held. Eight of them. They must have been treated good for the next thirty-two stopped and the third year 350 customers came to partake of the free lunch. The word spread among goodsood until about 20,000 stop there annually now.

It was in August, 1908 that the late Jack Miner caught and banded his first duck, which later was shot by Dr. W. E. Bray of Anderson, South Carolina. This constitutes the first complete record of where a bird was banded and where killed. Last fall the largest catch of Canada geese ever to be made in the Miner sanctuary, or elsewhere on earth, was caught in the Miner trap on November 15th at 6:00 P. M. In the catch were 732 Canada geese. Of this number 403w ere banded.

The Soil Conservation Service is responsible for developing a national program of soil and water conservation.

ed in 1949 and 197 had been banded as far back as 1939. All bird-banding records made at the Jack Miner Sanctuary are filed each year with the U. S. and Canadian Fish and Wild Life Services.

Jack Miner often said: "The first lesson in wildlife management is for a student to set a hen and raise a brood of chickens, wild ducks, or pheasants to maturity. By that time he or she will believe in predator control." He also said: "Out of one hundred eggs laid by ducks, seventy-five never hatched or developed into mature birds." The fact that he had visited the Canadian west so many times, where the ducks nest and had seen the destructiveness of the crows alone in eating the ducks' eggs, enabled him to make that statement.

At Delta, Manitoba, men stationed at the research post found several duck nests and visited them daily. Of these nests watched, twenty-one percent were destroyed by crows, eleven percent by squirrels, and nine percent by skunk. In other words forty-one percent of them were wiped out before the ducklings were hatched. One can imagine the toll by snakes, turtles, hawks, owl, fish, and other predators after they were hatched. This makes it seem that the statement by Jack Miner, so many years ago, was accurate. The great man, the friend of all waterfowl, passed away on November 3, 1944. His work is ably carried on now by his three sons at the Jack Miner Migratory Bird Foundation, Inc., Kingsville, Ontario, Canada. Gone, but not forgotten.

Deer week in Massachusetts is over and the usual stories and alibis have been polished off and used, but I think it is unusual story is the one about the Barre man who shot a heavy deer, cut it in half and dragged out the rear part and then could not find where he had left the front part. Incidentally, the front part was found two days later by another hunter from Barre. This all happened in Petersham. My better half and my dog are glad the week is over, my wife says she will see me home more often, and my dog never can figure out why she isn't going with me, and seems to think I am crazy. H'm, now I wonder?

THREE DEER FOR ONE HUNTER?

That is the way the story goes. Unscrupulous deer hunters are in the minority, but nevertheless there are too many of them. It seems that a well known man bagged three deer. No, I do not know his name, but if I did I most certainly would not conceal it! Last year at a camp, eight deer were found and the names of the men giving the guns were ascertained. The owners were checked out and one did not hold a license and some did not even know how to handle a gun. This year I understand a similar case has been uncovered in our state. Just how long are the sportsmen going to stand for conditions like these. By far the largest part of our Eastern States have deer tag laws. Now why not get behind our law makers and get a deer tag law here? Help our Conservation Officers to give us a break by making it easier to enforce the one deer law.

The North American Decoy Makers Contest is to be held at the National Sportsman's Show in the Grand Central Palace, New York for Feb. 17 to the 25th. There is a grand prize for the amateurs as well as the professional decoy makers. This annual contest has grown to such an extent, that a sponsor willing to finance the contest had to be found by the small committee in charge. The Nash Motors agreed to be the sponsor as a gesture to the sportsmen of America and in an effort to give needed zest to an ancient craft, the art of making wild waterfowl decoys by hand. In exchange for this financial support they demand no advertising whatsoever. This is a fine gesture on the part of the Nash Motors and if any of you readers would be interested you can obtain an entry blank by writing to: North American Decoy Makers Contest, Nash Motors, Box 147, Grand Central Station, New York 17, N. Y. While Nash Motors sponsors and supplies all ribbons, trophies and other prizes, they wish it to be clearly understood that all conditions of the contest and all judging is under the control of the Decoy Contest Committee. They are experienced hunters and are familiar with gunning conditions and the decoys used in various parts of the country. Their interest is impartial and the judgement of entries will be final. The President of Outdoor Writers Association of America, J. Hammond Brown is a member of the committee.

THOSE MISSES!

Have you ever thought how important accurate judgement of distances in relation to effective shotgun range is to successful waterfowl shooting? Probably you have—and bitterly—if some trigger-happy individual with more enthusiasm than good sense has been blasting away all day as soon as he identifies the birds—instead of waiting for them to come in range. They could spoil a lot of good shooting by firing at impossible ranges, running not only their own chances, but those of more experienced hunters who know enough to hold their fire until the game is well within range. "Ducks Unlimited" says that a large percentage of the cripples which occur each season are not due to the fact that they have been struck with the edge of the shot pattern, but because the shot which struck them had traveled so far that the shocking and penetrating power so necessary for a clean kill was lost.

Lake Resident Dies

Funeral services for Frederick Farmer, 79, of College street, Worcester, are being held this afternoon, Thursday at St. Matthew's Episcopal Church. Mr. Farmer, who was one of the earliest to build a summer cottage on Lake Wicksburg, passed away Monday.

He was commodore of the Lake Wicksburg Boat Club and has been a resident in this community and the entire area. His cabin cruiser, the "Mabel A." has been a familiar sight on the lake summer for many seasons. He was active in the summer colony circles and has come to be accepted as a local resident.

He was born in Kidderminster, Worcestershire, England, son of Frederick and Caroline (Bath) Farmer. He came to this country in 1900, and for many years was foreman at the M. J. Whittall Associates, Inc. in 1910 he founded the Paragon Heddle Mfg. Co. and in 1922 resigned his position at the Whittall plant to devote all his time to his own business, as president and treasurer.

He was a parishioner of St. Matthew's Episcopal Church and was a member of the Chamber of Commerce, Worcester Light Infantry Veterans Association, Althea Groto, Goddard Council of Princes of Jerusalem and John Thomas Lodge, AF & AM. He was past grand of Manchester Unity, I.O.O.F., and the Sons of St. George. He belonged to the Massachusetts Park Society. He was vice-president and a life member of Brinton Park Sons of Rest and a member of the Pals Club, both in Kidderminster.

His late wife was the former Mabel A. Weston.

Mr. Farmer leaves a son, Robert F. Farmer; two daughters, Miss Gladys C. Farmer and Doris A. wife of Edwin I. Hutchings, all of Worcester; two brothers, George of Kidderminster, and Joseph Farmer of Winnipeg, Manitoba, Can., and three grandchildren, Middleman Robert C. Farmer, USNR, attending Massachusetts Maritime Academy, the Misses Joyce M. and Bethany B. Hutchings of Worcester.

Town Clerk, Miss Bessie Herbert, has announced the vital statistics report. There were 29 births, 20 deaths, and 21 marriages in 1950; 186 dog licenses were issued, 345 sporting and trapping licenses. In 1949 there were 16 births, 19 deaths, and 28 marriages.

Members of the cast who presented the Musical Revue for the Youth Groups of St. Mary's church this town, and St. John's church, East Brookfield, in Town Hall recently, with the show Director, F. Theodore Hopkins, were entertained by Rev. James W. Hopkins and Youth Club Director Rev. James J. Clifford, at a party in the Parish Hall, Tuesday night at 7:30. Movies were shown, and refreshments served.

New Plymouth Cars Now On Display

Spectacular engineering advances which produce driving and riding ease heretofore unknown in automobiles of any price class, feature the new line of Plymouth cars. Combining smart new body lines with interior luxury, the 1951 Plymouth now on display here at P. O. Blinette Motor Sales, Brookfield, Edw. N. Spencer, Inc., Warren and Woodard's Garage, Brookfield.

Designers have given the Plymouth a striking new silhouette, and interior refinements are innovations in the lowest price field. The styling improvements retain the traditional roominess of the cars.

Easier to drive and more comfortable, the new cars have greater beauty, more safety features and broader ranges of vision than ever before.

Engineers say the new "Safety-Flow Ride" take the bounce and whiplow out of bumps. A new application of hydraulic flow control in the shock absorbers provides a more gradual change of resistance during spring deflection and thus a softer ride when driving on average roads. It also exerts extra resistance on rough roads to a degree where driver and passengers are almost completely freed of the discomfort of being jolted around.

The "Safety-Flow Ride" is one of the greatest contributions to driving comfort and safety in recent years, according to D. S. Eddins, president of Plymouth Motor Corp.

The new Plymouth gives you roadability never before offered in any car," he said. "There is no discomfort of being jolted around."

The lines of the new Plymouth have been beautified. An appearance of massiveness combined with smart streamlining is induced by

Taste-Dealers

To go with the high quality of the upholstery, there is a handsome new instrument panel which features a more convenient grouping of controls, newly shaped instruments and improved coloring and lighting for easier driving while driving.

The wide, deep chair-height seats, the ease of entrance and exit, and all the other conveniences of Plymouth comfort have been retained.

There are nine bodytypes in the Plymouth line: the Commodore, the Suburban, a club coupe, and a four-door sedan, a club coupe, and the Cranbrook series includes a four-door sedan, a club coupe, and a convertible club coupe.

The Suburban and the Savoy, with their smart, distinctive lines are all-purpose vehicles. They have the beauty and comfort of a sedan, and by simply lowering the rear seat flush with the floor they become sturdy cargo carriers for farmers, sportsmen, tourists and others who require large cargo capacity. The Savoy, called the "countryside companion" of the Suburban, provides a greater variety of luxurious interior appointments and more exterior refinements to enhance the car's striking appearance.

Among the "high-priced car" features which are retained are six-cylinder, 135-horsepower engine, a 7 to 1 compression ratio, the combination ignition and a starter switch, automatic electric choke, super cushion tires, safe-guard hydraulic brakes, and safety-rim wheels.

The new Plymouth interiors offer the finest selection of upholstery and trim and the most harmonious color schemes in the company's history. "The colors which have been chosen provide throughout the interior a pleasing combination of shades in harmony with the car's exterior color. Designers say the interior is an unexcelled achievement in unadorned practicality with luxury. Always noted for spaciousness, Plymouth now has even more head room

The story of a faith that paid off

YOU KNOW IT'S TRUE BECAUSE IT'S HAPPENED TO YOU AND YOUR FRIENDS AND NEIGHBORS

PROBABLY YOU'VE never thought of yourself as a maker of history. But you are. And here is how you, as a citizen of the United States, are creating the greatest success in all history.

Remember back in 1941 when the Defense Bonds you were buying suddenly had to become War Bonds? How you and your neighbors pitched in to buy them in ever-increasing numbers, to back our fighting men and to help achieve the victory of World War II? After V-J Day, when those bonds became Savings Bonds, you continued to buy them because you had learned how regular saving could build security and contentment for yourself and those you love.

The face of the land has undergone some dramatic changes in those years since V-J Day. Now the landscape is dotted with new homes that Savings Bonds built. Thousands upon thousands of new automobiles travel the highways—Savings Bonds cars, bought with the product of individual thrift. On the farms, Bond-purchased equip-

ment has helped produce bumper crops and prosperous years. Everywhere in America, man's urge to get into business for himself has become a bright reality. So has the ambition of loving parents to send their children through college. Time and time again, Savings Bonds have made those dreams and many others come true.

You KNOW they've come true, because it's happened to you or to some of your own friends.

And this is only the beginning of the story. Even after accomplishing so much, millions of American families still enjoy the financial security of owning more than fifty billion dollars—fifty thousand million dollars in Savings Bonds. More than at the peak of war-time Bond holdings!

How much money is that? It's enough

to build a new \$10,000 mortgage-free home for every family in San Francisco—and Sacramento—and Salt Lake City—and Denver—and Kansas City—and St. Louis—and Indianapolis—and Cincinnati—and Pittsburgh—and New York City—and the whole state of Texas!

And every week, everywhere in America, new millions of dollars are added to the total—as crisp new Savings Bonds are typed up with your name on them.

Kind of a king-size success story, isn't it? Your success story because you and the millions of your neighbors are living it right now. Your own faith in America—your own desire for the warmth of family security and independence—have made the story of United States Savings Bonds the thrift miracle of all time.

For your security, and your country's too, save now through regular purchase of U.S. Savings Bonds

Boy Scouts Mark 41st Anniversary

STRENGTHEN LIBERTY
41st Anniversary 1951
BOY SCOUTS OF AMERICA

Official poster marking the 41st birthday.

President Truman will greet 12 outstanding Boy Scouts in the White House on Feb. 6 opening the 41st anniversary of the Boy Scouts of America. Boy Scout Week will be observed Feb. 8 to 12 in every part of the nation by more than 2,750,000 boys and adult leaders. "Strengthen Liberty" is the birthday theme.

At "birthday parties" during Boy Scout Week throughout the nation each member will recite himself to the Scout Oath or Promise. In each community representatives of the churches, schools, government and business will observe the anniversary with their Scouts. At Unit "open house" parties, parents, relatives and members of the chartering institutions will hear a review of the year's program features, service projects and membership gains.

THE SCHOOLS WE WANT

The schools we want for our children will teach them the things that men have learned about the world and about themselves through the centuries of observation and experimentation. Also, they will establish the conduct, the attitudes, the habits, the skills that have been tested by time and experience. Our heritage is rich and deep. Good schools cannot ignore it. The basis of such a program is adequate school housing where proper instruction and reception for children of school age.

Children now in school, in their maturity, face new problems—new ways of living and working together in a smaller, fast moving, complex and dangerous world. They must be prepared to use new tools and appliances, to adopt new modes of behavior, and to deal with new ideas and issues. Though guided by the past, they must not be fettered by it. They must be taught to think independently and creatively. For that reason the schools we want must be schools that are modern, that are progressive, that are planned for the future.

Children now in school, in their maturity, face new problems—new ways of living and working together in a smaller, fast moving, complex and dangerous world. They must be prepared to use new tools and appliances, to adopt new modes of behavior, and to deal with new ideas and issues. Though guided by the past, they must not be fettered by it. They must be taught to think independently and creatively. For that reason the schools we want must be schools that are modern, that are progressive, that are planned for the future.

SMALL BUSINESS

Watch results of the Senate Small Business Committee hearings on the current Chicago fuel oil squeeze. They may indicate how small business will fare in the new Congress.

Three years ago, when the Chicago fuel oil situation became acute, the Senate Small Business Committee, headed by Sen. Wherry (Rep., Neb.), acted rapidly.

In the current case, the facts are simple. On August 21st, fuel oil prices in the Chicago area rose from 10¢ to 12¢ per gallon. Approximately 500 independent fuel oil dealers in the Chicago area were informed by mail for oil companies who supply them that on August 21st the dealer's margin would be cut from 2¢ per gallon to 1.7¢.

Previously the major oil companies had already raised both wholesale and consumer prices 1/2¢ per gallon.

Approximately 100 independent fuel oil dealers courageously defied the tactic threats of retaliation filed affidavits with the Senate Small Business Committee through facilities maintained by organized small business.

These affidavits present a picture of the fuel oil situation in the Chicago area. They show that the dealers are being forced to sell at a loss. The affidavits give evidence of collusion, conspiracy and coercion.

Major oil companies were "Johnny-come-lately" in fuel oil retailing. Some of the independent dealers filing affidavits, in business 20 years, pioneered oil for fuel in a traditional coal area. Each dealer, even on a 2¢ margin, requires a big volume. His equipment investment runs into thousands. Even one-tenth of a cent difference in his margin spells profit or loss.

A COMMUNITY ASSET

February, a month of notable birthdays, sees the celebration of a "birthday" in which all Americans can properly join. Boy Scout Week, Feb. 6 to 12, reminds us that one of America's largest youth organizations has reached another milestone.

The Boy Scouts of America has reached its forty-first anniversary. Since Feb. 8, 1910, more than 17,750,000 American boys and men have been influenced by the Scout Oath and Law. They have benefited by using their leisure-time energies in outdoor living and activities of cultural and practical values which lead boys to become dependable men.

Today over 2,750,000 boys and men are actively enrolled in over 75,000 different units. Fortunate indeed are communities where Scouting flourishes. American adults of good character give generously of their time to give leadership. Others help by raising funds and are members of Local Boy Scout Councils which in turn provide training for leaders, camp facilities, worthwhile year-round activities, personal advancement and opportunities for Scouts to render community service.

In celebration of this birthday, the Boy Scouts are engaged in a nationwide clothing collection to meet emergency needs abroad, are stepping up their training for Civil Defense and are promoting greater interest in conserving the nation's natural resources.

BABSON DISCUSSES MILITARY TRAINING

WASHINGTON, D. C. — I am not a military expert and cannot speak with authority as to what is to happen to our 18 to 22 year old young men during the next few years. The plans and hopes of many homes, jobs and colleges are completely upset.

LET US NOT WORRY

Let me, however, add a little hope to frightened families. Men who know what the probabilities are assure me that the future is not as bad as it now looks. They insist that only a few more boys will be shipped to Asia. We will be willing to supply guns and munitions to enable the Japanese to protect Japan, to enable Nationalists to hold Formosa, and to give needed aid to the Philippines. But no more American boys will be sent to Korea, Indo-China, Burma, India or elsewhere in Asia.

Experts at Washington believe that World War III, if it comes, will be fought mainly by the navy and air force. They say it would be suicidal to depend upon number of infantry to meet the Russians, even in Europe. With the large number of communists who infect each European country, it may be best to limit our help to Western Europe to supplying them with A-Bombs. Therefore, I believe that mothers and boys are unnecessarily excited. Americans seem unable to strike a middle course. They either ignore danger and insist on "business, profits, wages and entertainment as usual," or else they become panic-stricken and go too far in the opposite direction.

TRAIN FOR USEFUL WORK

I, therefore strongly advise that parents and their youths avoid getting unduly excited. First, the chances are 3 to 2 that Russia will not risk a "hot war" for some time to come; and second, if only the present "cold war" continues, 2,500,000 young men in training would be a nuisance and handicap to all concerned. I, moreover, speak with some authority, having founded three colleges and graduated thousands of young men.

I further advise young men between 18 and 20 to quit listening to radio commentators who know no more as to the future than you readers do. Go on about your plans for schooling or work the same as if no war is now probable. Then if you are called, it will be okay; while the chances are 50-50 that you won't be called. When you go to work, get a job with some industry which is essential to the war program; don't be content to jerk sodas or drive a truck.

WORLD WAR III WILL NEED BRAINS

The next few years offer a great opportunity for young men to become expert in some one line of work. Too many young people have been getting jobs without any carefully planned aims. The new defense efforts enable a young man to take tests and ascertain for what he is best fitted and how to train therefor. If you live in a small town where there are no industries, have your mother teach you to cook. This is becoming a real profession. Drafted young men who can qualify as trained cooks are always given good opportunities for advancement.

The trouble with parents and youths today is that they visualize the next war—if it comes—will be like the last war. This is a great mistake. We cannot lick Russia by numbers. Korea proved this. It was our intelligence forces that let us down. We can win by brains. If World War III comes it will be a conflict of superior intelligence. Hence, let our youth prepare to use their brains; while the poor Russians, Chinese and other peoples are treated as cannon fodder. If General MacArthur had given more attention to the intelligence Division of his army and less to old-fashioned fighting customs—things would be different. Our boys should be trained by young leaders in these ways, rather than by out-dated old "Brass" who cannot adopt modern methods.

REMEMBER OUR RELIGION

Finally, let us parents not forget that God continues to rule in His Heaven and that, in the long run, the Russians can never win without Him. God is still our refuge and our strength. If we will cease worrying and take each day as it comes. Let us give more time to reading our Bibles and less to television or even the radio. Perhaps, God is using the Russians to again bring us to our knees and make our young people—who have had things pretty easy—"stop, look and listen". At any rate, I am an optimist and believe that whatever happens, those who do their best from day to day have nothing to fear.

Travel-Tempos

By ROBERT MEYER JR.

Robert Meyer Jr., author of "Festivals USA" a new book which details with over 1200 annual colorful celebrations throughout the country is now editing our column. Festivals and Travel are Bob's hobby. His articles appear in the New York Times and in travel publications nationally—Dean Adams—ANS Features.

A group of fellow passengers enjoying afternoon tea aboard Captain's Cruise ship. AMERICAN TOURISTS in increasing numbers are discovering the charms and pleasures of the nearby West Indies. The growing popularity of these bean islands is well-deserved for a welcome haven of sunshine and world of warm weather diversions await any who can manage a short hiatus during the winter months.

For instance the Captain's Christmas and New Year's Cruise aboard the famous Carnival with 11 days of the liveliest holiday of a lifetime, actually only takes 4 1/2 days of business time away from the office. The sailing from New York (December 22) stops off at La Guaira, Kingston and Havana.

Yuletide and year-end celebrations sparked by top Broadway entertainment are held at sea. Rates begin at just \$295—and there's no transportation tax. FOUR OTHER sunshine cruises from New York are listed by the Cunard liner Mauretania during the season. The voyages are of 13, 14 and 18 days duration, and offer an exciting variety of a dozen Caribbean ports from which to choose. Sailing dates are January 13, February 3, much less of a problem.

February 14 and March 17. A full program of shipboard activities will be planned and shore excursions will be operated at the various stops so that passengers may see outstanding points of interest.

In the main game the fast stepping team under the management of Charles Lane was a brilliant game by coming out in front in the last period to defeat last year's team by the score of 75 to 38 in an exciting contest.

Top scoring honors went to Lynda, Cone and Pontbriand while F. Sandman and Fibbs were the losers. Others in the line-up were: Hart's Fitzpatrick, Surprenant, Klimovich and Flammant while the Alumni had Smith, Helway, J. Sandman and Varman.

This coming Thursday evening in the town hall the Fitchburg Varsity will play the opponents for the local with the Bobby Sores, girls team playing the West Brookfield Wild Cats in a game getting under way at seven p.m.

Full Evening of Basketball at North

NORTH BROOKFIELD — The two games played in the town hall last Sunday afternoon attracted a large crowd as the best of the town's basketball teams met.

The names of Hart's Alumni and the Firemen to furnish the opposition to the local club. In the first game the fire fighters gave the Alumni a real exhibition as they maneuvered about in old time fashion to score baskets as Chief Lane called the plays. Their younger opponents, known as the Indians were in top form exhibiting good teamwork and rattling up some neat baskets, although the Firemen kept pace with them right up until the last few minutes when they fell away and the final was in favor of the Indians 29 to 18. In the Fire Department lineup was Chief Lane, Graham twins, Wiley, Lange and Smith while McCarty, Gagnier, Hanson, Duran, Seaman were in the winning lineup.

Still a bargain Doubled In Value — Low In Cost!

Take a look at your telephone bill. In ten years on the average many things you buy have more than doubled in price... but not telephone service. Remember lamb at 29¢ a pound... eggs at 35¢ a dozen? Remember coffee at 20¢ a pound? Today you get the same pound... the same dozen... and look at the cost!

But your telephone pound — dozen — however you want to measure it — has more than doubled — and the increased cost is but a few cents a day. Here's a household necessity that actually gives you more — yet takes a much smaller percentage of your household budget than it did ten years ago. That's because living costs have gone up much more than your telephone service.

NORTH BROOKFIELD — North Brookfield High School played basketball for the first time last Friday evening in the Town Hall just off of Main street. The first few seconds of play to the West Boylston High team in one of the most exciting games to be played this year. This award is presented annually by the Colonel Hendrick Chapter of the DAR. Miss Nelber has been an honor student during her four years in the high school. She is a member of the staff of the school paper, "The Arrow" and of the yearbook, "The Maroon."

The March of Dimes campaign opened last week in the schools with Mary Jane Konrad as chairman. Assisting her are Helen Peggly, Doris Dickson, Nancy Cunningham, William Robidoux and Russell Mullett. The school children will canvass their neighbors to assist in making this campaign a success. The drive will continue for three weeks more until Feb. 12th.

The Leicester Civic Club will hold an open meeting in the Town Auditorium on Wednesday, February 14th. The purpose of the discussion will be the condition and needs of the Leicester School System. Anyone interested in the school situation is cordially invited to attend. A movie, "Fights for Better Schools," dealing with the effort of the people of Arlington, Va., to improve their educational facilities, will be shown. MRS. C. N. PROUTY

North Hoopsters

LOSE HEARTBREAKER
NORTH BROOKFIELD — North Brookfield High School played basketball for the first time last Friday evening in the Town Hall just off of Main street. The first few seconds of play to the West Boylston High team in one of the most exciting games to be played this year. This award is presented annually by the Colonel Hendrick Chapter of the DAR. Miss Nelber has been an honor student during her four years in the high school. She is a member of the staff of the school paper, "The Arrow" and of the yearbook, "The Maroon."

The March of Dimes campaign opened last week in the schools with Mary Jane Konrad as chairman. Assisting her are Helen Peggly, Doris Dickson, Nancy Cunningham, William Robidoux and Russell Mullett. The school children will canvass their neighbors to assist in making this campaign a success. The drive will continue for three weeks more until Feb. 12th.

The Leicester Civic Club will hold an open meeting in the Town Auditorium on Wednesday, February 14th. The purpose of the discussion will be the condition and needs of the Leicester School System. Anyone interested in the school situation is cordially invited to attend. A movie, "Fights for Better Schools," dealing with the effort of the people of Arlington, Va., to improve their educational facilities, will be shown. The Civic Club is a non-political organization open to all those interested in furthering the interests of the town.

USE YOUR EYES

HAPPY HUNTING and FINE FISHING

KEEP YOUR EYES OPEN
The following bit of legislation is a sample of the idiotic and-remnant laws that can be slipped over on the sportsmen who do not keep their eyes and ears open. This is from ordinance 332 in the township of Springfield, Pennsylvania.

Section 1. Whoever discharges a rifle, air rifle, or air pump of any description which impel with force a pellet of any kind, or discharges a bow and arrow, within the township of Springfield, shall upon conviction thereof in a summary proceeding before a Justice of the Peace, be sentenced to pay a fine not exceeding fifty dollars and in default of the fine and costs, shall be sentenced to imprisonment in the county jail for a term not exceeding 10 days.

Section 2. The provisions of this ordinance shall not apply to the discharge of weapons in the defense of persons or property or by the members of duly organized gun or rifle clubs, or their bona fide guests, or of military organizations, or upon the ranges of such clubs or organizations under the control and supervision of the duly constituted officers of such clubs or organizations, or by the patrons of commercial ranges.

Section 3. The police officers of the Township are hereby authorized to seize and retain any rifle, or air gun of any description, or ammunition or pellets for the same, or any bow and arrows which shall be used, discharged or possessed within the Township in violation of this ordinance.

Section 4. It is the intent and purpose of this ordinance that the killing of game or VERMIN of any kind through the use of a rifle, air rifle or bow and arrow, shall be unlawful.

Isn't that a lulu to be slipped over by a group of town fathers in a state such as Pennsylvania (one of the most forward states for sportsmen) that pays bounties on many predators. But they forget to include shunks, slangs and cat pistols. I wonder if they ever read the part of our constitution where a reference is made to our right to own and bear arms? The law makers of a good many states better brush up on the constitution. Watch 'em fellows! Keep awake!

MR. BUSHY TAIL RATES SECOND
Few people realize the important part the squirrel plays in the hunter's world, according to Gail Evans, advertising and shooting promotion manager of the Remington Arms Company, Inc. The little animal is hunted in almost every section of the country. He is hunted by young and old alike and with almost every type of firearm. In a survey which embraced the comparative popularity of different species and the percentage of our sporting ammunition used in hunting each type of game, Remington's statisticians came up with some interesting figures which place the squirrel the number two target for shotgun shells. These figures do not include the percentage of 22 caliber bullets fired in his direction, but he unquestionably ranks high in that respect also.

Topping the list in shotgun consumption is the cottontail rabbit. More than 20 percent of the shotgun shells manufactured each year are consumed in hunting this fleet-footed little fellow who is the most prolific of all game animals. More than twice as many shells are fired at rabbits than at the bushy tails. I give you the figures of the five top favorites. Rabbit 29.6%; Squirrel 14.9%; Quail 13.9%; Duck and Geese 10.5%; Pheasant 9.5%.

I am sure that the above figures will come as a surprise to many of you hunters.

SQUIRREL ON A SPREE
A woman recently found a squirrel on a bed in her cottage, apparently dead, but when she discovered it was breathing she soon found the reason. A box of brandy chocolates which were open on a bureau top had been tampered with. Incidentally, this is one way they catch rabbits in Australia. New South Wales and other places in that part of the world.

THIS GUY CAN TAKE IT
A member of the Pennsylvania Trappers Association, Earl V. Shaffer of York, Penna. recently finished a hike of the entire length of the Appalachian Trail. This trail starts at Mount Oglethorpe, Georgia and ends at Mount Katahdin, Maine and is approximately 2,000 miles long. He covered 17 miles per day on his trip. He used a Mountain Troop Rucksack and carried a pack which varied from 25 to 55 pounds and wore nine inch moccasin boots which lasted the trip (twice resolved). He reported seeing plenty of game and one night a racoon tried to get at the contents of his pack and another time he was attacked by a large female mink because she thought her kits were in danger. The trail passes through 14 states along the crest of mountains and actually is a woodland path to ever make the complete trip.

LEARNING FROM THE SALMON
An article by the above title appears in the December issue of "Sports Field" by Dr. William J. Long, but to my mind, "One thing you will learn is that contrary to the weight from 5 to 35 pounds that their size is the result of an abundant ocean diet. Salmon lose their ocean appetites when they return to fresh water streams and rivers; their stomachs shrink to pencil size tubes. If you are wondering why the salmon goes after food if he isn't hungry, the answer seems to be "reflexes." Much as you will feed guest munches bits of candy while his mind is busy at work on a fish story, both are victims of reflex. Outside disturbances also can prod him into action. Dr. Long recounts one instance in which he had fished for three days with no luck, when a black bear waded into the stream, spotted the resting salmon and started grabbing for them. The reluctant upstart put whitecaps on the water and in a matter of minutes Dr. Long pulled in five good-sized ones. If you want to bring home a mess of these good fighters, all you need is patience plus endurance. His article has a very high educational value for an old time salmon fisherman and many fine points for the novice.

CONSERVATION FLEDGE
I give my pledge as an American to save and faithfully to defend from waste the natural resources of my country, its soil and minerals, its forests, waters, and wildlife.

THE NORTH BROOKFIELD SPORTSMEN'S CLUB PLAYS SANTA

THE EDUCATIONAL FORUM

Readers throughout the area are urged to write their opinions on the all-important school problem. Letters must be signed but signatures will not be published if so desired.

West Brookfield, Mass.
January 22, 1951
To the Editor:
Brookfield's Union
West Brookfield, Mass.
Dear Sir:

As a parent who is vitally interested in proper and comprehensive education for our youngsters, I am concerned by the shameful indifference manifested by our so-called town fathers in the matter of providing adequate educational facilities for our children.

Your children and mine will eventually be left on their own in a highly competitive world, and their place in this world will be determined by their education and background. We must not deny our children the advantage of this progress in their education.

Very truly yours,
A Concerned Father.

ONLY ONE QUESTION
"The one question for us to decide is, whether our boys and girls who have the right to a well-rounded education in a safe, adequate school building, also have the right to this education and this safe, adequate school building NOW - while they are still children."

Mr. John E. Dalton has closed his home on West Main street and will spend the remainder of the winter with his daughter, Miss Helen Dalton, a teacher in the Natick Schools.

Mr. and Mrs. Joseph Waskiewicz and son James have left for Florida for the remainder of the winter. They are traveling by trailer.

Mr. William Alkenhead of North Common street is a patient in Mary Lane Hospital in Ware.

West Brookfield Children Attend Classes In Cloakroom

841 Two in a Seat During School Period, Town Refuses To Replace Civil War Relic
WEST BROOKFIELD — Built in the days of the Civil War, meant to accommodate the requirements of that era, the School St. School of West Brookfield, which they will pay for a school supporting only one lower room, even with this additional aid the state's control will remain unchanged.

Following Mr. Boyd's talk Mr. Grabert came back on the floor and discussed the addition of a gymnasium-auditorium to the present school. Without state aid Mr. Grabert estimated that this would cost the town of North Brookfield \$302,000. Mr. Grabert pointed out, however, that the cost figures of school systems in many communities in the state.

However, the voters have repeatedly turned down a vote for a new schoolhouse, offered amounting to \$12 rooms, at an estimated cost of \$300,000 or nine rooms for slightly less than \$200,000.

This week there appeared to be some hope that the people who have been willing to let the children of the town to attend a school that was built with four classrooms and now has two extra ones crammed into rooms might change their minds and accept the inevitable.

It was announced that the Citizens Committee for Better Schools is sponsoring a talk in the Town Hall Wednesday, February 7 at 8:15 P. M. by Henry Toy, Jr., executive Director of the National Citizens Commission for Better Schools and the general public of all surrounding towns will be invited.

Two Grades in One Room
The school committee of School St. School, has known for some time that the conditions in the schools are unsatisfactory, but they have been unable to convince the necessary margin of townpeople that the only solution is to spend money for a new building.

Alternate plans have been suggested and at one meeting the voters even agreed to purchase a piece of land for the building, then they refused to appropriate the necessary money.

There are several sites under consideration now and the choice being made is a group which is addressing one group while the others are supposed to study. There is no possibility of dividing the room that is to be used for the building. In addition there is a full class of fourth graders in an adjoining room, but these students are packed and Miss Marjorie Sampson can't find room for the overflow.

One Boy Without Desk
Miss Phyllis G. McNulty teaches far less than present-day children in the classroom that was made out of a cloak closet. One of the boys

Builders or Menders?
Surely all have heard Horace Heidt once. "The Better to Build Boys than Mend Men." It is most difficult to see what the Town of North Brookfield has done that is so different from the boys. We have inadequate every-day facilities — no gym, no auditorium and a very limited curricula.

Why all this talk of "patching up" the present school? Why not join forces and give our prospective men the best. Let's look at a brand new building. Why are other towns are helping us make it possible to have a bigger and better school in North Brookfield. Because of their help we have an opportunity to make better decisions for tomorrow's world. Let's swallow the local pride and expand. A new, efficient school would be an incentive for more people to make North Brookfield their home town, and something to which we could point with pride.

WARREN
Mrs. John Tyler, Mrs. Austin Woodard, Mrs. Lewis Covs and Mrs. James Riddell attended the monthly meeting of the Federation of Women's Societies held at the Second Congregational Church in Worcester. They represented the Woman's Guild of the Federated Church.

At the recent meeting of the Grange Auxiliary held at the home of Mrs. Charles Welch at station agent, the regular meeting was held until April, unless some voted to omit, and then the President Miss Victoria Planeta will take charge of the drive in West Warren. The drive will continue for two weeks.

Richardson street are receiving congratulations on the birth of a daughter to Mary Lane Hospital.

Harry Keith of Monson has returned to Warren as station agent, replacing Michael Smith who has transferred to West Springfield. Mr. Keith announces that the Bee-liner will stop in Warren at 10:01 A. M.

National Authority On Schools, Guest Speaker

Speaker

NORTH BROOKFIELD — Henry Toy, Jr., Executive Director of National Citizens Commission for the Public Schools, will speak in the North Brookfield Town Hall, Wednesday, February 7 at 8:15 P.M. Allen Chase, chairman of the North Brookfield Citizens Committee for Better Schools, said that through the generosity of the Selectmen the Town Hall has been secured so that the general public can hear Mr. Toy, who is a national authority on public school systems. The invitation is being extended to all residents of North Brookfield, but to the other Brookfields, New Braintree, Oakham and surrounding communities.

Mr. Toy was born in Easton, Pennsylvania, graduated from Woodbury, New Jersey public school system and Wharton School of the University of Pennsylvania. He was associated with the Du Pont Company for 8 1/2 years, including four years as manager of the Priority Section and had major purchasing responsibilities. He is married and has two children in the public schools of Manasquan, N. J., where he now resides.

In February of 1949 Mr. Toy was named the Young Man of the Year by the Junior Chamber of Commerce in Delaware and in June 1949 he was the winner of a membership competition of the National Association of Purchasing Agents.

Mr. Toy's interest in public schools started in Oak Grove, Delaware where, as president of the P.T.A., he led a movement for the improvement of local schools. Later when he was associated with the Council for Delaware Education his committee made a broad study of all public schools in that state and their problems, which immediately began a dramatic campaign to improve the state's schools.

To arouse interest in the public schools, the council, under Mr. Toy's leadership, summarized in laymen's language the State school laws, wrote and published, with the cooperation of the American Association of University Women, a description of each of Delaware's 174 school buildings. The result was the passing of state legislation calling for \$19,000,000 worth of new school construction in the small state of Delaware. At the present time every school in that state is on a school construction program.

In September of 1949 Mr. Toy was named Director of the National Citizens' Commission for the Public Schools. This Commission is supported by contributions from many well known leaders of industry. They are responsible for many of the radio announcements and magazine articles that are now appearing in the interest of public schools.

We are indeed fortunate to have such a man as Mr. Toy talk to us and everyone who has an interest in public schools should make a special effort to attend.

George Boothby On West Traffic Duty

WEST BROOKFIELD — George W. Boothby of West Main st. will succeed Victor Murray of Central street as the school traffic officer at the main cross-over in the center of the town. Mr. Murray resigned and has now taken a position in defense work in a Cherry Valley plant.

Candidates For School Committee In Brookfield

BROOKFIELD — Time for filing nomination papers with the town clerk, Miss Bessie Herbert, expired at 5 o'clock Monday. Results indicate a contest for School Committee. With one to be elected for a three-year term there are two candidates. James A. Leroy, of Prospect Hill, seeks reelection. A new candidate is Dean R. Duren of Howard street.

Mrs. Elizabeth Coes has withdrawn from the school committee contest. She was unaware that James Leroy was seeking reelection.

Unopposed candidates follow: Selectmen, William E. Bolshaw, on W. Noyes, and Ralph W. Brown; Treasurer, Howard A. MacDonald; Tax Collector, Lewis D. Hyde; Water Commissioner, Albert E. Archer (a new candidate, residing on River street); Board of Health, Curtis Abbott; Cemetery Commissioner, Lee Boyce; Trustee Cemetery Funds, George P. Eaton; Moderator, Arthur E. Wentz (a new candidate, residing on Pine Lane); Auditor, A. Lewis Ayers (A new candidate, residing on Maple street); Trustees of Merrick Public Library, William E. Herd, Mrs. Grace Seymour (a new candidate, residing in Long Hill street); Tree Warden, George Herbert; Constables, Victor J. Guerin, Sydney J. Bolshaw, Horace May, Charles H. Hall; Lewis Perry, F. P. Faugno, and Axel E. Johnson.

Leicester Navy Nurse Weds Worcester Sailor

LEICESTER — Miss Kathleen J. Weir of the Navy Nurse Corps became the bride of Richard Oliver of the Navy, Saturday morning in St. Aloysius rectory, Rev. Francis J. Carroll officiated.

Mr. and Mrs. William Weir, parents of the bride, reside on Stafford street and the bridegroom's parents, are Mr. and Mrs. Gunnar Granfors, 882 Millbury street, Worcester. The couple have been stationed at Newport, R. I.

Claire Gallagher of Hazelton, Pa., a navy nurse, was maid of honor and William Oliver, brother of the bridegroom, was best man.

The bride wore a navy uniform suit with pink accessories and carried a white prayer book with a white orchid. The maid of honor wore a dark green suit with yellow accessories and carried a prayer book and orchid.

SPENCER — Miss Suzanne Lamoureux, daughter of Mr. and Mrs. Etienne Lamoureux of 13 Maple Street will represent David Prouty High School of the Good Citizenship Pilgrimage of the Daughters of the American Revolution in Boston, on March 15. She will be the guest of the Col. Henshaw Chapter, D. A. R. of Leicester, Miss Lamoureux was chosen by the faculty and senior class at the school, the choice being based on the characteristic of dependability, service, leadership and patriotism. She is a member of the senior class, she is a member of the Student Council, co-editor of her class paper and chairman for the class food sales.

Mr. and Mrs. Raymond J. Marion welcomed a new baby boy into their home last week. Mrs. Marion is the former Elaine Lampron.

Madeline Bourdages Weds Leo Sasseville

SPENCER — Miss Madeline C. Bourdages, daughter of Mr. and Mrs. Joseph Bourdages of 11 Prospect street and Leo A. Sasseville, son of Mr. and Mrs. Wilfred Sasseville of 32 Temple street, were married Saturday morning in St. Mary's Church.

Mrs. Jeanne Borel of Worcester, a sister of the bride was maid of honor and another sister, Mrs. Theresa Fitzgerald of Spencer was matron of honor.

Robert Sasseville was his brother's best man and another brother, Wilfred J. was an usher.

The bride wore a gown of ivory satin with a fitted bodice with a satin trimmed yoke. The bouffant skirt had a chapel train. She wore a fingertip veil which was attached to a halo crown of net. She carried a white prayer book topped with a white orchid and Stephanotis was tied to long streamers of ribbon.

The matron of honor and bridesmaid wore identical gown of taffeta, one being rust and the other was peach. They carried wishbone bouquets of gladioli, iris and tea roses. The couple will make their home at 11 Prospect street.

West Brookfield
Corp. Donald Melvin of the Medical Corps of U. S. A. is home on a 21 day leave.

Story Hour Feature Of Sugden Library

SPENCER — In the annual report of Mrs. Mildred Dickinson, librarian at the Richard Sugden Library, the following statistics are revealed: Number of people registered, 1572; number of days the library has been open, 287; number of bound volumes, 17,437; acquisitions during 1950, 499; number of volumes circulated, 38,142; average circulation per day, 133; number of albums of records, 23.

Mrs. Dickinson reports "The outstanding activities at the library during the past year have been the weekly story hour for children, conducted by Mrs. Marie Frost and the celebration of National Book week in November.

It will be noticed that there is a drop in the number of books circulated, as compared to the preceding year. We believe the principal cause, is the increasing number of television sets in the community, but as libraries weathered the introduction of radios so they will survive this new form of entertainment."

Boulette-Skyten A. L. Units Banquet at East

EAST BROOKFIELD — On Saturday evening, January 27th, the Boulette-Skyten Post American Legion and Ladies Auxiliary united for a banquet which was held in the Lashaway Hotel on Main street. This is the first banquet held by these organizations and it is expected to take place annually. The guest of honor was Howard D. Hunt who is a veteran of United States Spanish American war, and is 88 years of age. Other honored guests were Edward Seery of Brookfield, Veteran's Service officer, Mr. and Mrs. Gustaf Skyten, parents of Carl Skyten who was killed in the second world war, and whose name is honored by the Post; Rep. Philip Quinn and Selectmen Charles J. Woodis and Mrs. Woodis. There were about 150 present and the master of ceremonies was James Herbert, Commander of the local Post. Each guest was required to entertain those present in some manner or else pay a forfeit. The money collected from the impromptu entertainment was given to the March of Dimes campaign. Dancing followed and a general good time was reported by all present.

BARSON DISCUSSES WASHINGTON DECISIONS

WASHINGTON, D. C. — I have been interested in a recent correspondence between President Truman and Representative Hebert, a Democrat of Louisiana, who wrote the President asking that a certain day be appointed for national prayer. He distinctly asked that God should "send officials with the wisdom and courage to make the right decisions". This request was well worded as too many of us are not content to ask God to help us make the right decisions; but before praying we make the decisions for ourselves and ask God to see that they are carried out. It, however, is always sound to pray for wisdom and courage. If we would have such a prayer constantly on our mind in a spirit of thankfulness for such blessings as we have—without asking for definite things—we all might be much better off.

WHAT PRAYERS ARE ANSWERED

Although President Truman's reply did not satisfy Mr. Hebert, yet the President's reply was very sound. It looks as if he were a better Bible student than Mr. Hebert as his reply was based on the Bible promise that "The prayers of the righteous availeth much". This means that in order to have our prayers answered, we must live a life that Jesus would approve; with kindness, unselfishness, and integrity. Jesus commanded that before we go to the altar to make our sacrifices and ask for blessings, we should first go to Jesus whom we have wronged by act and secure their forgiveness, making restitution if possible. President Truman wisely hinted that this applies to most political leaders and to a large group of voters. We cannot expect an answer to our prayers while playing politics or talking unjustly about officials. Furthermore, those who have been too lazy or indifferent to vote, have a poor case when praying for better government. I therefore, am 100% for President Truman in his reply to this and similar requests.

Although the above discussion has ended, it has brought up a most interesting fact which the President and all others in authority must some day recognize. I have in mind how decisions of Presidents, Senators, Congressmen, and other federal, state and city officials are affected by other factors. We all know that our decisions are definitely affected by our health and home relations, especially what we did the night before. Health and habit have been responsible for the enactment of much bad legislation, the rendering of unjust court decisions, resulting even in sending innocent men to prison or perhaps to the gallows. But let me this week discuss other causes in which Washington is getting interested. I even found the Weather Bureau looking up conditions on the day the President, through the United Nations, directed our troops to land in Korea. Based on the conditions of that day, I believe his decision was sound, even though we may later pull out all our troops. It was worth all that it has cost to "smoke out" the Russians and awaken our own people. It would be a wonderful way to start off the New Year and the 82nd Congress.

TEMPERATURE AND HUMIDITY

Looking back over my life it is very evident that the two simple words "Yes" and "No" are of tremendous importance. My successes were due to saying "Yes" when I should say "Yes", or "No" when I should say "No"; while my failures have been due to saying "Yes" when I should have said "No", or "No" when I should have said "Yes". Of course, I also needed the courage to stick to the right decision! But what determined these decisions of mine, in addition to the power of prayer, is whether I was leading a life to be classified as "righteous".

The weather at the time of these decisions has definitely influenced me. A hot and humid day will contribute to the wrong decision (even in an air-conditioned room); while a clear, dry day with a west wind will help me make a wise decision. But there must not be a strong enough wind to distract me. The reading of the barometer is also a factor, as we should make decisions only on the rising barometer. We should avoid making decisions when tired, ill or hurried. It is too bad that the officials and Congressmen here in Washington, upon whose decisions the nations future depends, must live in such a hurry-burly environment. Irrespective of the possibility of bombing, these men should be thirty or more miles from Washington with spacious grounds and gardens where they will be assured of quietness and, if needed, solitude also.

SPENCER

There are now more than 50 names on the Civic Club's listing of the local people with the United States armed forces in the present emergency. Relatives are requested to hand in names, so a complete list may be compiled by the Chamber of Commerce. The first posting of the new list will be about March 1st in the rotunda of the town hall.

The committee of Girl Scouts, Troops 5 and 6 of our Lady of the Rosary, sponsored a military whist last Wednesday night in the parish hall. It was well attended.

Last Monday night at five o'clock was the deadline for new candidates for town officers at the Mar. 5 election to file their nomination papers with the registrars for certification. All present town officers, whose one and three year terms expire this year, are seeking reelection on a blanket nomination paper.

THE CENTRAL IDEA

Things you'd like to know about your Railroad

50,742 NEW Freight Cars

NEW YORK CENTRAL SYSTEM

IT'S EXCITING to watch the parade of railroad emblems when a freight train rolls by. You see cars whose "home ports" may be San Francisco or Bangor. And, these days, you'll also see many a bright new car sporting a big N. Y. C. and the oval mark of New York Central.

THOSE NEW CARS are among the 50,742 Central has been ordering since 1945. They represent a \$225,000,000 private investment in the public interest. An investment it took faith to make in the face of Central's net profits averaging less than 1% over the past five years.

CENTRAL DIDN'T WAIT for record production or a national emergency to create a new demand. It started to build up its freight fleet the minute steel became available after the war. And your Railroad has gone on ordering an average of 10,000 cars a year.

THAT'S WHY TODAY new cars are ready to go to any American mobile. Ready, as well, to bring you the things you buy or use... or speed your town's products to market. Yes, freight is one more way your Railroad is a living part of your town. And that's the CENTRAL IDEA!

Mr. George Pinsky, Main street, had the unfortunate to fall down the cellar stairs in his home last Friday morning. Mr. Pinsky was able to get up but he was unable to walk and he was taken to the hospital where he is now being treated.

The FTC decided to take the case of the Gollits. The current spark plug case is an example.

The problem is adequate enforcement of existing laws. For example, there are adequate laws against larceny. Yet it is easy to imagine the growth of larceny that would make it impossible for the police to make arrests, or if there were no funds for police officers.

The long established Federal Trade Commission is supposed to take action when Federal business laws are violated.

But the Federal Trade Commission has been almost paralyzed to death by lack of funds. It came out the other day at a joint session between the self-monopoly Advisory Committee and the FTC with Chairman James M. McLaughlin and Commissioner William C. Springham present as well as leaders of organized small business.

Members of the FTC state they would like to do more, but lack the funds. An attempt will be made to get funds.

A prediction for 1951. Communist sympathizers in Washington will step up their drive to force J. Edgar Hoover out of the FBI. A "Smear Hoover" campaign is well under way, spearheaded by one Max Lowenthal, of dubious background and no known financial standing. This drive will be held in Red Men's Hall, St. John's Church, Tuesday evening, February 6th. The committee in charge will be Mr. Archie Mander and Mrs. Dorothy Archambault. Mrs. Dorothy Archambault, Mrs. Albertine Davis.

The regular monthly meeting of the Ladies Benevolent Society of the East Brookfield Baptist Church will be held in the home of Mrs. E. Lawrence Miller on Old North Brookfield road at 8 o'clock. The hostess is Mrs. Miller assisted by Mrs. Abbie Mander and Mrs. Russell Parker. The subject "Rivers" was dramatized by the scouts participating to everyone's delight, along with the presentation of Show Boat. The following scouts received awards: Ronald Skofka, gold star; Bennett Lubin, Stanley Anderson, Charles Harbort and Robert Varum, bear badge; John Emerson and George Ryan, one gold and two silver arrows and Lion badge.

Conservation practices are like fire insurance—when needed, needed badly.

The Men's Club of the First Baptist Church will hold their regular monthly meeting in the vestry of the church on Tuesday evening, February 6th at 7:30 p.m. Mr. Lynn Lepley, President will preside. Mrs. John Cole entertained her son and family, Mr. and Mrs. Sanford Cole and children from Littleton, N. H., over the past weekend.

The auxiliary of the Gaudette-Kirk Post 138 A. L. is conducting a benefit whist party at the Home, Grove street this Thursday night. The proceeds will be given to the local Polio Fund.

Beauty Tips for Teens

TONY WOODWARD
St. Paul, Minn.

As you'll be "skin-conscious" and not "hair-conscious," here are some tips to help you avoid complexion problems: get plenty of exercise... sleep and pampering. These simple rules spell good health for the body and the beauty to shine forth in your skin, too.

As to care of the skin, a smooth, clear complexion takes a bit of "babysing." We can't emphasize too greatly the importance that "cleansing-at-all-times" pays. Cleanse your face at least three times a day... don't let dirt and make-up work into your pores. Instead, use the usual washcloth, we suggest a sterile gauze pad, which can be used once and thrown away. This lessens the danger of what skin specialists call "self-infection." These sterile gauze pads come individually wrapped—there's no chance for dust or germs to penetrate before they're taken out of their plastic envelopes and used.

To banish blackheads, try this special treatment: Apply baby oil to your face and use a gauze pad to wipe away the day's make-up. Next, wash your face thoroughly with soap and warm water. Then, use a sterile gauze pad and your fingers and gently—oh so gently—press out (never squeeze, or you might damage the skin tissue) only those blackheads which are ready to come out easily. With a clean corner of the pad, put a bit of rubbing alcohol on each opening to help prevent infection. Finish with a "spanking" of cold water to stimulate circulation.

The hostess is Mrs. Miller assisted by Mrs. Abbie Mander and Mrs. Russell Parker. HAPPY HUNTING and FINE FISHING

By Lee Matthews

It is not my desire to be an alarmist, but the oceans are not the protection to this country now, as they were back in the days of slow transportation. Have your club members as a whole, or you as an individual, given any thought as to the moves to be made in case of an invasion? A large scale move probably is impossible, but a few planes may get in past our defenses and a few hundred parachute troops landed in your area. It would be a simple move to tie up your local telephone, establish road blocks and create general havoc, to say nothing about the loss of life in your community before concerted action could be taken by the military authorities. You think it could not happen to you? Don't be too confident, nothing is impossible, and while it would be not much less than suicide for the parachutists, the damage they could do in the time before the arrival of our troops could be considerable. What are you going to do about it? The lives of your family or yourself mean anything to you?

Wildlife Conservation Incorporated states that two hunting safety bills being introduced to the legislature this winter. The conservation department is again asking the legislature to pass its bill providing fines of \$100 to \$500 for anyone convicted of killing or injuring another person through "careless or negligent" use of firearms while hunting... first conviction means loss of license for five years... a second, for life. The "careless or negligent" phrase protects the hunter involved in a true accident, such as a ricochet, or someone stepping into the line of fire.

A companion bill aimed at controlling minor hunters is held even more important considering that 90 percent of all Massachusetts hunting accidents this past fall, both fatal and non-fatal, involved minors under 18 years of age. Under this bill, any minor from 15 to 18 years may be given a hunting license with the proviso that his parent or guardian authorizes the license will pay any accident penalties. Minors from 10 to 15 years may hunt without a license, but only in company with a licensed adult who must assume the same safety guarantee. And then Paul A. White adds this note: "The bill is drawn on the recognized theory that the time to teach safe hunting is when the hunter is young... the youngster is not penalized by a court record if involved in an accident... but the person guilty of letting him run wild is... The only penalty for the minor is confiscation of the weapon involved."

Plans are being made for the annual school opera by Mr. F. Theodore Hopkins, supervisor of music in the Hodgkin's School, which will be held in Red Men's Hall on April 13. Owing to the interest shown by the townspeople, it is hoped this opera will be staged on two nights, the 12th and 13th of April. The opera this year will be entitled "The Circus Comes to Town".

There will be a preliminary meeting of the town finance committee to be held in selectmen's room on Monday evening, February 5th at 7:30 p. m. This meeting is called for the purpose of making a survey of the different budgets as presented by the different departments of the town, which budgets will be acted on at a final session of the finance committee to be held previous to the annual town meeting.

HEALTH FOR ALL

"SIGNS" OF TB
There are visible and recognizable symptoms of tuberculosis: Unexplained fatigue, noticeable loss of weight, a cough that hangs on, and sometimes the spitting of blood. A sharp pain in the side or chest, chronic indigestion, and sore throat, may also mean tuberculosis.

But, unfortunately, these symptoms usually appear when tuberculosis is in an advanced stage and difficult to cure. Tuberculosis germs are insidious, and they can be at work damaging the lungs for months, and sometimes years, before there is any warning with obvious symptoms — before the persons begin to feel or look ill. Certainly, anyone who suffers from one or more of the symptoms which might mean tuberculosis should see his doctor without delay. The sooner the disease is diagnosed and measures to arrest it, the easier it will be to cure it.

At the same time, some of us can afford to wait until symptoms appear. And we should not. There is a reliable way in which we can keep a check on the health of our lungs so that, if the disease does strike, the chances are it will be detected in an early stage.

This is by getting regular chest X-rays and physical examinations. Although tuberculosis has no visible symptoms when it first starts, the X-ray can show evidence of tuberculosis in any stage — even in an early stage when lung damage may be slight.

The chest X-ray is a simple process that takes only a moment, yet it can pay untold dividends. Since tuberculosis can strike without warning and can be damaging the lungs for months before it makes itself known with obvious symptoms, the X-ray acts as a reliable check on the health of one's lungs.

That's why doctors urge every adult, 15 years of age and over, to have regular chest X-rays along with their physical examinations. The X-ray is a diagnostic aid to the doctor — not a guarantee against TB — and is the simplest way of detecting tuberculosis in an early stage, in which it is easiest to cure.

THE EDUCATIONAL FORUM

Readers throughout the area are urged to write their opinions on the educational schools problem. Letters must be signed but signatures will not be published if so desired.

Personal Checklist

The citizen who is actively interested in good schools and who is interested about the schools of his community will answer "Yes" to at least eight of the following questions. What is your score?

(Answer YES or NO)

1. Are you an active member of the parent-teacher organization in the school your child attends?

2. Have you met and become at least casually acquainted with each of your children's teachers?

3. Do you know what provisions are made in your school district (or whether there are any provisions) for the education of exceptional children?

4. Do you know the minimum amount of college work required for appointment as a teacher in your school system?

5. Do you know the approximate salary range and average salary of teachers in your community?

6. Do you know what area (or territory) is included within your school district?

7. Do you know whether the per pupil cost of schools in your district is above or below the average for other comparable school systems?

8. Can you name at least two major improvements that are being planned for the near future by your superintendent and board of education?

9. During the past two years have you served on the "education" (or "school") committee of any organization?

10. During the past two years have you helped specifically (with your vote, or otherwise) to select new school board members?

11. Have you visited the office of the superintendent of schools — so that you know where it is and where to get information?

12. Do you read, regularly, at least one magazine which deals with schools and school programs?

Your Score (Number of items marked "Yes")

Industry Helps

Below is an item from the Worcester Evening Gazette of Jan. 29.

Build A School

BINGHAM, Me., Jan. 29 — Through the co-operation of public and private funds, this small Maine town will get a new \$150,000 school building after all.

Ingalls said that the town had only enough money to build four units of a badly needed 10-unit school. So the town's largest industry, the Allen Quimby Veneer Co., offered a gift of \$60,000 to construct the other six units.

The gift, with no strings attached, so inspired the school board that it voted to raise a \$40,000 bond issue for the construction of a gym to go with the school.

This is not a new or novel idea but is being used by many towns in the country to obtain new schools they need.

Industries and businesses in these areas see the need of the improvement and make it, not with much controversy but with funds to help meet the needs of the towns.

If the industries in this locality were as civic minded as in other areas, there is no reason why the Brookfield could not have the best 12 grade school in the state, with no great burden on the average tax payer.

RAYMOND C. BUCKLEY

ONLY ONE QUESTION

"The one question for us to decide is, whether our boys and girls have the right to a well-rounded education in a safe, adequate school building, also have the right to this education and this safe, adequate school building NOW — while they are still children."

Now let's hear what they had to say about the school they built last year for our children; about to do our duty for our community!

History Repeats Itself

In Temple's History of North Brookfield is found some very interesting facts that fit our present situation in West Brookfield, like a glove.

They reached a point that we've reached right now — and did so in 1860. At that time, the school was in a state of disrepair and the town was unable to pay the bills. The school was closed for a year and a half.

Note the comments carefully: "There were men, of course, who criticized the investment, and some questioned the advisability; some from one motive, and some from another. Some tax payers had no children to be educated, and opposed the appropriations from year to year by the town. Others lived far from the centre village, and deemed it improbable that they would ever get sufficient advantages to justify their cheerfully submitting to taxation for educating the children of others. But as a whole the people of North Brookfield have been very liberal in their appropriations for this purpose."

D. of I. Banquet

At North Town Hall

NORTH BROOKFIELD — Over 250 attended the North Brookfield Circle, Daughters of Isabella 25th Anniversary Dinner in the Town Hall last Sunday evening with Kendall the caterer of Fitchburg serving a chicken pie supper. Most Rev. John J. Wright, Bishop of Worcester was the principal speaker.

Other speakers included: Rev. Eugene C. Archey, chaplain of the Circle, Rev. Francis M. Hickey, pastor of St. Joseph's Church; Mrs. Carolyn B. Manning, National Regent; Miss Helen B. O'Donnell, State Regent; Miss Rose Riddle, State Vice-Regent; and Lt. Col. Thomas H. Courtney who represented Governor Paul Dwyer. Mrs. J. Raymond Mahan of Grove street was Mistress of Ceremonies and Mrs. Thomas Severance, Regent, also took part in the ceremonies. Mrs. Edward F. Quinn of South Main street and Mrs. Henry B. Quinn of Southbridge were soloists with Miss Marion McCarthy of Summer street as accompanist.

The local order is one of the most active organizations in the town and has charge of a charitable work of St. Joseph's parish. Each year the members sponsor a Christmas party where over 200 children are entertained as one of their major projects.

The arrangements for the anniversary banquet were in charge of the following past regents: Mrs. Thomas Severance, Mrs. Edward B. Conroy, Miss Florence Cronin, Mrs. William Collins, Mrs. Odeona Powers, Mrs. J. Raymond Mahan, Mrs. William Hart and Mrs. Dolores Gaudreau.

Brookfield 70-45

NORTH BROOKFIELD — The purple and white hoopers under the coaching of Mary Leach were in high gear last Tuesday night when they overran their opponents the Brookfield High team by the score of 70 to 45 in a Western Worcester County League game. Hubert, Fullam and Morrison racked up a total of 50 points between them while playing stellar defensively were such stars as, Thibault, Lange, Benvenuti, Chisholm and Thomason. Woodard at guard for Brookfield was high man for the losers with 17 points.

In the preliminary, the high school girls were defeated by Brookfield lasses 36 to 20 in a well played game. Friday night at Sutton the home-town boys lost a decision to Sutton by the score of 55 to 35. This Friday the North playing in Rutland while on Tuesday in the Town Hall Charlton comes to town for a return engagement.

North Brookfield

HENRY F. GRABERT

A birthday party was conducted in the home of Mr. and Mrs. Irving Nicoll on School street last Tuesday afternoon in honor of their daughter, Marilyn, who observed her fourth birthday. Communion Sunday was observed by the members of Junior Holy Name Society and the boys of St. Joseph's parish with Rev. Francis M. Hickey and Rev. Eugene Archey officiating in the service of worship.

A news item of interest concerns a former student of North Brookfield High school is the fact that Elizabeth Hoyt, Professor of History at Iowa State College, has been abroad for the seventh time to study in Africa. The learned woman has written thirteen books thus far which are widely read throughout the United States. Though no scholar, her present high school principal, her father was one time Sup. of Schools here.

Sup. Walter Nelson of the Congregational Sunday school was in charge of the military whist party conducted in the Recreation room last Friday evening at eight o'clock with proceeds going to the Sunday school.

In the Guild room of Christ Memorial Church last Monday evening, the cast of the recent Minstrel show were treated to a supper by the women of the church. Those attending included: P. Theodore Hopkins, Mrs. Mary Smith, David Hayes, Bob Norton, Ernest Thornton, Franklin Drake, Wayne Rutherford, Charles Poland, John Grabert, Harry Smith and others. Congratulations are being received by Mr. and Mrs. Roy Neal of Forest street on the birth of a daughter in Mary Lane Hospital, Ware. Mrs. Neal is the former Phyllis Moulton. Mr. Neal is a member of the Scout committee of St. Joseph's church and is employed at McLellan Jones Co. in Brookfield.

Here's a classic example

of the type of house most American families look for. It's Good Housekeeping magazine's "Small House of the Month" for February. Features include: 1,230 sq. ft. of floor area; full basement; 12 closets; and fireplace. The exterior is brick veneer, vertical siding, and wood shingles. Note the abundance of windows, twin wash-basins, and the folding wall which converts the extra bedroom or study into a second living room.

"SMALL BUSINESS"

By C. WILSON HARDER

Watch for investigation of the state situation, especially if the recent order curtailing tin usage results in small camera and packers having difficulty in getting tin cans.

Among other questions will be this one: "Why, when the tin reduction rule was announced, did RCA Radio 12157 announce an east coast cancellation?"

Recently that the Marshall Plan, \$40,000 worth of the state secured in USA was given to French North Africa? This equals an on-

the year's supply for 15 to 20 medium small fruit and vegetable canners.

During World War II many small food packers lost markets to big corporations because they could not obtain sugar.

Yet, with the nation presumably on the verge of a global war once again, Agriculture Secretary Brannan reduces the amount of sugar that can be marketed in the nation during 1951 to 5 million tons, or 700,000 tons less than used in 1950.

There is no shortage of sugar. The ruling was made to stabilize prices, the Secretary says.

Housewives who paid 40¢ per lb. for sugar in 1949 will continue to

pay 12¢ or more. If total war comes the Sugar Trust will once again determine who will stay in business. This shuffling of responsibility by bureaucracy will get close scrutiny in Congress.

Alcohol bedevils many, but in high officialdom alcohol seems to be especially befuddled. That's the substance of a Senate preparedness committee report on the amazing deal whereby Schenley secured a government monopoly on alcohol plant in Kansas City valued at \$2,500,000 for \$700,000.

A month after Korea, the Government Securities Administration opened bids for the plant. Schenley won with an offer of \$700,000. Three days later Sen. Johnson, Chairman of the Committee, and Jess Larson, GSA head, conferred. Three days later a "freeze order" was issued. But on the same day, August 17th, GSA wired Schenley acceptance, who took possession of the plant on August 22nd. No one knows yet how it happened.

But this is known. The synthetic rubber program needs 15 to 15 million gallons of alcohol.

On the first request, Office of Rubber Reserve did not receive a gallon from distillers. For the last two months of 1950, 10,000,000 gallons were requested. Prices ranged from 90¢ to \$1.25 per gallon. So the government bought French alcohol at a price of 45¢ per gallon. Sen. Johnson will undoubtedly carry this probe further... watch for developments.

The bride wore a gown of white slipper satin, princess model, with lace yoke and full skirt falling in to a train. She wore a fingertip veil arranged from a crown trimmed with orange blossoms and carried a prayer book with cover of white orchids. Miss Joan Graziulis was bridesmaid and the best man was Edmund Jandrow of Palmer. Following a wedding trip the couple will reside at 8 Warren street. Congratulations!

Nonfat Dry Milk Adds Flavor and Nutrition

Here's nutritious goodness! This cream of turkey soup is made with economical nonfat dry milk which is high in protein, calcium, riboflavin and lactose.

There's nothing more warming nor more nourishing than a bowl of steaming hearty soup on cold, wintry days. Soups can be made even more nourishing and flavorful when economical nonfat dry milk is used.

Nonfat dry milk is fresh pasteurized milk with only the fat and water removed. It contains these important milk nutrients: protein, calcium, riboflavin and lactose. Nonfat dry milk is extremely economical for a one-pound package costs from 35 to 39 cents, and this quantity yields five quarts of nonfat milk.

Homemakers are learning of the many advantages of nonfat dry milk. It is available at the grocer's in convenient one-pound packages and it will keep almost indefinitely on a cool dry shelf if the package is opened and closed carefully after each use.

Best used in most recipes calling for milk, it can either be liquidized easily, or in some recipes it may be used in its dry form and water added as the liquid.

Here is a tasty soup recipe which can be made with either left-over turkey or chicken:

Cream of Turkey Soup

(Makes 8 servings)

1 tablespoon butter

3 cups water

1 cup Starlac (nonfat dry milk)

5 cups nonfat milk

1 teaspoon curry powder, if desired

1/2 teaspoon salt, about

1/2 teaspoon pepper

2 bouillon cubes

1 cup cooked shredded turkey

1 tablespoon finely chopped pimiento

1 tablespoon finely chopped parsley

Melt butter in top of 2-quart double boiler over direct heat. Add onion and cook until tender but not brown. Remove from heat. Pour water into pan. Combine Starlac (nonfat dry milk), flour, curry powder, salt and pepper. Stir over top of water in pan. Beat with rotary beater until smooth (nonfat dry milk) is dissolved. Add bouillon cubes. Cook over simmering water until thick. Stir stirring constantly. Add turkey and pimiento and continue cooking until heated through. Serve at once. Sprinkle each serving with chopped parsley.

Couple United At N. Brookfield Church

NORTH BROOKFIELD — A wedding of interest took place in St. Joseph's church last Saturday morning at nine o'clock when Miss Doris Rita Jandrow, daughter of Mr. and Mrs. Francis Jandrow of South Common street was united in marriage with Peter P. Mikell, son of Mr. and Mrs. Stanley Mikell of Warren street. Rev. Eugene C. Archey officiated.

The bride wore a gown of white slipper satin, princess model, with lace yoke and full skirt falling in to a train. She wore a fingertip veil arranged from a crown trimmed with orange blossoms and carried a prayer book with cover of white orchids. Miss Joan Graziulis was bridesmaid and the best man was Edmund Jandrow of Palmer. Following a wedding trip the couple will reside at 8 Warren street. Congratulations!

2nd Annual Fashion Show at Ware

WARE — On March 6th and 7th Ware will have its second annual Fashion Show under the sponsorship of the Social Defense Club. This year's show promises to be the biggest event seen in Ware for many years. The committee in charge has taken it upon themselves to attend the Fashion Show on the first week in February. At this time they hope to obtain ideas to assist them in making Ware show the best in the area. Six shows will present the latest styles of 1951 using local models.

The east and west walls of the auditorium will contain booths displaying by other Ware merchants. Tuesday afternoon, March 6th, the committee has been fortunate in obtaining the services of Miss Margaret McPherson of the Boston Consolidated Gas Co. who will present the latest methods of gas cooking under the auspices of the Ware Gas Co.

Sew your own fashions

The new silhouette is personified in this luxurious "go-everywhere" costume of virgin wool, and when you make it yourself you save dollars over the cost of a ready-made outfit.

Suit pictured is made up in "Botany" Brand Certified Fabric, available in flatter "Blossom Tones" . . . Torch Lily . . . Tawny Tulip . . . Hyacinth Blue . . . and Coral Analea. Wear it with your favorite blouse, or knit a sweater to go with it. Or particularly importance to home sewers who wish to achieve that custom-made look, is the selection of material. "Botany" is a fabric that's easy to handle and drapes well. You'll find it pays to buy 100% virgin wool, for it gives you outfit dunt, dunt, dunt. Always make sure the material has been sponged; then your creation will be just as soft after cleaning, as before. "Botany" weaves, so the designers tell us, are sponged, preshrunk and certified by their laboratories specifically for home sewing. Suit at left—simplicity pattern No. 3442.

The demure little miss at right wears an attractive washable cotton sundress with matching jacket, made up in bold checks, accented with neat white trim. An easy-to-sew pattern—it features a zipper down the front, so a child can dress herself at an early age. Since modern child rearing principles stress the importance of self-help, zipper closures are widely recommended as a means of encouraging the future self-reliance. The playdress shown has a Seam-Thin Talon zipper. This new zipper is thinner and lighter than any fastener ever made . . . so thin, it's next to invisible in the dress. Seam-Thin zippers are washable and durable, and their extreme flexibility makes them particularly adaptable for active playclothes.

Sundress and Jacket, Simplicity pattern No. 3571. Size 12 to 16.

North Churches Unite For Lenten Services

NORTH BROOKFIELD — The two Protestant Churches, First Congregational and Christ Memorial Episcopal will again unite for a series of six Lenten services which have been arranged by Rev. J. Roy Packard and Rev. Malcolm H. Miner. The general theme will be "What Has the Church To Say To Our Time?"

The first service will be held in the Congregational church this Thursday evening at 7:30 p.m. with Rev. J. Roy Packard conducting the service and Rev. Malcolm H. Miner preaching on the Church's Anything To Say To Our Time? Next Thursday the service will take place in the Episcopal church with Rev. J. Roy Packard as guest preacher on the subject, "How Does the Church Speak To Our Time?"

The remaining schedule is as follows: Feb. 22, Congregational church, "Rev. Malcolm H. Miner, "What Has the Church To Say To a World at War?"; March 1, Christ Memorial Church, Rev. J. Roy Packard, "What Has the Church To Say in the Defense of Human Freedom?"; March 8, First Congregational Church, Rev. Malcolm H. Miner, "The New Church of Christ in America?"; March 15, Episcopal

church, Rev. J. Roy Packard, "The New Church of Christ in the World." F. Theodore Hopkins, a minister of both churches will conduct the music.

Last Sunday, Mr. and Mrs. Charles J. Anderson were invited by their son and daughter-in-law, Mr. and Mrs. Nils Anderson, to go to Springfield for Sunday dinner. Arriving at the hotel they were taken to a room where a large group of friends were gathered for a surprise celebration of the 65th birthday of the interesting, civic-minded, natural loving gentleman. A typical sumptuous Smorgasbord was enjoyed after which Mr. Anderson was presented with many gifts.

Did you ever hear of "quality control?"

At A&P this means that we set high quality standards for the food we sell . . . and then we stick to those standards through thick and thin.

You won't find us lowering our high quality standards because supplies happen to be scarce, or because we want to put on a "bargain" sale.

That is why you can shop at A&P, day in and day out, with complete confidence that if, for any reason, you are not satisfied with any purchase, your money will be cheerfully refunded.

We will be grateful for any suggestions you may have that will help us maintain our high quality standards. Please write:

East Brookfield

Mrs. Agnes Woods, Chairman of the March of Dimes campaign, announced that the drive will be extended until Feb. 17th, in accordance with the time limit prevailing in the adjacent towns.

The Board of registrars met at the selectmen's rooms on Thursday, Feb. 8th. Registered were William Melinsky and Ruby Melinsky. The last session for citizens to get on the voting list will be on Feb. 15th from noon until 10 P. M. Town election will be held on March 5th.

Final papers filed with the town clerk show no contest other than Stanley F. Graham from Bradford, for the office of constable. This has narrowed down to seven, as Joseph D. Adams, a former Chief of Police, did not sign his acceptance to the nomination for that office. This leaves seven running, with four to be elected. The aspirants for this office are Raymond Bertrand, Arthur J. Cranston, Ephraim J. Manning, Earle C. Cunningham, Raymond A. Chapin, William C. Dwyer, and Henry J. Gagne.

Bright Spot During Dark Months

Snow and cold weather may be the outlook for the next few months, but even the snow man takes heart when he looks southward and sees the bounty of sunny Florida citrus fruits now available. This year's crop is an excellent one, and there are plenty of oranges, grapefruit and tangerines to more than insure a daily quota of flavorful vitamins and tangencies for the family. First, there should always be a morning glass of orange juice or a half grapefruit. Grapefruit halves are good for first or last course at luncheon or dinner, and by varying the toppings, they can be served often without monotony. Oranges, grapefruit and tangerines, the little red-gloved fruit, can be used in salads, fruit cups, and to lend new flavor to vegetables, meats and fish.

THE EDUCATIONAL FORUM

Readers throughout the area are urged to write their opinions on the all-important school problem. Letters must be signed but signatures will not be published if so desired.

Reasons For Mass. School Situation

Many, including myself, have been criticizing our Massachusetts schools. Perhaps we should stop long enough to analyze the reasons why Massachusetts hasn't kept up with other states in their public school program.

There are two fundamental reasons, and these reasons are not entirely the fault of our local people. The Governor's Conference of State Governments to "conduct a study and compile a report on the systems of education in the various states." They made a 245 page report May 1, 1949 and called it "The Forty-Eight State School Systems". This report contains a lot of interesting facts and concerns itself with all states without any intention of exposing inconsistencies of any one state more than any other.

One of the reasons referred to above is evident in this report. Massachusetts derives approximately 15% of its public school revenue from property taxes, more than any other state in the Union from that source. This may be compared with Delaware which derives only 12% of its public school revenue from property taxes, the lowest percent from property taxes of any state. To obtain 50% of revenue from property tax was proper in 1890 when the land was producing up to 90% of the national income but today it produces less than 20% of the national income and therefore cannot carry 50% of the load. This is a job for the Tax Payer's Association to work on.

The second reason for our inadequate local schools is that each town in Massachusetts carries too large a portion of their public school cost to make it possible for the small towns to have a modern school. Chapter 68B act of 1949 of our legislature making possible the Regional Schools is the only answer to this situation. With the state paying more than half of the construction cost and three other towns assisting, North Brookfield could have had a \$684,000 school for a cost of \$172,000 to the North Brookfield tax payers. The state would also have provided 15% more for operating expenses than they now provide. Contrary to a common opinion the state control of the Regional school would be the same as it is now of our present schools.

ONLY ONE QUESTION

"The one question for us to decide is, whether our boys and girls who have the right to a well-rounded education in a safe, adequate school building, also have the right to this education and this safe, adequate school building NOW — while they are still children."

We have had a full debate on the projected plans for nine room and a twelve room school. There are some who have regretted the long delay entailed and are convinced it would have saved the town many thousands of dollars if an affirmative decision had been made two years ago. Our children would also have had the privilege of attending classes in a modern, up-to-date, educational plant. But we must live in the present and not the past. It is still possible and feasible to take certain constructive steps that will assure the future citizens of our town a good educational start in life.

In the North Brookfield school we have no gym for recreation at recess and noon period when the weather is bad. At other schools I have gone to we had a gym to play in and movies in the auditorium, but here we don't have an auditorium.

In wet weather the play ground

1—Let's agree on a proper site we need enough room to line up with the state recommendations, so that we may get state aid.

Rev. A. Robert Harrison and Mrs. Harrison will provide a musical entertainment for the Peabody Community Club at its meeting this Thursday evening. Twenty-six dollars was netted for the First Congregational church parsonage fund at the food sale held last Friday in the Kendrick's new room.

Mr. and Mrs. Stanley F. Kelley are spending the month of February in the home of the Robert Wrights, Cutler road during their absence on a month's vacation trip. The Youth Club of Sacred Heart Parish will hold their meetings each Friday, rather than Thursday as previously arranged.

Herbert Leland of Central St. was one of the leading men in the recent presentation of DeKoven's "Robin Hood", put on last week in Worcester by the Light Opera School who did not make it for all 12 grades instead of just the top six.

Another thing that is very bad on some days is the smell from the asbestos shop.

When they build the Regional School why not make it for all 12 grades instead of just the top six.

How many wires can be contained in a telephone cable?

Answer: 4,242 individual wires, or 2,121 "pairs" can be placed in a telephone cable about the diameter of a baseball bat.

How much coffee did it take to pay a \$3.00 telephone bill in 1940? How much in 1950?

Answer: If you were paying a \$5.00 telephone bill in coffee it would have taken about 24 pounds at 21 cents a pound in 1940—but it would only take a little over 6 pounds today with coffee costing 79 cents a pound.

Today you get a much bigger value "per pound" in your telephone service because it is just—just—more extensive. And, the cost has increased only a few cents a day—far less than most things you buy.

"SMALL BUSINESS"

By C. WILSON HARDER

This question is asked, "Will the government's action, taking over purchase of all rubber result in rationing?"

From the facts on record, there should be no tire rationing. This current government action should avert such a move, provided the government acted in time to stop the situation. The international rubber cartel was shattered in the autumn of 1949.

In World War II the tire shortage almost brought all production to a stop. Workers, suppliers were unable to move. Here are some of the facts that caused the government to act:

Tire stocks, all kinds, on Oct. 10, 1940, were estimated at 4.4 million units, compared to 10.3 million units at the time of Pearl Harbor. In December 1940, U.S. production of synthetic rubber was 2,000 tons annually. In October 1940, synthetic production was 45,000 tons. In June 1941, it is hoped to produce 60,000 tons. In October 1940 total rubber consumption was already up to 112,000 tons per month.

Here's the question around Washington. During World War II synthetic rubber production was high. Yet by October 1940, synthetic consumption outstripped production. What happened in three years?

Sincere government action was fought to build up synthetic production; were sniped at by the big American tire makers. Dutch factors that have a monopoly on natural rubber.

The motive for monopoly opposition Federal of Independent Rubber

tion to continuing synthetic production has now become clear.

In June 1950, just before Korea, crude rubber was 35.6¢ per pound. By October it was 75.1¢.

This runs into important money.

For example, one of the "Big Three" in American rubber operating plantations reveals it is now producing 64 million pounds annually in Liberia. This virtual tripling of price means another \$5 million yearly to this corporation.

So here's the way needless tire rationing can be avoided:

Everybody who depends on automotive transportation, in business or on the job, should demand their Congressmen make a full investigation; rank production of synthetic rubber. The result would be some scandals, but far fewer pedestrians.

The move to end or curtail the Marshall Plan is gaining impetus in Washington. Paradoxically, government third press agency for the Marshall Plan are doing a great deal in this direction by disclosing what is going on.

For example, ECA Bulletin 1951 reveals that, although copper is supposedly critically short, over a million dollars worth was given to Holland this month.

And at a time when more taxes are asked for defense, the same bulletin covers this item:

French North Africa has just been given \$200,000 worth of tobacco.

These reports are the basis for a new slogan around Washington: "Never before have so few given so much to so many."

North Brookfield

Before a large crowd of market fans, the purple and white of N. B. High breezed to an early victory over Charlton High by the score of 35 to 26 in a game played last Tuesday evening. The game was played under the amateur code of rules and the last home game in the Western Worcester County High School League. Fullam at one of the forward positions rang up a total of 16 points while the other members, Morris, Chisholm, Huber and Conroy played brilliantly throughout. In a game played in Oxford last Friday evening the high school went down to defeat.

Mrs. Stanley Lemieux of School street was honored at a surprise birthday party held in the home of her son, Robert and Mrs. Lemieux on Elm street last Tuesday evening.

French North Africa has just been given \$200,000 worth of tobacco.

These reports are the basis for a new slogan around Washington: "Never before have so few given so much to so many."

And at a time when more taxes are asked for defense, the same bulletin covers this item:

These reports are the basis for a new slogan around Washington: "Never before have so few given so much to so many."

The motive for monopoly opposition Federal of Independent Rubber

tion to continuing synthetic production has now become clear.

In June 1950, just before Korea, crude rubber was 35.6¢ per pound. By October it was 75.1¢.

This runs into important money.

For example, one of the "Big Three" in American rubber operating plantations reveals it is now producing 64 million pounds annually in Liberia. This virtual tripling of price means another \$5 million yearly to this corporation.

So here's the way needless tire rationing can be avoided:

Everybody who depends on automotive transportation, in business or on the job, should demand their Congressmen make a full investigation; rank production of synthetic rubber. The result would be some scandals, but far fewer pedestrians.

The move to end or curtail the Marshall Plan is gaining impetus in Washington. Paradoxically, government third press agency for the Marshall Plan are doing a great deal in this direction by disclosing what is going on.

For example, ECA Bulletin 1951 reveals that, although copper is supposedly critically short, over a million dollars worth was given to Holland this month.

And at a time when more taxes are asked for defense, the same bulletin covers this item:

Orange and Semi-Sweet Chocolate Make Novel Flavor Combination

NEWEST OF DESSERT TREATS COMBINE THE FLAVORS OF FRESH ORANGE AND SEMI-SWEET CHOCOLATE. A DELICIOUS FLAVOR HARMONY IS IN A HOME-MADE ORANGE CAKE THAT CAN BE LOPPED WITH A DELICIOUS CHOCOLATE FROSTING MADE WITH SEMI-SWEET CHOCOLATE MORSELS, OR THE CAKE CAN BE LOPPED WITH ICE CREAM AND SAUCED WITH CHOCOLATE. ALSO INCLUDED IS A SIMPLE CHOCOLATE DUST RECIPE THAT MAKES EITHER FROSTING OR SAUCE, DEPENDING ON THE AMOUNT OF MILK ADDED.

Orange Cake

3 eggs
3/4 cup orange marmalade
2 tablespoons grated orange rind
1 cup sugar
1 cup orange juice

Sift flour with baking powder and salt. Cream shortening, add sugar gradually, blending thoroughly until light and fluffy. Add eggs one at a time, beating well after each addition. Stir in marmalade and orange rind. Add flour alternately with orange juice, mixing well, ending with flour. Turn batter into well greased pan (10"x15"x2"). Bake in a moderate oven (350°F.) 30 minutes. Cut cake into squares. Top with slices of ice cream, and serve with chocolate sauce, or frost cake with chocolate frosting. If desired, top with whole or chopped nuts. YIELD: 24 squares.

Chocolate Dust

(Frosting or Sauce)
3 to 4 tablespoons hot milk, for frosting
1/2 cup hot milk, for sauce
1 teaspoon vanilla

In top of double boiler put semi-sweet chocolate and butter. Heat until melted and mix until smooth. Remove from heat. For frosting add milk and sugar alternately, adding enough to make a spreadable consistency. Stir in vanilla. For sauce, increase milk to 1/2 cup. YIELD: Frosting for top of 10x15 inch cake, or 1/2 cups chocolate sauce.

Hair Beauty for Teens

As longer locks grow in favor, and the once-popular short hair fades out of the teen picture, it's important to learn how to manage and care for your hair. First, choose a style that's simple to maintain. Unless you have classic features, soft loose waves are most flattering; leave corkscrew curls to the sandwits pit. Then, to keep your hair lustrous and shining, remember a girl's best friend is still the hairbrush. Take time out to give your hair a thorough brushing every day—and we do mean every day.

A teenager whose mother treated her to a permanent at Saks Fifth Avenue was so satisfied to hear Mr. Theo, the hair stylist, tell her not to be afraid to brush a new permanent briskly. "The wave won't come out," said Mr. Theo, "so don't feel you must pump it by handing it gently. Stimulation from vigorous brushing is good for oily or dry hair before and after a permanent, for it normalizes both oily and over-oiled glands."

For best results choose a brush with good firm bristles and a shaped handle that's easy to grasp. Pictured is Stanley's "Lady Catherine"—an all-nylon hairbrush with a special shaped-to-the-hand handle. Since the whole brush is made of nylon, it can be sterilized in boiling water without harming the finish of the handle or bristles. And it's important to keep your brush as well as your hair, clean. Don't wait until shampoo-time to wash it. Give it a thorough sudsing in hot water between shampoos, and then resolve this session, to brush your way to beauty.

Unions to Feature Historical Series On East Brookfield

On January 3, 1951, the town of East Brookfield held its first election as the youngest municipality in the Commonwealth. Commencing with next week's issue, your reporter will give a brief history of the town which led up to the separation of East Brookfield from Brookfield. While these facts are remembered by some of the oldest citizens of our town, there are many new voters and new comers to our town who have no knowledge of the history of these proceedings. We will try and make this article as interesting as possible.

Another article is to see if the town will allow the use of Banquet Hall for meetings of the Brookfield Post V.F.W. on the first Tuesday of each month and for meetings of the Ladies Auxiliary to the Post, each second and fourth Wednesday of every month, the meetings to be evening.

Art. 20 asks for \$350 for repair of town tennis courts at Community Playground.

The town will be asked to raise appropriate, for or transfer of the \$300 for the purchase and installation of a gate valve in the pipe line from Cooley Hill Reservoir, so that the line may be cleared without reservoir water entering the town line mains.

The sum of \$500 will be asked for the purpose of driving 24-inch test wells in the vicinity of the Willow Brook Valley, with the intention of establishing a site for a single gravel-packed well, which would serve as a new source of water supply for town.

The sum of \$1000 will be asked for the purpose of employing a reputable concern to clean and paint the exterior and interior of the standpipes, and in another article \$1600 will be asked for purpose of laying a 24-inch cement lined steel water main from the 6-inch main on Central street up Sherman street to the 6-inch main on Lincoln street.

A—The living room of my new home has paneled walls of hardwood veneer. Can you tell me how to clean and maintain it? Q—The living room of my new home has paneled walls of hardwood veneer. Can you tell me how to clean and maintain it?

A—Any hardwood veneer surface—wall panels, flush doors, built-in cabinets or furniture—is easily cleaned and maintained. First, clean the surface with a slightly moist cloth which has been dipped in tepid water containing a mild soap and then wipe it dry. Next, apply sparingly standard wax, either liquid or paste, with a soft cloth in the direction of the grain, to bring out the full beauty of the wood. Cleaning and waxing once a year should be sufficient in most cases. The wood should be less frequently in rural sections. Other than this, hardwood veneer requires only an occasional wiping with a dust cloth.

Q—What can be done to remove an odor from a refrigerator? A—Good results usually can be obtained by using powdered charcoal. It can be purchased in perforated containers which are made expressly for this purpose.

Henry F. Graber, Eno J. Benveniste, and Roy A. Boyer attended the winter meeting of the Worcester County Selectmen's Association held at the Sterling Inn this week where the guest speaker was District Attorney, Alfred B. Cenedella on the subject, "From the Town Hall to the State House." A meeting of the local Grange will take place this Thursday evening in the historic hall at eight o'clock with worthy Master Hollis Jaquith presiding. The first call for applications will be received and a box social will follow the business meeting.

Brotherhood For Survival

By Grove Patterson
Editor-in-Chief, The Toledo Blade
In a talk with Gen. Douglas MacArthur the most striking and memorable thing I heard him say was this: "Man has at last made the great discovery, he has discovered how to destroy everything he has created."

That remark came back to me when I read about Brotherhood Week which is promoted each year by the National Conference of Christians and Jews. There has always been reason enough for a feeling of brotherhood in the world. After all, the same old fabric of human nature reaches across all borders of the earth. Those of us who were born in America or those who come to this country to make their home, owe more to luck and to chance than is usually admitted. That I did not happen to be born in the most impenetrable part of Africa or in a Siberian village or in Tibet or the less accessible part of China is a mere matter of luck. It is nothing that I can properly boast about. It certainly wasn't because I was smart or thoughtful or farseeing. It just happened that my parents were who they were and that I was born where I was born.

I hardly see how I or anybody else has any right or reason to look down on someone who did not happen to be so fortunate. The same thought applies to the hundreds of thousands who were born here in America and are in circumstance not quite so fortunate as ours. We are lucky.

Our behavior is up to us; we are responsible for it. But our race and nationality are a matter of chance. Why shouldn't we be brothers, not only for an international Brotherhood Week but for all weeks? What else can we be? What else makes sense?

We are all in the same boat. We had better be brothers, or what chance have any of us to survive? Without brotherhood, life can well pass out as no more than an interesting incident on a subsequently ruined planet.

House Roomy, Economical

Generously proportioned rooms feature this house, designed with an average current building cost. It is Plan No. 303 at Walter T. Anika, architect, of 517 Forest Ave., Ann Arbor, Michigan. The combination living and dining room affords flexible living area with a view of the garden. Hardwood plywood paneling faced with stain-grained hardwood veneer is specified by the architect for stability and permanence and to create a sense of warmth and comfort. A modern glass partition screening the entrance and dining room may include a built-in radio or television cabinet. Bedrooms and bath form a separate unit. All of the wardrobe-type closets are attached to the bedrooms. The kitchen contains ample storage space and provides direct access to the service entrance with its convenient clothes closet leading to the basement. A breakfast nook is provided.

Protected by a low-pitched roof of colorful, fire-resistant asphalt shingles, this modest home blends into the color pattern of its neighbors if situated on a city lot or will look equally attractive when individually color-styled for an open country setting. The exterior is designed for either shingle or clapboard siding to contrast with the color of the asphalt roof, with an attached port giving added distinction.

Detailed building plans for this house are available at Walter T. Anika, 517 Forest Ave., Ann Arbor, Mich. Refer to Plan No. 303.

East Fire Engineers Ask \$2650 Budget

EAST BROOKFIELD — The following report has just been received from the fire engineers and concerns the activity and work of the fire department to the year 1950. Joseph Lovell, Philip Prince and Edward Mello report the following:

During the past year the department answered 11 General Alarms, 4 Bull Alarms, and 1 False Alarm. The 15 Town Alarm responses were: Buildings—5, Oil Burners, 1; Automobiles, 2; Irish Graves, 5, and Gas Appliance, 1. With the arrival of a new pump, late in November, the engineers feel that the town is now fully equipped with fire-fighting apparatus and particularly feel that this new piece of equipment affords greatly increased protection to the property of those residents of our outlying districts. The new truck carries 400 gallons of water and is equipped with both a Foam and Wet Water Injector and it is confidently felt that this newest type equipment will prove itself to be of unusual value. Through the efforts of the Chief a new alarm system has been installed in both the Fire Station and in the School Building which will automatically sound the alarm in case of the development of a fire in either of the buildings during the nighttime or weekend or at any other time when there is no one in the buildings. For the year 1951, the board of Fire Engineers recommend an appropriation of \$2650 to meet expenses of operating the department.

That's what the doctor said after giving a blood transfusion to this seriously wounded soldier in Korea. Spied by air from this country to the Korean battlefield in as little as seven days, blood provided through the American Red Cross becomes literally the liquid lifesaver.

Brookfield Troopers Take Man Wanted in Warren

EAST BROOKFIELD — John Vinsky was arrested in Leicester a few days ago and held for trial. Police had been looking for him since Oct. 7th. At that time he had been working for Mr. and Mrs. Charles E. Shepard of Elm View Farm. He was charged with entering their home and with the theft of several articles. It is also alleged he returned to the home about two weeks later and entered again. He is held on \$1000 bail and being unable to furnish it was committed to jail. The arrest was made by Corp. Edward Kukula and Trooper Joseph Cooney of the Brookfield Barracks.

To Speak on "Your Child From 6-12"

WEST BROOKFIELD — The town committee of the County Extension Service, Mrs. Alfred Allen, chairman, announces that there will be a meeting of that service in the chapel of the First Congregational Church this Thursday afternoon, Feb. 15, at two o'clock. Mrs. N. May Larson, specialist in Child Development, of the University of Massachusetts will speak to the mothers of town who have children between the ages of 6 and 12. Her subject will be "Your School Child from 6-12."

RECIPE FOR RELAXATION

Tea, according to Mrs. Hoyle, is the key to relaxation. Spring-Bringing, who plays the title role in the Monogram Picture "According to Mrs. Hoyle," serves advice along with tea to her young friends and co-actors Harry Lauter, Ben King and Tania Tchen. "Americans today, in homes, in schools and in business are under pressure," and more and more are finding out what Mrs. Hoyle already knows—that refreshing tea with meals and between times too is a beverage that will pick you up without giving you a headache. For the younger set, Tania Tchen suggests out keying you up. For the younger set, Tania Tchen suggests out keying you up. For the younger set, Tania Tchen suggests out keying you up.

Boston Baked Beans Served With Molasses Distinction

Come Saturday night, many a New England household sits to a repast of appetizing, molasses-sweetened baked beans plus brown bread. Since to savor these two foods is to savor the very best of them has spread across the country. The molasses called for in the baked bean dish is unrefined... the sweet, aromatic kind New Englanders have been using since colonial days. Here are the steps to make a savory baked bean dish for the family. The canned brown bread may be sliced and served hot or cold.

Baked Beans (Quick Method)
4 cups (2 lbs.) dried beans
1 large onion
4 teaspoons salt
1 cup unsifted molasses
2 cups water
2 teaspoons pepper
2 tablespoons dry mustard
2 tablespoons Worcestershire sauce
1/2 pound salt pork
Wash beans. Cover generously with cold water; soak overnight. Bring to boiling point in covered saucepan. Remove onion; reserve. Drain beans until tender. Drain; save 3 cups bean liquid (add molasses, pepper, mustard, and salt). Mix bean liquid with molasses and salt pork into large casserole or bean pot. Add liquid mixture. Cover. Bake in moderately slow oven (325°F.) 1 1/2 hours. Uncover. Stir pork to top of beans; bake 20 to 25 minutes to brown pork. YIELD: 16 servings.

West Brookfield

West Brookfield women joined with those of North Brookfield at the Congregational Church in that town for the service Friday afternoon, honoring the World Day of Prayer. Mr. and Mrs. Emanuel Thierren and family are occupying the first floor apartment in the Plouffe house on Mill street. Germany, a student at the American International College in Springfield, was the speaker last Sunday evening at the meeting of the Christian Endeavor in the chapel of the Congregational church. His enrollment at the college is sponsored by the Brookfield Lions Club and he has often been a guest in the home of the Stanley F. Kellys, West Main street.

The Union Lenten services of the Methodist and Congregational Churches will begin this Thursday evening in the Methodist Church, Rev. Malcolm Keir, pastor of the Methodist Church in Milford, will be the preacher.

A car operated by Morris G. Thomas was considerably damaged when it collided with a car driven by Patrick Polesak of Gilbertville, the Gilbertville road last Saturday night. Both men escaped serious injury.

Scouts and den mothers will be hosts at a pot luck supper to be held Monday night at the Unitarian Church parlors. Cubs and their families are all invited to the 6:15 p.m. event. Spouses, committee-men and Scout executives will be present to help the local cubs observe the 41st of Scouting. The boys have been busy all during the month making their own special displays for the event. Cubmaster Everett Hutchinson and the den mothers join in extending their sincere appreciation to Mr. Richard Sagenodori of Alta Crest farms for donating dairy products to help make the supper a success.

"SMALL BUSINESS"

By C. WILSON HARDER

Many government officials say that the national inflation is caused, in part, by too much money being in circulation. But another set of officials took a different action to solve the inflation, according to ECA Bulletin #100.

Marshall Plan gives Norway \$150 million to "combat inflationary pressures resulting from the economic consequences of the war." In other countries American C. W. Harder taxpayers' dollars have been given to fight deflation.

"It is hoped," observers remark, "that if any city is bombed or defense officials will agree."

"Otherwise some will order water poured on the blaze; others will order gasoline pumped on the flames."

"I shall expect the Federal Trade Commission to be alert and vigorous in its enforcement." Pres. Truman signing the anti-trust bill designed to plug a gap in anti-trust laws.

But, small business leaders ask, will this mean just more tip service, as Wendell Berge, former head of the Dept. of Justice Anti-Trust Division, labeled anti-trust enforcement for the past 25 years before a Congressional committee.

Anti-trust law enforcement protecting the public is the responsibility of the Justice Department and the Federal Trade Commission.

Young Homemakers Corner

By NANCY COOK-ANE Features

"HIS MAJESTY'S CASTLE"—the nursery. Why not fix it up in a manner worthy of the "little king"? And it needn't be costly for appearances are deceiving and often a little imagination can be substituted for dollars in achieving a "picture book" effect. Start with a bit of paint—baby blue, pink or primrose yellow. Use a slightly deeper shade of the same color for trim sheets. Add cute cut-out appliques of animals and nursery figures for the final touch. The result? A charming nursery as pretty as the one in the picture, decorated very inexpensively. It takes only two Cannon sheets, double bed size, to give you enough material for the crib spread and even full length draperies, with plenty left over to slipcover a small chair or make crib linings or "bumpers." So easy to launder, too—for baby's haven must always be kept spotlessly clean.

HANDY CORNER IN THE NURSERY... Step aside for mother is a diaper-changing corner in the nursery. New mothers who are just qualifying for the degree MDC (master diaper changer) will find that a hanging wall cabinet is a convenient place for the baby lotion, baby powder and sterile cotton balls that are needed for each diaper switch. The cabinet keeps them within mother's reach yet out of baby's eager grasp. With everything thus handily assembled, it's a simple routine to deck the youngster in fresh diapers in double-quick time. Use one of the youngster in fresh diapers in double-quick time. Use one of the youngster in fresh diapers in double-quick time. Use one of the youngster in fresh diapers in double-quick time.

cleanse the diaper area. Then smooth baby lotion in each tiny crease in baby's skin. This soothing lotion—a fragrant white emulsion of bland oil and water with lanolin and an antiseptic added—helps prevent chafing, prickles. It wards off impetigo, and helps keep baby's velvety skin "in the pink."

Up Another Victory

NORTH BROOKFIELD — An exciting game of basketball was played in the Town Hall last Sunday afternoon when the strong Lane team rang up another victory at the expense of the Holy Cross Templars by the score of 66 to 61 in a well played game. Al Surprenant was high man for Hart's with 20 points while Kirby and Bogden were scoring stars for the Holy Cross Templars. This marked the fifth victory in a row with a season's record thus far of 11 wins and 5 losses. This Thursday evening the Lanesmen will play the Cahners Insurance team of Worcester who are members in the Mac-Ben league. The Bobby Sox team of girls will play the Gilbertville ladies in the preliminary.

Phyllis Miner Weds At St. Joseph's

NORTH BROOKFIELD — A wedding of note took place in St. Joseph's church last Saturday morning when Phyllis Claire Miner, daughter of Mr. and Mrs. William Miner of School street was united in marriage with Harold Louis Belmore, Jr., of Marlboro. Rev. Francis M. Hickey, Pastor of the church officiated. The bride wore a grey suit with navy and white accessories and a corsage of white carnations. The couple were attended by Miss Shirley Hinkley and Emile Bedard of Marlboro. Following a honeymoon they will make their home in Hudson.

NORTH BROOKFIELD — At the special North Brookfield town meeting called for February 15 to hear the report of the special school building investigating committee, spokesman for the group, Fred Grabert, announced the organization of the committee, and said that they had no report to make at that time.

Mr. Grabert said that they had finally organized and had named Francis C. Rooney as their chairman, Leon Cole as vice chairman, and Frances Giguere as secretary. Other members of the committee appointed by the selectmen under authority voted them December 21, are John Anderson, Lewis King and Donald Crooks. Mr. Grabert explained that the selectmen had experienced difficulty forming the committee and bad weather had interfered with some of their meetings.

Mr. Grabert asked the town for more time so that a thorough and complete report could be made on all possibilities. A time extension of five weeks was voted which sets the date for the special town meeting at not later than March 22.

Highway Lines For Safety in Driving

NORTH BROOKFIELD — Chief of Police Leo Delude and Registrar of Motor Vehicles, Rudolph F. King, in a joint statement today, call public attention to the fact that maximum safety from these white lines can be realized only when all highway users—motorists and pedestrians—understand their meanings and observe them.

Broken center lines when used on two lane highways, mark the center of the roadway. Motorists must drive to the right except when passing a vehicle going in the same direction.

Solid Barrier Line: marks areas where passing is prohibited. When used in combination with a broken center line, it is directional. If the solid line is immediately adjacent to the driver in the right hand lane, it should NOT be crossed; but, if it appears to the left of the broken center line at the driver's left, it may be crossed at the driver's discretion. Every safety conscious motorist should make it his business to know what highway markings mean, said Chief Delude and Registrar King, "and the unceasing campaign to make Mass. highways safe will derive great support when everyone takes time to learn and heed the legends of these life-lines for motorists and pedestrians."

"SMALL BUSINESS"

By C. WILSON HARDER

Last week, we reported the House Small Business Committee has severely criticized the apathy of the Federal Trade Commission in enforcing the Anti-trust laws.

... Congressmen can only enact Anti-trust laws to protect the economy and the consumer; cannot enforce them. That is the function of the FTC set up 35 years ago to prosecute Anti-trust violations.

Investigation reveals that up to C. W. Harder until 1947 the FTC, finding a violation, issued a "cease and desist" order, then sat back and waited for a compliance report in the meantime playing office politics.

... Action stopped there, or as the report states: "they (FTC) spend all their time awaiting new files, do not find out whether they have effectively disposed of the old ones."

It would take little more money to enforce Anti-trust laws. Present appropriation for the Compliance Division is only \$69,686. Even tripling this amount would be small change by present government standards.

... FTC will probably get more Anti-trust enforcement funds. But FTC will first have to convince Congress there is life in the commission for anybody given a job to do here... except some bureaucrats.

... In another week the President will present his tax plan to raise another 10½ billion to meet his budget plan for 1951 billion.

To Conduct Mission At Brookfield Church

BROOKFIELD — Rev. James J. Clifford announced Sunday that the pastor Rev. James W. Hopkins had arranged to have Rev. Bernard Gillman, C.P. of a New Jersey Monastery, conduct a Mission in St. Mary's Church from March 11 to March 14.

Father Gillman's parents resided on Kimball street for many years, and have many former neighbors among the St. Mary's parish, who welcome the chance to hear this brilliant speaker.

Masses each morning of the mission will be celebrated at 5:30 and 7:30 o'clock. Evening services at 7:30 o'clock.

The Children's Mission will be at 8:30 on Monday, Tuesday and Wednesday, March 12, 13 and 14.

The Blue and Gold banquet of the local Scout Cub Pack was held Monday night in the social room at the First Unitarian Church and took the form of a "pot-luck" supper. Attending were the Cub Pack, members of their families, sponsors, committee members and scout executives from Worcester.

The group wish to say "thank you" to Richard Sagendorp, River District for donations of milk, cream and chocolate milk for the affair.

Brookfield High basketball closed its scheduled games Wednesday night playing Warren High in Warren.

The Sunday Evening Discussion Group of the First Unitarian Church met last Sunday night with Mr. and Mrs. George P. Eaton, Mill street, for a Bible discussion and showing of colored slides with paintings of Christ.

"GIVE ME THIS '51 DODGE for long life...dependability"

Here's why Dodge delivers more miles per dollar

EVERYTHING about this great new '51 Dodge—the way it looks, feels, rides and handles—tells you that here's a car that's built to last. It's a car that's stunning to look at, with plenty of head, leg and shoulder room—a car engineered from bumper to bumper to last longer, go farther at lower cost.

Spends 5 Minutes With Us

Five short minutes behind the wheel will tell you why this is the car for you—for the years ahead. You'll find that the new Oriflow Shock Absorbers not only give you a truly new kind of ride—but the resulting smoothness and freedom from wheel "hop" and "bounce" mean less car wear, prolong car life.

Famous Dodge Fluid Drive, with its smoother starts and stops, adds to rear wheel-ads to car life, saves tires, lowers costs.

Come in Today

See how you could pay \$1,000 more for a car and still not get all the extra room and rugged dependability of this new '51 Dodge.

WHAT GOES ON INSIDE one of the new Diesel-electric engines you see heading up New York Central's streamliners or mile-long freights? And what about the smaller Diesels that do the switching in the yards... or handle branch line service with main line efficiency?

EACH IS A POWER HOUSE on wheels. Under the streamlined exterior, compact Diesel engines turn dynamo... feeding smooth electric power into the driving motors. Dependable horsepower that can work round the clock, day after day, with only rare visits to the shop for service.

EVER SINCE 1945, New York Central has made Diesel locomotives an important part of its system-wide preparation program. Your Railroad has invested \$140,000,000 in 1054 new Diesel units... increasing the size of its Diesel-electric motive-power fleet by 400%!

MATCHING NIAGARA! Central Diesels total one-and-a-half million horsepower... equal to ALL the power of Niagara's dynamo! Together with Central's great steam fleet, they're a moving force for Freedom to serve your community and the Nation. And that's the CENTRAL IDEA!

How To Disguise "Hand-me-downs"

By ANNE GARY—ANS Features

NO NEED for youngsters to resent "hand-me-downs" when, with very little effort, they can be disguised so your children won't feel self-conscious wearing them. Now it's always necessary to be an expert seamstress to give garments a "new look", for there are many tricks and short-cuts which help you save dollars on the family budget. For example, you might add a "trilly" ruffle to your little girl's dress to make her feel really dressed up. Ruffles are simply made from a straight, narrow strip of material (or several strips joined together), hemmed, gathered first, and then stitched onto each side. The general rule for amount of material needed, is to allow about one-half yard for each inch of width on the shoulders to straps stay in place, and bind off the raw edges. For a change of costume, to wear with the jumper, you might dip some old blouses in the dye bath, using a matching, harmonizing or contrasting color.

WITH THE AID of all-fabric dye (there are some 50 fashion-new colors from which to choose), many new-looking wearables can be made for children from the discarded cards of their elders or from worn household linens—all completely unrecognizable. According to the Tintex Home Economics Bureau, it's important to wash and thoroughly rinse all articles before dyeing and to wash the dyed articles in a different color—particularly from a dark shade to a lighter one.

Lenten services in St. Mary's Church at 7:30 Wednesday night consisted of Rosary, sermon by Rev. Joseph Carrigan, C. P. of West Springfield, and Benediction of the Blessed Sacrament. Confessions followed.

Today (Thursday) confessions will be heard at 4 and 7:30 p.m. Holy Communion will be distributed at 8:15 Friday morning. Mass will be celebrated at 7 o'clock. Friday night at 7:30 there will be the devotion of the Way of the Cross, and Benediction of the Blessed Sacrament. Saturday at 9:30 there will be Christian Doctrine classes supervised by Sisters of St. Joseph, North Brookfield. Confessions will be heard at 4 and 7:30 p.m. Saturday. On Sunday morning masses will be celebrated by Rev. James J. Clifford at 8 and 10 o'clock, the latter a high mass. Benediction of the Blessed Sacrament follows. Masses each morning during the week are celebrated at 7 o'clock.

The Thursday evening meditation at the Congregational Church this week starts at 7:30 o'clock. The topic, from Dr. Frank Laubach's book, "Prayer", is Experiments in Prayer—"Praying in Jesus' Name".

The service of worship Sunday will be at 10:45 o'clock with the pastor Rev. Horace V. Blackford officiating. Church School will meet at 9:30 a.m. and the Young People's Fellowship at 6:45 p.m.

HAPPY HUNTING and FINE FISHING

EDUCATION DOES REDUCE GUN ACCIDENTS

A marked reduction in hunting accidents involving minors under 17 years of age was a notable feature of New York state's improved safety record last fall. Secretary Paul A. White of Wildlife Conservation Incorporated reports in emphasizing the association's belief that intensive safety education of youthful hunters is one of the best accident reduction measures yet conceived. New York had 50,000 more licensed hunters in the field last fall than in 1949, but the number of hunting accidents decreased from 135 in 1949 to 113 in 1950 (13 fatal) a decrease of five from 1949. The most notable decrease however, was in the field of minor hunters. Only 13 of the 113 accidents involved hunters under the age of 17 years, a decrease which the department attributed largely to the state's new law under which all minor hunters receive intensive safety education from either state game protectors or National Rifle Association instructors at the time their licenses are issued. Of the 13 minors involved, 8 were hunting illegally without a license and had received no training. All told, 11,701 minors were issued hunting licenses last fall in New York, making the 13 who were involved in accidents a remarkably small percentage of the total. EDUCATION DOES REDUCE GUN ACCIDENTS.

GUEST OF JULIE AND JOHNNY—WTAG

I have had a splendid response after my interview on the Julie and Johnny broadcast. I have received many letters from parents, educators, etc. All are in agreement with my views as to education being the real answer to the reduction of gun accidents, and the proper place to teach this is in our public schools. You do not need to go hunting to become involved in a gun accident, as nearly twice as many persons are injured by firearms in the home as are injured or killed in the woods. This statement was issued by the National Safety Council.

TREAT ALL GUNS AS LOADED ONES—NEVER AIM AT ANY PERSON—UNLOADED(?) GUNS HAVE KILLED! NATURE'S UNDERTAKERS

Any small woods harbors a hundred rabbits, a meadow may be home to a thousand field mice. Yet, though the death rate is high, you seldom see a body. Alan Devoe explains why in an article, "Nature's Undertakers," in the February Reader's Digest.

Burial of many of these bodies is a chore performed by a fantastic beetle, "Bearer of the Dead," smaller than a finger joint but equipped with six powerful legs. The beetle, attracted by the odor of death, flies to the corpse and makes an examination of the body and nearby soil. Then it takes its legs beneath the body and with prodigious effort gradually moves it a half inch at a time to a chosen burial spot, possibly five to ten feet away, where digging is easier. It may be joined by a female who pulls as the male pushes. With the body moved to the chosen spot, the pair dig rapidly and the corpse is gradually covered.

Enough For All

In bright contrast to news stories from some major manufacturing centers telling of shortages in many lines, current information from America's great cotton textile industry strikes a cheery note. Mills in both North and South confidently predict they will be able to handle almost any demand for their products.

These predictions take into full consideration the needs of the armed forces; G. I. Joe will continue to have first call on goods turned out by textile mills. However, production in the industry has been so speeded up that Mr. and Mrs. America can be taken care of, too.

Figures just released by the industry show that the U. S. mills are now producing daily about 600,000 more yards of cotton goods than were turned out daily in 1950 prior to August, a period in which production was ample to satisfy all civilian demands. This means that two billion yards of goods can be allotted for the sole use of G. I. Joe and still leave normal amounts for civilians. Given sufficient supplies of raw materials, the mills can account for another billion yards, if necessary.

There is a reason why this far-flung industry is so flexible, so able to shift gears to meet changing conditions. It did a magnificent job in World War II, when its contributions to U. S. war effort were held second only to those of the iron and steel industry. But full-speed production, 24 hours a day for years on end, took its toll. By V-J day, machinery was worn, equipment badly battered, and plants in need of repair. Within five years the industry achieved a new peak in production. Well over a billion dollars have been spent for expansions and new plants; faster, more precise machinery; air-conditioning; and modern lighting. Production procedures were streamlined, and working conditions for employees were made safer and more pleasant.

The cotton textile industry now has adequate resources to fill almost any requirements. Accelerated demands from the government might cause a temporary scarcity of some items. Transportation and distribution problems might result in bare spots on retail shelves for a short time. But textile authorities promise that with adequate supplies of raw material, increased production will enable Pop to have clean shirts, Mom her new dress, Brother his jeans, Sister her new blouse, and Junior his well-kept customary attire.

Attractive Gifts Made With Match Boxes And Gay Papers

By ANNE GARY

Don't throw away anniversary, birthday or Easter cards, and be sure to save the fancy paper your presents were wrapped in. Look up old Christmas cards and gift wrappings... chances are they're still around the house. Hang onto these Valentine's—transform them into attractive stamps, rest, thumb-tack, pill or hobby boxes for the whole family. Binge materials you need are things you're sure to have around the house anyway, all it costs to make these unique gifts is a little time and imagination. Start with an empty kitchen match box, a pair of scissors, some glue or rubber cement. (Rubber cement is easier to work with, and less likely to show through thinner papers.) Cut out your favorite scene from a greeting card and paste on top of the box. Use other card scenes or decorative wrapping paper cut to size for ends and sides of the box. Gold and silver foil, or any of the colored metallic papers give a rich-looking effect. Striped wrappings make particularly attractive gift boxes, when using them be sure to match the stripe design at each corner for a neat effect. Hint for keeping the youngsters busy and happy in the house on a rainy day... have them save Dad's empty match boxes to cover. They'll have fun decorating them.

• THE EDUCATIONAL FORUM •

Readers throughout the area are urged to write their opinions on the all-important schools problem. Letters must be signed but signatures will not be published if so desired.

To the Editor: As graduates of a regional high school we feel qualified to present our views on the controversy rampant in the Brookfields.

We lived in a town in New York State, population 800, descendants of settlers several generations back who migrated from New England to open a new frontier. No wealth exists there, mostly folk of rural stock, a few tradesmen, just an American small town. Twenty years ago these citizens had the foresight to see the need of a new school and a new school system. So the old wooden four room schoolhouse (just like the one our children attend today) was torn down and a modern brick structure took its place. They were so sure of the need for such a school that the tax payers were willing to be assessed \$35.00 per thousand for the new school alone. The surrounding towns who were included in the system paid a slightly lower one. The school, being in the center of the town, benefited the townspeople and added to the beauty of the whole community.

Besides having sufficient rooms for their present need, there were provisions made for future growth in enrollment.

The curriculum provided for a straight college entrance course which insured the graduate entrance in any college in the country; a Business course, the equivalent of any business or secretarial school, with business machine practice; Home Economics, featuring dressmaking, nutrition, etc. with special work rooms equipped with sewing machines, sinks, and ranges; Agriculture courses for future farmers; Manual training with machines for mechanics and wood-working.

These courses, combined with a beautiful auditorium which was in almost constant use and a cafeteria in which supplied the bus children with nutritious well balanced lunches at a minimum cost, made a school which every student took pride in attending. There was also a health room with nurse in charge to take care of the inevitable cuts, bruises, and bloody noses, and a divided gymnasium for boys and girls with plenty of showers. This school was not the first regional school built in that locality. Nor was it the last, or even the best. All across the state, communities were banding together to build these schools for the youth of America. Now twenty years later, there are some who say it's a new idea and cannot work.

All the millions of graduates of these regional schools who found their rightful places in the building of this country's future are proof of the success of this regional school system. A school which provides for the future of its students will not have drop-outs and failures. The fundamental reason for education is to fit a child for his place in the world. Only by small communities cooperating can this objective be attained. New high school buildings in each town are not the answer to our problems. Let's realize our objective and vote "yes" for a regional school.

Mr. and Mrs. Louis Johnson North Brookfield

ONLY ONE QUESTION

"The one question for us to decide is, whether or not boys and girls who have the right to a well-rounded education in a safe, adequate school building, also have the right to this education and this safe, adequate school building NOW - while they are still children."

GIRL BASKET BALL PLAYER SEES NEED OF NEW SCHOOL

People of North Brookfield have been talking about a new school, gymnasium, and auditorium. We certainly need them. The lighting in our rooms is very poor and it is difficult to see on a dark day. During the last rainstorm water was dripping through the ceiling into our room. People who do not think we need a new school should come and see ours.

Our Town Hall is used for many of our school activities, including basketball games, and there is no decent place to take a shower. The dressing room is so crowded we can hardly move. Our uniforms get filthy from the mud on the street. Seating capacity is inadequate. When other teams come to visit we are ashamed of our facilities. Let's place in the world the matter from our point of view?

"Round-the-Clock Fashions" To Be Presented by Ware Club

North Fire Record Good for 1950

NORTH BROOKFIELD — Fire Chief John Lane states in his report to the town that the past year was "good" as far as fire loss was concerned with the figure of \$11,000 estimated losses with an insurance paid loss of \$8974. There were only eight general alarms and 26 still alarms. During the year Mr. and Mrs. John T. Vane, who were over-come by coal gas were rescued. Aid was given to West Brookfield at the Stearns farm with the West coming to the aid of the North at the Coburn fire. Highlight was the Christmas dinner fire at Walter farm where firemen were called out just as they began to enjoy their turkey.

Chief Lane credits excellent equipment, cooperation of the townspeople in keeping their property clean, furnaces and electric appliances in proper condition and education of the school children in fire prevention for the good coming year is that the town accepted a tract of land adjoining the fire house which Mr. William J. Igoe has offered to donate on which to erect a building for housing equipment and to appropriate \$3500 for erection of such a building. The appropriation asked by the Fire Department is \$6,350, as compared with \$7,400 of last year.

North Man Injured In Ski Accident

NORTH BROOKFIELD — Allen Chase of Sumner St. is in Mary Lane Hospital at Ware as a result of a ski accident at Mad River, Vermont. He has many very severe bruises and a fractured rib.

He spent the week with Damon Morse, Lathrop Prouty and Larry Woods at Stowe, Vermont. His accident occurred Sunday when they stopped at Mad River Glen on their way home to try a new ski run.

Chase, who is candidate for the North Brookfield Water Board is also chairman of the Citizens Committee for Better Schools.

West Water Dept. Seeks New Well

NORTH BROOKFIELD — The town's water commissioners have distributed their annual report. It shows that the water supply during the year 1950 and a total of 1940 was 68,980,400 gallons. The month of August used 1,741,900 gallons which was the largest for any month during the year.

The board reports 19 new services added in 1950, making a total of 401 services at the start of the new year. The commissioners plan to ask for an appropriation to cover the cost of putting in the new wells and developing a permanent water supply by additional wells for two years, but due to shortage of funds the plan is being delayed. The board is not yet ready to carrying out such a project.

The board is sponsoring an article in the annual town meeting to see if the citizens will vote to raise and appropriate of a grave-packed well on the present water-well site, at a cost of \$7000.

The water commissioners include: Hudson M. Bennett, Alfred R. Allen and Harry Bousquet.

HENRY F. GRABERT

Atty. and Mrs. Ralph W. Igoe of West Brookfield have returned from a vacation spent in New York.

A birthday party was held in the home of Mr. and Mrs. Russell Parker, 23 McCarthy St., Tuesday afternoon in honor of their son Timothy who observed his eighth birthday. The following guests were entertained with games and refreshments served: Suzanne Lloyd, Linda Spooner, Rose Tucker, Russell Buzzell, Raymond Williams, Merrill Bandier, Russell Gerald and Ronald Parker and Jean and Peggy McMillan of Spencer.

Congratulations are being received by Mr. and Mrs. Robert Szekula on the birth of a daughter in Holden District Hospital. Mrs. Szekula is the former Marcelle Dumas of this town.

The curtain has fallen on the basketball activities of North Brookfield High School. The team with the last big game played in the Clark Tournament last Tuesday evening with Northbrooke High in a Class C offering.

Pvt. Joseph L. Lemieux returned to the army base at Fort Meade, Maryland following a pass spent with his parents, Mr. and Mrs. Camille Lemieux of Mt. Guyot St.

The annual Washington's Birthday Supper for members of Sawyer-Mathews Post, American Legion Post, American Legion and its Auxiliary was held in the Veterans Hall in the Adams Block last Thursday evening at 6:30 p.m.

Grange members will assemble in their usual meeting place on Thursday for a meeting long to be remembered, the 50th anniversary of the birth of the speaker for the evening will be Charles M. Gardner of Springfield and a large representation from all the

"SMALL BUSINESS"

By C. WILSON HARDER

Congressional leaders privately advise small business leaders. "Tell your people not to be panicked by loud reports and sell their businesses as many did early in World War II."

Score headlines by publicity seeking, but remember, are passing a false word on raw business Committee headed by Senator John Sparkman of Alabama, just issued, indicates no one has been able to explain why these materials should be short.

The Committee refers to the study by 18 leading economists at Harvard School of Business who find that the present economy can support an army of 6 million men.

So far, the only statements on shortages have been made by bureaucrats, and by monopoly officials busy cutting off supplies to independents.

Businesses cutting off gifts of supplies to the public have been called attention to the bitterness over the diffusion of the American substance.

In a recent speech in St. Louis, Stuart Symington, Chairman of the National Security Resources Board, said since 1943 America has given nearly thirty billion dollars to aid foreign nations, equal to 60% of the total national debt at Pearl Harbor. But right now, besides the squandering of American taxpayers' dollars, squandering of so-called critical materials creates genuine alarm.

Examples: Copper is said to be critical, yet in January, 1951, Marshall Plan officials gave \$6,625,000 worth of copper to Germany, Austria, Netherlands. Cotton is said to be short, but

NORTH BROOKFIELD STUDENT MOTHER VISITS

COMMENTS ON DELAY
For as long as I can remember the people of North Brookfield have been talking about improving the schools, but that's as far as it goes. Those of us about to finish are victims of this procrastination. Only a couple of weeks ago I saw a headline, "North Brookfield School Report Postponed Five Weeks." After five weeks then what—more delay I suppose!

Those responsible for this delay either don't know any better or are just plain selfish because they are thru school and many no longer have children in school.

I am going to mention only a few things that are glaring examples of what we have to put up with. Our rooms are either hot or cold. The thermostat that controls the heat in the entire high school building is in the 5th grade room. With the poor ventilation of the building someone is always too hot while someone else is too cold. Besides the discomfort this causes it surely encourages colds.

Something must be wrong with the wiring system too. At least twice a week the fuses go out which puts us in the dark, and dark it is on a cloudy day. While on the subject of light, I wonder how many people know that the only part of the building that has good window shades is the front part of the part that faces the street. Many of the other shades are ripped and torn and can't be raised or lowered.

Many of the desks are shot and rickety. I have even heard the teachers complain about their own desks. A lot could be said about our inadequate supplies. We have often been issued books with pages missing.

I wonder how many people know there is no hot water in the wash rooms. Aren't most of us used to that at home and don't most public buildings have hot water in their wash rooms.

Would we know how to use the fire escape in the time of a fire? We don't use it in practice. Some of the doors to the back fire escape don't have knobs on them.

Yes, all of this talk we hear now-a-days about schools is good but when something goes to be done about it,—in five weeks, we hope!

This committee says the FTC needs more money because it needs better men, a very strong statement.

These are just a few of the points mentioned by Congressmen when they visited North Brookfield High School.

Liming and fertilizing are used for the purpose of reducing soil acidity and providing plant nutrients.

ONLY ONE QUESTION

"The one question for us to decide is, whether our boys and girls who have the right to a well-rounded education in a safe, adequate school building, also have the right to this education and this safe, adequate school building NOW—while they are still children."

STOP, LOOK AND LISTEN TO OUR SCHOOL NEEDS

As the years go by, the school curriculum has become more and more crowded through the constant addition of new subjects to be studied. First came the three "R's", followed by course after course, combinations of which have resulted in a complexity of school organization and frequent bewildering of the students. This condition has become so disturbing to the educators and the general public, that definite progress is being made towards its simplification. Now that the curriculum has begun its rapid advance, the necessity for proper essentials such as room, facilities and extra instructors has become a vital and urgent requirement.

Our forefathers, on the whole, were ambitious and interested in the development and progress of their future generations. It is proved, by the condition we have reached today, that the world has come a long way from the cave man, with his sign language, his diet consisting of raw foods entirely, his skin clothing, and his rubbing of two sticks to produce flame for meagre heat. We have become a democratic people with a great desire for constant betterment.

We need to work as a well-organized mature family, in love and honesty, instead of holding to our petty, childish jealousies and grudges.

Jealousy Boulder to Crush Progress
I believe jealousy is the boulder that is at the top, ready to roll and crush us. A group of people in our community, and in the surrounding communities are afraid that its neighbor district will have something valuable or more valuable. Such a selfish attitude is extremely detrimental to our own welfare.

Last night a group of married couples at 7:30 in the chapel of the First Congregational church, Rev. Lewis Chase of Ware was the speaker of the evening.

Compare Advantages of Cities and Rural Areas

In order to advise, we need the proper housing for advancement so that things learned may be put into practical use. A great deal of learning from experience, much of which is obtained through the actual use of proper materials in life. All of life is experience, a continuous series of impressions, and it is as a rule only what we bring to those impressions, that make them ugly or beautiful, dull or exciting, trivial or important.

The cities have certain advantages to give to students, that rural towns are unable to give. They have many playgrounds and parks which are a great necessity to over-crowded places, but unnecessary to rural communities, because they already have room for fresh air and play. However, cities are able to furnish larger libraries, theatres for dramatics, and halls for production of fine arts, science, and music. And in doing unknowingly our lives are usually have become cluttered with small things, and unknowingly have lost sight of that goal, true and good life.

I find myself listening to tales, and far worse, I pass on to other eager ears. And in doing unknowingly our lives are usually have become cluttered with small things, and unknowingly have lost sight of that goal, true and good life.

Now it is with great effort we reach out and attempt to do the relentless marching of the it's difficult now to take time to Stop, Look and Listen.

Being a chronicle of the founding of East Brookfield, the youngest town in the Commonwealth.

By George A. Putney

November 17, 1910, there was a meeting of the citizens of East Brookfield, held in Red Men's Hall. The meeting was called to order by Mr. George C. Daniels. It was moved and so voted that Emerson H. Stoddard act as chairman, and George A. Putney, clerk. There were two hundred citizens present. Leander Morse, assessor, reported that the assessed valuation was set at \$500,000.00 in the proposed new town.

At the present tax rate the estimated income would be \$16,000. Within present town lines there were 158 voters in precinct 2. Proposed new lines would add 25 new voters, making estimated voting strength of 200. Dr. Wm. F. Hayward brought out facts that there were over 30 families in Massachusetts of about 1000 population.

Warren E. Darbell gave a fine talk on the proposed division and brought out many interesting facts and figures in regard to same. It was the unanimous expression of approval that the town of Brookfield and the village of East Brookfield be divided. It was moved by

Mr. Ruggles, seconded by Dr. Hayward that it is the sentiment of the citizens assembled, that they are in favor of division of the town of Brookfield. It was moved that the following be named on a general committee: George Daniels, E. H. Stoddard, A. H. Drake, L. C. Dodge, F. N. Turgeon, Leander Morse and Arthur LeDoux. It was moved and so voted that the general committee be empowered to carry on the work. It was moved and so voted that the general committee be empowered to carry on the work. BIT O' NEWS SPENCER

Franklin G. Fleming, Jr., formerly of this town, was recently elected Water Commissioner for one year in Paxton, the town where he now resides with his family.

At the 4th banquet held in Northbrook Tuesday night, Dorothy B. Bemis, daughter of Mr. and Mrs. Roger E. Bemis of No. Brookfield road, was awarded the trustee cup for girls. Jean Proctor, daughter of Mr. and Mrs. Donald P. Proctor of Northwest District, was awarded a medal for her heraldic portrait. Both girls are active 4-H members.

Mrs. Lloyd Stoddard, 47, of Grove street, is confined to her home as a result of a recent fall. Her condition is reported as improving quite rapidly.

A.L. Units Rehearse For Coming Show

NORTH BROOKFIELD — Rehearsals are being held for the fourth annual dramatic offering of the Legion and Auxiliary which will be presented in the Town Hall on March 16 and 17. The three act comedy, "Good Housekeeping" will be presented with the following taking part: Joseph Stackpole, Mrs. Edith Moller, Miss Barbara Forbush, Mrs. Nancy Emerson, Benjamin Moller, Mrs. Margaret Cona, Charles Stackpole and Edward Young. Miss Anne D. Carthy of Bell street is directing. Tickets are now in the hands of all members and an advertising book is being prepared.

Cpl. Papineau's Army Unit Praised

NORTH BROOKFIELD — From the little front of the 31st Infantry Regiment was praised in a letter of commendation from Maj. Gen. Edward M. Almond, Commander of the Corps of which Cpl. Ronald Papineau is a member. The letter reads as follows: "By their gallant and heroic actions in the Chosin Reservoir area the men and officers of the 31st RCT, 23 Inf. attached, have merited the admiration and appreciation of the United Nations forces in Korea. With an undoubted spirit and the will to win, these men fought consistently in the face of overwhelming forces, sub-zero weather and rugged mountainous terrain. Although isolated and cut off from normal support, and suffering cruel losses they regrouped and re-organized successfully in the Chosin Reservoir. In the record is written of courage and devotion to duty that established an example for military men for years to come. 'We Salute You!'"

Soil Conservation practices increase crop yields and insure the future of agriculture.

Mid-Century Flower Show Opens Sunday

On Sunday at one o'clock, when the doors swing open for the 30th Annual New England Spring Flower Show of the Massachusetts Horticultural Society at Mechanics Building, abundant beauty, fragrance and color will greet the throngs of Winter-weary visitors who annually make a pilgrimage to this great festival of Spring.

Six acres on three floor at Mechanics Building will be transformed into a great international assembly of the choicest plants and flowers gathered from around the world. Exhausted carpenters, masons, electricians, builders and gardeners, both amateur and professional, have planned and worked for weeks behind the scenes to make this great Mid-Century Flower Show the wonder that it always is.

Bare floors and drab walls will spring to life with verdant backgrounds of living foliage and thousands of brilliant flowers, from the lowly dandelion to the stately acacia. Orchids, too, in great abundance, roses, Spring-flowering bulbs, a huge wall garden, and a host of other favorite flowers are assembled in gardens for the pleasure and education of the thousands of visitors. Arno H. Nehrling, Director of Exhibitions, stated that the 1951 Spring Flower Show promises to be the best ever.

It is hard to realize that only a few hours ago every inch of space was littered with piles of post molds, squares of sod, potted plants, rocks, timber and all the paraphernalia that is necessary to assemble the Spring Flower Show, but now every last flower and plant is placed where it belongs. The judges have the final job. It is their task to present the coveted awards which are greatly cherished by the several hundred exhibitors whose dreams and ambitions have made possible our great New England Spring Flower Show over the years.

For seven long days, beginning Sunday at 1:00 P. M. and daily thereafter through Saturday, March 17 from 10:00 A. M. until 10:00 P. M., those who love to garden and those who enjoy looking at gardens will have ample opportunity to roam through the great halls at Mechanics Building searching for new ideas and inspirations.

N.B.H.S. Hoopsters
Win Over Barre
NORTH BROOKFIELD — A postponed basketball game with Barre High school was played in the local hall last Friday evening with the local purple & white hoopsters edging out on top by the score of 56 to 54 in a contest jammed with interest. Fullam, Chinholm and Hubert were the big gunners for the North annexing a total of 42 points between them while Morrison, Conroy, Lange played bang-up ball in the last game of the season.

New Firehouse Voted
At West Town Meet
WEST BROOKFIELD — Local firemen finally emerged victorious Monday evening to win the approval of the townpeople for a new firehouse to be built at a cost of \$27,000, \$5,000 of which the town will seek to draw from available funds.

The vote included the purchase of several feet of land adjoining the present building and the construction and equipping of a cement block building with a brick veneer on the front and north side. The vote was 173 to 30. Preliminary details were under way Tuesday morning with actual building plans expected to be received by Harry P. Bousquet of the building committee within a month.

\$7,000 was voted for a new garage to be built to supplement the town water supply. 115 voted in favor and 15 opposed. The new well will be started as soon as bids for construction are prepared and acted upon. A test well in the present field has been dug and a million gallons per 24-hour day can be pumped from the new well.

The Adams-Connors-Prew Post, American Legion was voted the free use of the town hall six times a year.

The final action, other than resolutions, was the vote to hold the 32nd birthday meeting on the Monday following elections or the second Monday in March.

Here's How A&P's "Low Price, Low Profit" Policy Helps The Wage-Earner's Pocketbook...

1. ONLY ONE CENT PROFIT ON YOUR DOLLAR. To help you to get big values, A&P takes a very small profit... only one cent on a dollar of sales.

2. STOREWIDE LOW PRICES ON HUNDREDS OF ITEMS EVERY DAY. To make it possible for you to save on your total food bill no matter what day you shop, A&P offers you storewide low prices on hundreds of items every day, instead of just a few "week-end specials."

3. ALL ADVERTISED PRICES GUARANTEED FOR A FULL WEEK. To protect you against rising prices, A&P guarantees all advertised prices (including those of items not subject to price ceilings) for a full week, even though market prices go up.

Customers' Corner
We have always been proud of the outstanding meat values we offer at A&P.
But we know that value means more than just low prices.
That's why our skilled meat buyers are trained to know quality and insist upon it.
That's why our skilled butchers are trained to cut meat properly, weigh it accurately, wrap it securely... in short, to give you the kind of meat and service you want.
If there's anything we can do to make your meat department a better place to shop, please let us know.

Many local residents will journey to Worcester Saturday to enjoy their best wishes to Mr. and Mrs. Harry Bemis, 29 Richards street who will be observing their 45th wedding anniversary. The couple are former residents of Spencer.

They have two children, Mrs. Mildred Keller of West Hartford and Harry Bemis, Jr., of Worcester. Mrs. Bemis is a member of Harmon Rebekeah Lodge and the Past Noble Grand's Club. Mr. Bemis is a member of the Goodwill Lodge, I. O. G. F.

The Sunday Evening Club will have a "Platter Party" on Sunday evening. Each member is requested to bring one or two of his favorite phonograph records. Each

in turn will play his records with appropriate comments.

The Executive Board of the Junior Guild of the First Congregational Church will meet at 7 P.M. preceding the regular monthly meeting of the guild on March 15 in the church parlors. Mrs. Harold Bentley will have charge of the educational part of the meeting. Mrs. Lillian Snow will preside at the business meeting.

with your help

It takes more than our government's fine medical treatment to ease a disabled veteran over the rough spots. Often days seem long, recovery slow, the future hopeless.

At such times, a helping hand, an understanding word - knowing that somebody cares - is the best medicine of all.

Your Red Cross workers now provide this neighborly interest, this miracle-working medicine for 134,000 hospitalized veterans. For veterans and their families, your Red Cross also gives emergency financial assistance, helps with personal and family problems, engages in recreational and welfare programs.

Textiles For Defense

In these days, when so much confusion is evident in both of field and unofficial circles, it is encouraging to note that a major program has been initiated to make the most of its vast resources. Such a move by the far-flung American cotton textile industry promises to be of tremendous help to the country's defense activities.

Few persons realize the complexity of this industry. More than 600,000 workers in 1,000-odd separate mills produce a bewildering variety of goods. These mills annually pour out billions of yards of yarn and fabrics, ranging from surgical bandages to heavy duck cloth. In 1950, the combined value of these products was approximately seven and one-half billion dollars.

Yet the industry is more basic and important to the security of the nation than textiles. Its consumption of cotton provides livelihoods for millions of farmers, processors and handlers. Its finished products go into countless items, like garments, conveyor belts or tire fabrics.

Yet the very size and diversity present a peculiar problem in times of emergency. Immediately following Pearl Harbor, for instance, grave confusion resulted in the production of hundreds of cotton mills, large and small in various sections of the country. It was months before red tape was eliminated and government planners were able to utilize more fully the knowledge and advice of experienced textile men.

The cotton textile industry is taking steps to forestall similar difficulties in the current emergency, no matter how severe are the demands made upon it. All the various segments of the industry have been organized so that they can offer their services to military and civilian planners. Systematic planning will permit the industry to realize its full potentialities. It will prevent, for example, one mill from being expanded in turning out an important type of fabric in a limited time when some facilities of another mill might be easily shifted from less essential goods to speed production.

Textile leaders point out that physically the industry is in its best shape in history. More than a billion dollars has been spent on modernization since World War II. The plant facilities, plus such intangibles as "know-how" and management, are almost all modern and civilian production.

Sheet erosion is slow and almost imperceptible, but in the long run it may remove the entire soil.

HAPPY HUNTING and FINE FISHING

By Lee Matthews

DEER DECLARED VERMIN BY THE GOVERNMENT!

No restrictions - no seasons - no limits!
Hold everything! Before you make a dash for that shotgun, let me tell you, I am merely quoting a letter from a sportsman friend in Scotland. He does add however that most sportsmen out of common decency leave them alone during breeding seasons. Well! Now that sets me to wondering how long deer could last in the states, if our hunting restrictions were entirely lifted? Do you think that our brothers across the pond are better sportsmen than we are?

My friend, mentioning a magazine story of mine, stated he would like to write for publication, but everything he wrote was N. B. G. Well for a little while he had me stumped. I realized what the N. B. G. meant but it finally dawned on me that the (B) stood for no (bloody) good. He also adds, "The only thing I seem able to write without it being thrown back at me is my reports. I suppose that is something when one considers it is my bread and butter. What a joke, bread, yes, but butter, at the present ration of three ounces per week - it hardly covers one biscuit. At least during the war we were better off as far as food was concerned. Meat is now down to 8 pence worth per person per week. At the present day prices this is equal to one small chop (5 or 6 ounces)." This friend lives a few miles from Loch Lomond, among some of the finest fishing in the world, but to fish there one must belong to a fishing club (private waters) and the cost is about an entire week's pay for most wage earners. (Note) To any objectors to the plan to boost the license fees here, please read the above sentence again. How would you like to kick in with a week's pay for the privilege to fish? Incidentally, if you are complaining about conditions here, read all of the preceding sentences again. Then cancel that reservation you have made for the overseas trip. He closes his letter with, "Tight lines and wet nets" and signs it, "A Highland Huntsman" and let you in on a little secret, he's also a sportsman and a swell (bloody) guy.

LACK OF EDUCATION IS GREATEST MISTAKE

In "Outdoors Unlimited" recently, appeared an article by Kay Kennedy, pleading for conservation education in the schools of Alaska. Charlie Gillham, public relations man for Olin Industries, knows Alaska as few men do, answers the plea this month. "Badly needed is conservation education in the schools for the Eskimos and Indians. It also seems that such is also needed state wide and very little is being done about it. We holler to high Heaven about funds needed for enforcement. We employ anyone who will listen to conserve water, plant trees, build farm ponds and set out multiflora rose. I am not so sure that 10 percent of this effort and cost of it, expended in a good educational program for our youngsters would not do twice as much good as is being accomplished. We have been at this thing trying to sell conservation education too long. The kids we talked about reaching in 1934 are our leaders today. We haven't reached 'em yet. When we in state, or federal government concern ourselves with this problem and spend some real money on it, we will get results. We need an awakened public, and the only public that stays permanently awake is our youth."

IGNORANCE CAN ONLY BE COMBATED WITH EDUCATION

Charlie is one of the many realizing that the only real answer to the problem is education. The only time to teach is when the child is young and easily remembers the lessons taught. A child taught to handle firearms correctly, or taught to be a good sportsman will never forget that teaching in later years. If a child learns to be kind to animals that child will always be kind. On the other hand one never corrected, will forever be rough with wildlife. Which kind of a child do you wish? A needless question to most of you, I am sure. Charlie states that little is being done about it. I wish to assure him, he is not entirely correct. New York State has started conservation in all of their 11 University Teachers' Colleges. Connecticut will start a plan soon, and if I live long enough I shall witness this problem and spend some real money on it, we will get results. We need an awakened public, and the only public that stays permanently awake is our youth."

MASSACHUSETTS SPORTSMEN'S JUNIOR CONSERVATION CAMP

Why do we have the Junior Conservation Camp? All of us working on the camp fee that one of the best things we can do for the natural resources of our state and country is to train the young men to appreciate them. We have designed the camp to do two primary things. (1) To teach the boy how to be a REAL sportsman, and (2) to appreciate the fact that they must work to make sure that the field sports of hunting and fishing are continued. We teach these things in an atmosphere of the out-of-doors. The boys learn by doing. In all things, safety of the boy and his companions, is stressed. Expert direction from State, Federal, and local men are combined to produce a program which, we are sure, is one of the best of its type. We feel that the best inheritance we can give the boys is summed up in: GOOD EARTH, CLEAN WATERS, GREEN FORESTS, AND ABUNDANT WILDLIFE. We sincerely believe that this camp is a step in that direction. One, or only forty-five dollars. For further details write to Wildlife Conservation Incorporated, 20 Spruce St., Boston 8, Mass. Two sportsmen's clubs last season each sent 8 boys, some only one or two, but I do know that many clubs plan on increasing their quota this season, being well satisfied with the results obtained. It is a wonderful experience for any youngster.

BOY SCOUTS STRESS CONSERVATION FOR 1951

The Boy Scouts have always been conservation minded, but headquarters this year are putting special emphasis on the study of conservation for 1951. This is a splendid move and I am sure that the Boy Scouts will give it their all, inasmuch as everything they wear as well as eat comes from the soil, the study does not get the attention it deserves from our educators. Perhaps the Scouts will do their share to overcome our schools neglect of this broad subject.

CONSERVATION PLEDGE

I give my pledge as an American to save and faithfully to defend from waste the natural resources of my country, its soil and minerals, its forests, waters, and wildlife. Write to me in care of this paper.

SMALL BUSINESS

BY C. WILSON HARDER

Last week this column reported on Sen. John Sparkman's (Ala.) Senate Small Business Committee's findings of evidence of international racketeering in the rubber division. The evidence piles up.

He was replaced by Leland E. Spencer, an executive of the "Big Four" holding all contracts. C. W. Harder for new car tires, demanded supplies to maintain it and 7 day per week operation.

But Glenn worked out an allocation plan giving all plants supplies for 48 hour week operation. This was vital for many small plants principally producing "combustion" rubber.

Also interesting is fact that "Big 4" sits as "observers" at League when British, Dutch rubber cartel confers.

Strangely, although the world crude rubber price soared from \$2.60 to \$3.10 per pound almost as soon as first American fell in Korea, no public protest was recorded by the "Big 4."

Here's another curious fact the Committee mulls over. For a long time tires given Germany by the Marshall Plan were only from the "Big 4." The bland excuse was that they were preferred if that way. That set up was changed to allocation buying through a probe launched by the Senate Small Business Committee.

THE EDUCATIONAL FORUM

Readers throughout the area are urged to write their opinions on the all-important school problem. Letters must be signed but signatures will not be published if desired.

To the Editor of the Brookfield Union:

Sir: There is no reason why I should defend Mr. Boyd, Mr. Chase or Mr. Pierce from the unwarranted attack of Mrs. Louise Larges as she expressed it in the Worcester Gazette recently. However, I feel raw courage should be defended. Those who do things are always criticised, even if their motives are unselfish.

North Brookfield should be grateful to civic-minded men and women, newsmen or otherwise, who put community benefits ahead of personal considerations.

Could it be that the opponents of progress have so little ammunition to defend their untenable position that they must resort to name calling and personalities?

Let's analyze these so-called "new angles" in the school problem as Mrs. Larges expresses them: "A regional school was turned down by a vote of the people. Why can't proponents of a Regional School be good sports and accept that decision. Very poor losers, I say!" To have or not to have a regional school or later is not a sporting proposition! It is serious business. The future of a community can depend upon it. It's so serious that thoughtful men and women like Bernard Baruch, Mrs. Franklin D. Roosevelt and the Eisenhower have summoned up the problem; "proper education is more important than our first line of defense."

Mrs. Larges says: "proponents of a new regional school are poor losers." A temporary delay in having a community need, by an unenlightened public, is not a loss. More facts are necessary, were would America be if all its men and women quit after only one attempt to solve a problem?

Next she says: "Mr. Boyd has quite a lot to say for a newcomer. Why did he come to North Brookfield if he is so dissatisfied with everything in town?"

Perhaps Mrs. Larges is clairvoyant and knows why Mr. Boyd came to town? However, I don't think she knows either why he came or why he has things to say. May I suggest, New England is the happy, democratic place it is because of free speech, freedom of assembly, and the right to live where one pleases regardless of opposition and criticism.

Mr. Boyd probably finds many nice things in North Brookfield, but should he be condemned for trying to suggest improvement? In business, in a community, or in anything we stand still. We must either go backward or ahead!

It's contended that "Mr. Allen Chase is attempting to put the town into a debt it will never get out of, and that Mr. Pierce should not be concerned about school conditions." Some people, Mrs. Larges, hold that the welfare of their community and the happiness of their children, are more important than money. Some people get unselfish pleasure from sacrificing to give their children more than they have themselves. Perhaps the community indifference to better things stems from their lack of something better to compare it with. A visit to any new school like the one in Sturbridge, or the one in Upton cannot help but make intelligent people dream of better things, and then do something about it.

Better schools build better communities! They do not put towns "on the rocks," they cause them to grow and prosper.

Could it be that an apathetic seven man school board is unwieldy and inefficient? It's far better to have five interested members than seven, some of whom stay away from meetings! School Board members cannot be dropped, their terms must expire. In my humble opinion school board members are supposed to be interested in schools, regional or otherwise. ONLY ONE QUESTION

"The one question for us to decide is, whether our boys and girls who have the right to a well-rounded education in a safe, adequate school building, also have the right to this education and this safe, adequate school building NOW while they are still children."

To the Editor Sir: It has been stated that there are two roads out and in to North Brookfield; the one leading out for those who do not like the present school conditions.

It is very true that there are two roads; the one leading in could be lined with future citizens seeking homes in a nice town like ours. If there were proper school facilities (one of the first requisites which a family considers when buying or building a home) the town could prosper and grow by these additions to the tax roll. Or, the road leading out of our town can be lined with former citizens seeking better educational facilities for their children. The result is a heavier burden than ever on those not interested in the future of our youth when weighed against the almighty dollar.

Families can be brought into the town or driven out, it is up to the attitude taken by the minority against the majority who up to this time have been silent. The last vote on the regional school question did not represent the true picture, for the majority are becoming more and more familiar with the facts and seriousness of our present school situation. There is no doubt that if the vote were taken again the intelligent citizens of North Brookfield would overwhelmingly vote for a regional school now that they can see more clearly the only answer to our problem.

Using a saying from one of our leading television programs, "it is better to build boys than to mend men," proper education involving modern up-to-date educational facilities can make or break the youth of today and the men of tomorrow.

SPENCER

February 19, 1951

Mr. Walter Pott, Chairman, School Investigating Committee, West Brookfield, Massachusetts, Dear Mr. Pott:

I am writing to put on the record the advice of this office regarding the school site problem in West Brookfield, both Mr. Doherty and I have worked with you on this problem in the past; Mr. William E. B. of the office visited the site on February 14.

The Smith property seems by far the best of the ones we looked at. It is well located, its topography is suitable, and adequate area is available. I understand that 30 acres or more could be acquired, which would be suitable for the school.

Either the Allen property or the McCreary property would be approved by this office if the town could agree on one of them. They are however in my opinion less desirable, especially in area.

The school street property, while suitable from the viewpoint of location, has nothing else to commend it. It should not be considered further as a site for new school construction, because in the future it would be below the minimum standards acceptable to this office for a state construction grant.

Very truly yours,
JOHN E. MARSHALL
Administrator

North War Memorial Committee Seeks Final Honor Roll Changes

NORTH BROOKFIELD — An important meeting of the War Memorial Committee will take place next Wednesday evening in the Selectmen's room at eight o'clock with Chairman Henry F. Gregory presiding. All members of the committee are urged to be present in order to complete the list of names for the memorial plaque about to be submitted for casting purposes. The World War II honor roll was printed in this paper and copies distributed to every family in town. Also, posters carrying the names of all veterans are in all stores for the purpose of rectifying any mistakes or omissions. Last minute changes should be reported immediately to any member of the War Committee for final approval will be given on Friday next. The granite stone weighing in the vicinity of 17 tons is now being quarried in Vermont with the bronze plaque to be cast in Ohio. The date for dedication is a question mark at the present time but will be announced in this paper when all details have been completed.

WARREN

The members of Boy Scout Troop No. 142 realized about \$100 on their waste paper and scrap drive. They hope to earn enough to send the troop to Treasure Valley Scout Camp at Paxton. William M. Carroll is Scoutmaster and Herbert Roulise is assistant Scoutmaster.

The last of the Lenten services will be conducted at the Federated Church on Thursday at 8:15 P. M. Communion will be served and a candlelight service of dedication will be held. There will be special music at this time. Rev. Lester E. Evans is pastor.

Brookfields' Churches Unite in 4-Week Cantata

NORTH BROOKFIELD — The choir of all the churches of the Brookfields will unite in singing the Easter Cantata, Christ Victorious, by Roy E. Nolte, in the Brookfields for four Sunday evenings. The cantata is by Franklin Drake, East Brookfield Baptist church; Mrs. Jeanette Carr, Brookfield Congregational church; Mrs. Mary Harrison, West Brookfield Congregational church; Ted Hopkins, North Brookfield Congregational church; and Mrs. Nina D. Wasall, organist of East Brookfield Baptist church. Solists will include Miss Eleanor Lane, North Brookfield Congregational; Mrs. W. Lewis Ayers, Brookfield Congregational; Mrs. William L. Boyd, West Brookfield Congregational; Herbert and Roger Varum, North Brookfield Baptist; and Mrs. Arthur Gauthier, East Brookfield Baptist. The first of the four services was held at the Brookfield Congregational church last Sunday evening.

Major Cavanaugh Heads Army Unit

NORTH BROOKFIELD — Major Gordon M. Cavanaugh of Walnut street has been appointed Executive Officer of the new Army Organized Reserve unit of Worcester County with headquarters in Worcester. The 433d Signal Aviation Light Communication Battalion is the last of the new units to be organized in the city, according to Lt. Col. Harry H. Day, commanding officer of the Worcester Branch, Army Organized Reserve Corps. Major Cavanaugh was graduated from North Brookfield High School where he received a medal for outstanding work in Science and Mathematics. He enlisted in the Signal Corps in 1942 and from the Officers Training School in Fort Monmouth, New Jersey. Also he is a licensed amateur radio operator and well known in the community.

BROOKFIELD

John L. Hughes of Boston, formerly of Kimball street underwent an operation at Peter Bent Brigham Hospital, Boston Saturday, and is reported as recovering rapidly.

Word was received this week of the death of a former resident, Mrs. Ellen F. (Buckley) Mahoney in Natick. The funeral was held Saturday with a high mass of requiem celebrated in St. John's Church. Burial was in St. John's Cemetery, that city.

The monthly Neighborhood Supper sponsored by the First Unitarian church will be next Monday evening at 6:30 o'clock. A fried chicken supper will be in order. The committee is Mrs. Frieda Taylor, Mrs. Annette Brown and Mrs. Mabel Wambach. There will be an entertainment directed by Mrs. Ethel Balcom. Later the Parish Committee meets.

The athletes of North Brookfield High went out in full force last Sunday during the hours from 10 a. m. to 2 p. m., collecting papers and magazines for benefit of the athletic team.

Religious Film At West Church

WEST BROOKFIELD — The highlight on the Protestant religious calendar for the Holy Week will be held tonight (Thursday) at eight o'clock. The feature-length motion picture, "The Pilgrimage Play," now in technicolor, will be presented by the Congregational Church of this town and New Braintree and the West Brookfield Methodist church.

The public is cordially invited to attend this inspiring service to be held in the Congregational church. No admission charge. Will be made, but a charity offering will be taken to help defray expenses.

Streamlined Design, Storage and Step-saving Features Rate High

By NANCY COOK—ANS
In answer to the housewives' need for less bulk and more efficiency in home cleaning appliances, the new vacuum cleaners have reached a peak in improvement and refinement. One model, which goes far in solving limited closet space problems of modern homes, is styled by Raymond Loewy Associates, leading industrial designers, for the Singer Sewing Machine Company. It can be hung on a wall in the smallest closet and takes up no floor space. The lowness of this light-weight cleaner (only five inches from floor to top of motor housing) makes it possible to clean under low pieces of furniture without moving them.

Another labor-saving feature, is the machine's cord control which, at a touch of a button winds up, saves bending and straightening usually necessary when cord is wound or unwound. This cord control also does away with endless switching motions needed to get slack cord out of way of the cleaner.

The athletes of North Brookfield High went out in full force last Sunday during the hours from 10 a. m. to 2 p. m., collecting papers and magazines for benefit of the athletic team.

Can be hung on small broom closet wall.

Cord reels inside of machine automatically.

"Fountain-pen height" permits cleaning under low pieces of furniture.

Candle Light Service Sunrise Pageant At Baptist Church

EAST BROOKFIELD — Good Friday will be observed in the East Brookfield Baptist Church with a candle light communion service, at 7:30 p. m. Sermon by the pastor, Rev. Arthur and the service will be the devotion of the Way of the Cross and Veneration of the Cross. Saturday morning classes in Christian Doctrine will be omitted. At 8:15 in the morning there will be blessing of New Fire, Paschal Candle and Baptismal water etc. High mass will be celebrated at 7 o'clock. Confessions will be heard at 4 and 7:30 p. m.

Special Communion At North Church

NORTH BROOKFIELD — A Communion Service on the anniversary of the Last Supper will be held in the Congregational church on Thursday evening at 7:30 p. m. with Rev. J. Roy Packard officiating. The service will be held at 7:15 the following evening. The members of the Pilgrimage Fellowship will hold an Easter Sunrise Service on Crocker Hill at 5:45 Easter Sunday morning. At 10:45 the usual Easter Sunday service will take place in the church. Mr. Charles Currie of Worcester before ten o'clock in the forenoon on the tenth day of April 1951, the return day of this citation.

Witness, CARL E. WAHLSTROM, Justice of the Peace, said Court, this fourteenth day of March in the year one thousand nine hundred and fifty-one, F. JOSEPH DONOHUE, Register.

North Triplets Observe 83rd Birthday

NORTH BROOKFIELD — Triple congratulations go to Faith, Hope and Charity, native daughters who are the oldest living triplets in the city. They are, Annie Faith MacDonnell, Ellen Hope Daniels and Nora Charity Murphy.

The women are the daughters of the late Daniel and Ellen (Haley) Coughlin, who were natives of County Cork, Ireland. They gained their early education in the schools of the North and attended their mother's school in the city. They are now wearing different colored heads. The colors were red for Annie, white for Nora and blue for Ellen.

The triplets were neighbors of the "Baron of Broadway," the late George M. Cohn, who needs no introduction to local citizens.

They received their first taste of publicity when at the age of six (Continued on Page 4)

Leslie Moore, well known news commentator was the guest speaker last Monday night at the Monday Club meeting.

Miss Winifred Sloane of New York spent Easter with her sisters, the Misses Mary, Margaret and Julia Sloane of 10 Ash street.

Protect stream banks. Riprap raw banks with loose stone or masonry rock. Slope and plant to vegetation.

"We've driven our 5 Dodge cars over a million miles"

Depend on it! This great new Dodge will see you thru the long pull ahead!

IN TIMES like these, it pays to own a car you know is engineered through and through to stand up better, serve you longer at lower cost. That's why we suggest you drive the car whose reputation for long life, ruggedness and stamina is recognized the world over.

Spent 5 Minutes With Us. Come in today. Five minutes is all it takes to check and compare. . . to learn how much more Dodge dependability can mean to you. Learn how you could pay up to \$1,000

more for a car and still not get all the extra-value features of today's big, dependable Dodge.

SMOOTHER RIDE... longer car life. New Drift Shock Absorber system gives a truly new kind of ride. . . "Routs" you over roads that stop other cars. Reduces wear on vital chassis parts. Adds miles to car life.

ANGLING ANGLES

By Old HI

At last, fellows, the long winter is over! Out and about you'll be catching a few bait or lure into a few familiar stream meanders. . . . You'll be living it! It can't come too quick for me, I'll be a real fisherman by now that you feel the same way.

How about it? Is that a deal? You see, there's some mighty useful good coming your way in the days ahead. This'll put you "in the know" on the latest tackle and schemes for connecting with the wily game and pan fish you like to catch—in both fresh and salt waters.

Offhand, there's a tip on how to coax little trout, bass, perch, pike, muskies, salmon, and other lake and stream dwellers into your net, what sizes and patterns of wet and dry flies to use under different situations, how to give you greater speed, how to get a bigger kick out of trolling, how to make your tackle give you better service, and many more angles.

Besides that, Old HI is always ready to help with any questions or problems on fishing you may have. Perhaps you'll be wondering, "What fish might be stocked in a farmland pond, how to make your pond more productive, why your bait or fly casting hasn't been reaching out far enough, what rod and reel should be chosen for your particular needs, or something else.

Just cast a few lines to Old HI, in care of this newspaper, and I'll try to see you right on your puzzle. Be sure to explain the situation fully, though, so that a suitable answer can be given. And make certain to print your name and address plainly. A pile of letters reached Old HI last year, from every corner of the nation, and I'll look forward to hearing from you again this season. Hundreds of you from coast to coast wrote in for free copies of Old HI's booklets called "Fishing For The Millions" (on fresh water angling), "Salt Water Sports Fishing" (covering the Atlantic and Gulf of Mexico seashores), and "Pacific Coast Fishing." A fresh supply of these booklets is on hand, and those of my friends who not yet have their copies are invited to write in for them. Just send a penny postcard to me, by way of this newspaper, and I'll be glad to mail you any of these well illustrated booklets you want.

In the meantime, fellows, we've got a lot of things to do to make ready for the opening day of trout fishing. Right now we should dig out the tackle box from winter storage and clean, oil and tune each article. It holds. I'll have more to say about this important job next week. See you then.

The Spring meeting of the Greenfield Union will be held in Palmer on Sunday, April 16th beginning at 4:00 p. m. The annual Spring meeting of the Brookfield Association of Churches and Ministers will be held in the Barris Congregational Church on Sunday, May 6th.

The tax rate for 1951 has been announced by William M. Stevens, chairman of the Board of Assessors to be \$50 a thousand, which has been approved by Tax Commissioner Henry F. Long. The tax rate for the past two years has been \$48 but due to added appropriations voted at the annual adjourned Town Meeting of \$21,000 this tax increase was necessary.

The Water Board at their annual meeting organized with Mr. Philip Prizio as chairman, and George A. Putney as clerk. Mr. Romeo Felleci has been reappointed as water superintendent.

IN ELECTRIC POWER CAPACITY SINCE WORLD WAR II

Today your business managed electric companies are ready with 41% more electric power for New England's use than was available at the end of World War II. By the end of next year that figure will be upped to an increase of 61%. And beyond that, still further huge additions to New England's electric power supply are on the way—to keep New England first in electrical and industrial preparedness.

Defense Bonds Will Start To Mature In May 1951

North Brookfield

An overflowing crowd attended the annual Easter supper sponsored by the Women's Guild of Christ Memorial church that was served in the Guild rooms on Tuesday evening. The usual menu of salads, ham, rolls, layer cake and coffee appealed to everyone for two servings were necessary. The general committee consisted of: General Chairman, Mrs. David Hayes; Tickets, Mrs. George Banks; Dining Room, Mrs. Harry Smith; Mrs. Myrtle Hanson, Mrs. Edward Varum, Miss Myrtle Harwood, Mrs. John Rapp and Mrs. Donald Crooks.

An unusual situation occurred last Friday when a truck owned by Joe Brusco, the plumber went out of control while parked on the steep grade on Stoddard Court. Due to an accumulation of ice the truck with brakes secured veered down the hill, coming to a sudden stop when the top of the cab got hooked on the porch owned by Ernest Lange, thus preventing damage to the truck as well as to houses below.

EAST BROOKFIELD — Mr. Arthur LeDoux, town chairman of war bond sales, has received the following release from the United States Treasury Department, in regard to the Treasury's plan for handling maturing Series E Savings Bonds beginning May 1st.

"It is well to restate the main points of the maturities legislation which our holders of Series E Bonds, now known as Defense Bonds, will have the choice of (1) accepting cash, if he so desires; Bonds are cashable at any time after sixty days; or (2) continuing to hold his present bond, with an automatic interest bearing extension. Owners who exercise this extension privilege will receive 2 1/2 per cent simple interest for all or any part of the next 7 1/2 years; interest during the final 2 1/2 years of the extension will bring the total interest to 2.9 per cent compounded; or (3) exchange his matured bond for a current income Savings Bond of Series G."

Mr. LeDoux suggests that holders of Savings Bonds check their holdings, and avail themselves of the privileges as outlined by the Treasury Department.

Slip Cover Class At Podunk Chapel

EAST BROOKFIELD — On April 10th in the Podunk Chapel there will be a "slip cover class" under the sponsorship of the Worcester County Extension Service, from 10 a.m. to 3 p.m. with Mrs. Robert Lane acting as tutor. The class will be held in the Podunk Chapel, 100 Main Street, West Brookfield, Mass. The class will be held in the Podunk Chapel, 100 Main Street, West Brookfield, Mass. The class will be held in the Podunk Chapel, 100 Main Street, West Brookfield, Mass.

On April 9th and 16th meetings conducted by the Worcester County Extension Service, will again be held in Memorial Hall, Y. W. C. A., in Worcester, on "Meeting the Challenge of the Middle Years" and the speakers will be Dr. Henry L. Kirkendall of Worcester, Miss May E. Foley and Mrs. John E. Bell of Worcester and Miss M. May Larson of the University of Massachusetts.

Mrs. Robert Lane of this town announces that the following ladies have signed for this course: Mrs. Albert Surprenant, Mrs. Howard A. Drake, Mrs. Charles Elder, Mrs. Robert Wakeman, Mrs. Homer Courtenay, Mrs. Wm. Bachman, Mrs. Herbert Batchelder, Mrs. John Thomas, Mrs. Clyde Fletcher and Mrs. Robert Lane.

The final figures for the sale of health seals campaign for this town total \$165.87. This money has been turned over to the Southern Worcester County Health Association, who desires to thank the people of East Brookfield for their generous contribution.

The regular monthly meeting of St. Ann's Sodality was held on Tuesday evening, April 3rd. Plans are in order for a whist party to be held at a later date this month. The date for the same together with the committee will be announced in our next issue.

The public initiation of new candidates for membership in Adams-Cony-Frew, A. L. took place in the Legion rooms at the town hall last Sunday afternoon. There were eight candidates and following the ceremonies, there was an entertainment and refreshments were served.

Sgt. William A. Doyle, Signal Construction Co. of Seattle, Washington, was granted an additional five day leave to permit him to see his younger son's name removed from the danger list at Mass. General Hospital in Boston and returned to his own home at Church St. Little Stephen swallowed a bolt, which lodged in his bronchial tubes, necessitating a delicate operation for removal. Sgt. Doyle will return to duty this Thursday.

THE CENTRAL IDEA

Things you'd like to know about your Railroad

Your Railroad's 125th Birthday

NEW YORK CENTRAL SYSTEM

SOURCE WITH A DREAM was George William Featherstonhaugh. On April 17th, 1826... brief moments after Britain launched the world's first steam train... he won from the New York Legislature a charter for a railroad between Schenectady and Albany... the start of New York Central!

FIVE YEARS LATER, that pioneering dream came true. The 16-mile Mohawk & Hudson Railroad was complete. And its first locomotive... the American-built DeWitt Clinton... pulled a trainload of notable over the line, showing them liberally with sparks all the way!

PIONEERING AGAIN, in the 1850's, Central exposed new rails and luxury... Its Empire State Express, with Engine 999, set a world's record of 112½ miles an hour... the new New York Central brings the story up to date. Miles of streamlined coaches and all-room Pullmans. Smooth new Diesel-electric power. A fleet of 500 new freight cars. A multimillion-dollar program to keep your Railroad 125 years young! For that is the CENTRAL IDEA.

The "East" Story

Being a chronicle of the founding of East Brookfield, the youngest town in the Commonwealth.

By George A. Putney

The last few articles of the East Story have had to deal with the general meeting of the citizens and the appointment of a general committee to seek separation from Brookfield and the formation of a new town. It will be remembered that the first meeting of the citizens took place Nov. 17, 1919.

This was followed by the choosing of a general committee, sub-committees, the hiring of lawyers, the filing of the bill in the legislature, and all such matters as pertained to the question of forming the Town of East Brookfield.

In a matter of four months from the first meeting of the citizens to the passage of the bill creating the new town a lot of work was done. Meetings of lawyers, meeting of sub-committees, acquiring of funds to pay for the necessary labor, required the combined effort and cooperation of everyone in the East village who desired such separation.

The bill accompanying the petition of Emeratus H. Stoddard and others that a portion of the town of Brookfield be set off and incorporated as the town of East Brookfield was called House Bill number 152, and was heard before the committee on towns on January 9, 1920. Apparently the bill was so complete as to detail, and so well worded that no opposition developed, and was passed by Governor Calvin Coolidge on March 24, 1920. Thus began a new era for the youngest town in the Commonwealth.

Next article will deal with the provisions of the bill, article by article.

The annual Red Cross membership drive is on in a big way with nearly high school girls of N. B. High canvassing the town for donations with the local goal set at \$1000. Chairman Clyde W. Smith and Red Cross Chairman, Martin D. Leach are directing the drive.

The solicitors include: Sheila Collins, Ellen Higdon, Mary Lane, Patricia, and Mary Leach. Betty Ann McCarthy, Jean Herard, Jean Wolander, Helen Ryan, Helen Mahan, Shirley Howard, Theresa Foley, Helen Kowal, Rose Janara, Sally Carey and Mary Lou Lyons.

Let's do our part and put the North over the top!

A special meeting of the Grange took place in the historic hall Thursday evening with Master Holis Jaquith presiding. Neighbor's Nite was observed with Lectures from Hardwick, Ware, Auburn and Shrewsbury attending. Inasmuch as these particular Grange meetings are held on Thursdays this special meeting was called so all could get together. The social program was in charge of Lecturers, Mrs. William Boyd.

The town was shocked to learn of the sudden death of a former well known resident, John O'Hare in Bridgefield, Conn., last Tuesday. He is survived by his wife and two daughters. Ralph Blackmer of Union street attended the funeral. Mr. O'Hare lived for several years with his family on Summer street, where he was well known.

He was instrumental in forming the Chamber of Commerce, directed several minstrel shows for the Men's Club of the Congregational Church and was in charge of Fourth of July observances.

Little John Philip Doherty observed his first birthday in the home of his parents, Mr. and Mrs. Philip H. Doherty on Forest St. last Tuesday night with his grandparents, Mr. and Mrs. Harry Stone attending.

Jay C. Griffith of King St. left Monday for Downs Grove, Illinois to visit her daughter and son-in-law Mr. and Mrs. William Ellsworth and family.

A birthday party was held in the home of Mr. and Mrs. Bernard Kerrevic of North Common street last night.

It is with sincere regret, townspeople learned of the death of Mrs. Walter E. Doherty, 81½ High street as librarian of Merriam Public Library, on May 1st. Two years ago she accepted the position following resignation of Miss Helen Seely.

Chinchillas—That's Gold in Their Fur!

Nestled in the beautiful Shenandoah Valley, at New Market, Va., is the Greer-Hale chinchilla ranch, second largest producer of the world's most valuable fur-bearing animals.

Chinchillas are worth their weight in gold. A pair of chinchillas start at \$35.00—hardly a bargain basement item—with the top around \$100.00, and are undeniably rare.

Trapped by the Chinese Indians in the Andes Mountains hundreds of years ago, chinchillas were introduced to this country in 1923 when 11 of the little animals were brought here from South America. This was the nucleus of a great new industry, but there's still no large-scale commercial use of the fur, nor will there be until the chinchilla population reaches a level permitting such operations.

Sold for breeding purposes, chinchillas command \$1,500 to \$1,800 a pair. The Greer-Hale ranch, with a respectable inventory of more than 700 pairs, ships several hundreds annually to all parts of the United States, Canada and Europe.

Careful planning went into the substantial but handsome ranch building which protects this million-dollar investment. A warm, dry shelter, providing proper ventilation was essential to the health and well-being of the precious chinchillas. Fire safety was equally important.

These requirements were met by building the structure of fire-resistant asphalt shingles. This combination also achieved another objective—an attractive appearance, harmonizing with the coloring of the rolling Virginia countryside. The roof of dark green blends with the natural red tile walls and white trim. Standing out against a panel of even darker green shingles, white letters proclaim the name, Greer-Hale Chinchilla Ranch.

Unique is the chinchilla. It has a head like a rabbit, tail like a squirrel, stands on its hind legs and its actions are suggestive of a kangaroo. The silvery gray fur with blue undertones is incomparable in beauty and durability. It's softer than a baby's skin, spidier web than a spider web, so soft that it can be touched without "feel," weighs the same as a yard of pure silk.

Chinchillas mate at an early age and, if permitted, stay together for life. Papa chinchilla helps with the babies, but you know who's boss. Born with their eyes open, the little ones walk immediately. Litters number one to four, but two is the average. Among the cleanest animals in existence, chinchillas take daily baths. Herbivorous, they live on small prepared pellets of grain costing an average of \$2 per year per animal.

Owners of the flourishing enterprise at New Market are Dr. E. Hale and W. W. Greer, Jr., the former a dentist who continues to practice his profession "for the love of it" in a West Virginia coal mining community.

One of the pioneers of chinchilla raising in this country, Dr. Hale served as national director of the industry for seven years. He occasionally applies his dental skill to the chinchilla business, one of the little fellows is discovered to have a defective molar.

KEROSENE REMOVES STAINS. Kerosene can be rubbed off sinks, bathtubs, wash basins and other fixtures to remove staining. A scratchless cleaning powder or a paste made of kerosene and powder, also is effective. But chemicals never should be used because most fixtures are coated with enamel, which would be damaged.

FISHING LICENSE SALES DECLINE. Figures recently released by the Government show a decline in all of the ten leading states, but the revenue is up to higher fees in many of them. Licenses sold 1949-50 totaled 15,337,758 which was a drop of 140,812 from the all time high of the year previous. The total sales \$34,018,009 broke all records. The previous high was \$32,657,940 for the fiscal year ending June 30, 1949. Michigan led with 1,050,756 licenses, California was second with 995,830.

DEER LEAP-BEAUTIFUL SCENE-BEAUTIFUL LEGEND. Deer Leap, is the name of a place on the Current River in Missouri, and a companion one day told me how it legend its name. Fishermen close by one day viewed an unforgettable tragedy. There is an immense, high bluff towering over the river and as they came in sight they saw a large buck deer, with a magnificent spread of antlers, being held at bay by a pack of deer hounds. The buck had his head lowered and was meeting the head-on onslaughts of the pack of dogs. They could only attack him from the front and the two sides because he was perched back of the deer. First one hound would charge him, then another. Slowly, inch by inch, he gave ground and, realizing it was death from either quarter, he turned and leaped over the precipice. Write to me in care of this paper.

Nestled in the beautiful Shenandoah Valley, at New Market, Va., is the Greer-Hale chinchilla ranch, second largest producer of the world's most valuable fur-bearing animals.

Chinchillas are worth their weight in gold. A pair of chinchillas start at \$35.00—hardly a bargain basement item—with the top around \$100.00, and are undeniably rare.

Trapped by the Chinese Indians in the Andes Mountains hundreds of years ago, chinchillas were introduced to this country in 1923 when 11 of the little animals were brought here from South America. This was the nucleus of a great new industry, but there's still no large-scale commercial use of the fur, nor will there be until the chinchilla population reaches a level permitting such operations.

Sold for breeding purposes, chinchillas command \$1,500 to \$1,800 a pair. The Greer-Hale ranch, with a respectable inventory of more than 700 pairs, ships several hundreds annually to all parts of the United States, Canada and Europe.

Careful planning went into the substantial but handsome ranch building which protects this million-dollar investment. A warm, dry shelter, providing proper ventilation was essential to the health and well-being of the precious chinchillas. Fire safety was equally important.

These requirements were met by building the structure of fire-resistant asphalt shingles. This combination also achieved another objective—an attractive appearance, harmonizing with the coloring of the rolling Virginia countryside. The roof of dark green blends with the natural red tile walls and white trim. Standing out against a panel of even darker green shingles, white letters proclaim the name, Greer-Hale Chinchilla Ranch.

Unique is the chinchilla. It has a head like a rabbit, tail like a squirrel, stands on its hind legs and its actions are suggestive of a kangaroo. The silvery gray fur with blue undertones is incomparable in beauty and durability. It's softer than a baby's skin, spidier web than a spider web, so soft that it can be touched without "feel," weighs the same as a yard of pure silk.

Chinchillas mate at an early age and, if permitted, stay together for life. Papa chinchilla helps with the babies, but you know who's boss. Born with their eyes open, the little ones walk immediately. Litters number one to four, but two is the average. Among the cleanest animals in existence, chinchillas take daily baths. Herbivorous, they live on small prepared pellets of grain costing an average of \$2 per year per animal.

Owners of the flourishing enterprise at New Market are Dr. E. Hale and W. W. Greer, Jr., the former a dentist who continues to practice his profession "for the love of it" in a West Virginia coal mining community.

One of the pioneers of chinchilla raising in this country, Dr. Hale served as national director of the industry for seven years. He occasionally applies his dental skill to the chinchilla business, one of the little fellows is discovered to have a defective molar.

KEROSENE REMOVES STAINS. Kerosene can be rubbed off sinks, bathtubs, wash basins and other fixtures to remove staining. A scratchless cleaning powder or a paste made of kerosene and powder, also is effective. But chemicals never should be used because most fixtures are coated with enamel, which would be damaged.

FISHING LICENSE SALES DECLINE. Figures recently released by the Government show a decline in all of the ten leading states, but the revenue is up to higher fees in many of them. Licenses sold 1949-50 totaled 15,337,758 which was a drop of 140,812 from the all time high of the year previous. The total sales \$34,018,009 broke all records. The previous high was \$32,657,940 for the fiscal year ending June 30, 1949. Michigan led with 1,050,756 licenses, California was second with 995,830.

DEER LEAP-BEAUTIFUL SCENE-BEAUTIFUL LEGEND. Deer Leap, is the name of a place on the Current River in Missouri, and a companion one day told me how it legend its name. Fishermen close by one day viewed an unforgettable tragedy. There is an immense, high bluff towering over the river and as they came in sight they saw a large buck deer, with a magnificent spread of antlers, being held at bay by a pack of deer hounds. The buck had his head lowered and was meeting the head-on onslaughts of the pack of dogs. They could only attack him from the front and the two sides because he was perched back of the deer. First one hound would charge him, then another. Slowly, inch by inch, he gave ground and, realizing it was death from either quarter, he turned and leaped over the precipice. Write to me in care of this paper.

MRS. LENA CHRONIN

Preparations are underway for the annual Spring Festival sponsored by the Ladies Benevolent Society of the Congregational Church. The affair will be held in the church vestry the night of April 12th. This year there will be an entertainment as well as the fair.

Confessions will be held in St. Mary's Church Thursday at 4 and 7:30 p.m. Friday, Holy Communion will be distributed at 6:15, and mass celebration at 7 o'clock. Confessions will again be heard at 8 and 7:30 Saturday p.m. Classes in Christian Doctrine will be omitted Saturday. Sunday morning the masses will be celebrated at 8 and 10 o'clock, the latter a high mass.

The service of worship in the Unitarian Church Sunday will be at 10:45 o'clock with Rev. Douglas Morse officiating. Sunday School will meet at 9 o'clock.

The service of worship in the Church of Christ, Fiskdale road will be at 10:45 with Ainsworth Adams in charge.

Miss Katherine Derrick of Lenox was the guest this week of Miss Helen Derrick, Sherman St. Sr. Sgt. James E. Cronin, Northampton State Police Headquarters is passing the week at his home on Kimball street.

F. Theodore Hopkins, music supervisor, in the schools here has written an opera entitled "The Months of the Year." The play in the Blanchard School will present it as a feature of the Talent Show being sponsored by the High School in the Town Hall tonight (Thursday) at 8 o'clock.

The advance sale of tickets indicates a capacity house. Money realized on the Talent Show is for the fund for the senior class trip.

Richard Goddard of Lincoln St. will serve as chairman of the school board this year. Other members are James LeRoy and Linoff A. Bassett.

HAPPY HUNTING and FINE FISHING

By Lee Matthews

UNIQUE APPROACH TO SAFER HUNTING
John O. Harrison, assistant director of the Philmont Boy Scout Camp in Cimarron, New Mexico writes that the boys there are taught hunting safety by actual tests in the woods. Each station consists of a mock-up involving either a mounted deer (illegal) or a buck deer with illegal antlers, or so placed that a shot would endanger another hunter. The station that caught 70 percent in the trail test consisted of a mounted deer head with ten points and a deer skin. The head was placed in the tree in a fork about six feet from the ground. The skin was draped around the neck and could be seen through the branches. A man was carefully concealed behind the tree and after the hunters had made their decision as to whether they would shoot or not and had started toward the tree the man would step out and greet them with "Have you seen that guide of mine with a pack horse? He left me here about four hours ago to bring the horse and he has not returned yet." The instructor with the group then explains the danger of hanging a deer in a tree and then sitting near it as to whether they would shoot or not and had started toward the tree the man would step out and greet them with "Have you seen that guide of mine with a pack horse? He left me here about four hours ago to bring the horse and he has not returned yet." THE EDUCATIONAL FORUM

Readers throughout the area are urged to write their opinions
on the all-important school problem. Letters must be signed
but signatures will not be published if so desired.

NOTE - The following is a report
of the chairman of the school
visiting committee appointed at
a recent meeting of the Citizens
Committee for Better Schools.

Lakeview Road
North Brookfield, Mass.
March 31, 1951
To the Editor:

I was recently afforded the op-
portunity to observe the school
visiting committee. This com-
mittee, in the North Brookfield
High School with the school in-
vestigating committee appointed
by the selectmen, to consider state
assistance for building an addition
to the present high school.

After reviewing the proposal
Mr. Marshall said that he could
not justly approve state funds
for building an addition to the
present school building. This came
as a disappointment to those mem-
bers of the committee present to
hear the discussion who were
Francis Rooney, chairman; Louis
Cone, vice chairman; Fred Grant,
Donald Crooks and Lewis King John An-
derson, the other member of the
committee was absent because of
being in Michigan on business.

This committee was to have re-
ported in a balance sheet form
February 15, then March 22 on the
comparative costs, curriculum,
capacity, State Aid and location
of an addition to the present
school, a school just for North
Brookfield and a Regional School.

It is expected a special town
meeting will be held soon to hear
this report.

North Brookfield

Principal H. Deane Hoyt of No. Brookfield High School announced this past week the four graduation speakers in June. They are: Theresa Foley, Marion Letourneau, Helen Ryan and Catherine Tucker. They were selected for the four years at the local high school. The above named girls have taken an active part in the school activities and are popular with their classmates.

Local teachers in the public schools are attending a course for First Aid instructors sponsored by the Red Cross in Hodgekins school in East Brookfield. Mrs. Louise Ringard Mich is the instructor for the Monday night classes.

Edward Harding, SA who recently graduated from the Newport Training Station and assigned to Virginia Beach, Virginia is now enjoying a 15 day leave at the home of his parents, on West Brookfield road.

The Red Cross membership drive has been extended for another ten days according to Martin D. Leach to afford those who have not signed up an opportunity in the closing week. The quota for the town has been set for \$1000 with only about two-thirds raised to date. The extension of time may bring additional funds which might bring the North over the quota. Anyone wishing to donate are asked to contact Clyde W. Smith on Gilbey street or you may leave your donation at the drug store on Main street.

Eugene Reed, member of the Board of Health and Library trustees is ill in his home on Probet street. He was prop. of the town's only drug store on Main street for many years before he retired from business.

ANGLING ANGLES

Boys, mighty soon now we'll be steppin' quietly along the stream banks, swinging our lures to the lure of fall-fishing speckled trout. How hard one of those glass brook trout, rainbow, or cutthroat fish powered rascals will tug and race, and fight what a battle he'll wage on a light bamboo or glass rod!

Yes, fellows, that's just what we need for this season—a new bait and fly rod with suitable reel and line to match the hunky fish of brooding streams. What may we drop into the local sporting goods store today and check up on our needs and look over the new tackle on display?

There's an ideal "sportsman's rod" that comes in six lengths, made from flame finish tonkin bamboo. It's just right for bait or fly fishing in medium-wide, bumpy streams. The sections are 17 inches in length, so the rod will fit in any pack basket, or be carried in the pocket of a fishing jacket.

Then we find an all-purpose composite Black River rod, four foot long, with a 3 1/2 inch diameter, and a 1/2 inch wall. You can fit it to all kinds of fishing. You can fit it to 1/2 inch, 3/4 inch, 1 inch, 1 1/4 inch, 1 1/2 inch, 1 3/4 inch, 2 inch, 2 1/4 inch, 2 1/2 inch, 2 3/4 inch, 3 inch, 3 1/4 inch, 3 1/2 inch, 3 3/4 inch, 4 inch, 4 1/4 inch, 4 1/2 CONSERVATION — WHAT IS IT?

It is well to admit at the start that this word is difficult to define in a short space. Let's start by mentioning what conservation is. For a long time, and even today to many people, conservation suggested the putting of some resource or some item under lock and key—the same thing as placing a book in a case and never allowing it to be read, even though it was an important book. This is not conservation.

Conservation is a friendly word. It is not a cold, remote word denoting a cold and remote science. People understanding conservation will treat their resources as they treat their friends, and will live in an era of neighborliness and freedom. We must all make the effort to learn that conservation affects the lives of every one of us, and that to be farmer, city dweller, manufacturer or housewife, conservation is part of our everyday life.

Conservation is the wise or proper use of a natural resource. It is so using this resource that it benefits the greatest number of people for the greatest length of time. If we want to maintain the strength and dignity of the United States, conservation must become a by-word. It must become a way of life. Conservation is good neighborliness. It is the right way—Wildlife Conservation Incorporated.

SCHAEFER BREWING CO.—1951 MOVIE LIST

The Schaefer Brewing Co. have put out the new list of films available for showing at sportsmen's clubs. The new list contains many added titles to the previous covering subjects on striped bass—game conservation—ice hockey—bowling—mounting of fish and game—and Bermuda. The list may be had for your club by writing to the P. and M. Schaefer Brewing Co.; Sportsmen's Division, 430 Kent Ave., Brooklyn 2, N. Y. There is no charge for the use of the film and every club should see to it that it goes. The boys in the sportsmen's division really give the clubs swell service, believe me, I know. They have sent me film for several club showings lately. Make your meetings more interesting with good movies.

MAINE SEEKS TO REDUCE HUNTING ACCIDENTS.

Seeking a common denominator behind hunting accidents, Maine officials assigned an Inland Warden to compile a complete analysis on the background of those who have done the shooting in accidents the past three years. Wayne Marsh is the man devoting full time to the job. The state considers accidents first on the list of major problems. It is believed Maine is the first of the big states to assign a man full time to such work. It is my firm belief it is a waste of money. Do most really know themselves the sport? One word, to my thinking is the key, "ignorance," or lack of education in the rules of proper gun handling.

Ask Return of Pennies to Circulation

Nellie Taylor Rosa, Director of the United States Mint, today issued an appeal for the return to circulation of the millions of copper one-cent pieces believed to be stored in piggybanks, sugar bowls and bureau drawers of American homes. The release of these coins would obviate the manufacturing cost of replacing for new coins is expected to increase proportionately.

Director Rosa expressed the hope that banks, newspapers and other business enterprises will aid in the drive to restore hoarded pennies to circulation.
